## PERFECT SAFETY RECORD-1958

### NO HARVESTING IN JANUARY THE WEATHER WON'T PERMIT

This week was to begin the harvesting of the 1959 Sugar Crop for Kahuku and 93 acres of Field 20 was to be taken off so the field could be producing another crop as soon as possible.

But "old-man-weather" would not cooperate and he poured down rain, making the fields too wet to burn.

Field 20 will have to wait and be harvested along with the new crop when the harvesting season starts on March 25.

If the rains had held off, the plantation had expected to begin harvesting last Wednesday, Jan. 14. The plan was to take off as much of Field 20 as possible and if the rains did start, harvesting would stop until Spring.

The 1958 sugar statistics chart on the next page, shows a comparison with the Crop of 1957. This year's tonnage is smaller you'll notice. Some of the cane that should have been in on the count did not get harvested before the year closed. Remember? There was a sugar strike!

At the end of the year there were 171.20 acres harvested that were not ratooned and 11.75 acres harvested that remained to be planted. This is due to the late completion of the Crop plus wet weather which retards these operations.

These added harvesting and cultivation expenses will increase the costs of the 1959 Crop.

### AN EXTRA THOUGHT ON THAT SAFETY RECORD

Up to the time the last Safety Report for the plantation came out, there had been no lost time accidents in 412 days.

### PERFECT SAFETY SCORE KAHUKU'S FIRST--1958

Congratulations and a pat on the back to Kahuku Plantation. We've done it!!!! We have a perfect Safety Record for the entire year! No lost time accidents for 1958!

This is the first time in the history of the Company that we have operated without a LOST TIME accident. This is a remarkable record and one of which we can all be proud.

The non-lost time accident record is the lowest the plantation has ever had but, remember that strike again, our percentage per day might not compare so well with last year's.

A perfect Safety Record means that no income was lost due to accidents and no crippling injuries caused suffering and hardship to employees and families.

Four plantations have achieved perfect scores this year: Onomea on Hawaii, Waimea and Kilauea on Kauai, and KAHUKU.

### IT'S YOUR CREDIT UNION'S ANNUAL MEETING

and everybody hopes you will attend.

Date: Thursday, January 22, 1959

Time: 6:00 P.M.

Place: Kahuku High School Cafeteria

If you have attended one of the Credit Union dinners, you will not want to miss this one. Dinner will be served to those who make RESERVATIONS only.

See Dolores Ubando at the plantation office for your dinner tickets, during the hours of 12:00 Noon to 5:30 p.m. on Monday through Friday. Reservations will not be accepted after the close of business on Tuesday, January 20.

FINAL 1957-1958  
COMPARATIVE SUGAR & CANE YIELDS

	<u>1957</u>	<u>1958</u>
Total Tons Sugar	19,686.738	16,821.151
Tons Cane Per Acre	93.26	88.94
" " Per Ton Sugar	9.48	8.55
Tons Sugar Per Acre	10.90	9.38

NEW ACCOUNTING SYSTEM FOR OFFICE

The new system of accounting which has taken the office by storm during the past month is now firmly established as of January 1st.

All Supervisors and Department Heads are now turning their time in by the operation number instead of the abbreviated symbol.

It is quite complicated as first glance, and scares one, as some numbers roll into twelve digits. In time as people get used to the system the difficulties will be overcome.

The system is expected to give a better comparison of cost figures between the Alexander & Baldwin plantations.

In the meantime, "Cool Head the Main Thing".

STILL TIME TO JOIN '59 CHRISTMAS CLUB

Were you one of the 200 happy recipients of a Christmas Club check last year from the Bishop Bank?

If not, make sure you get one this year by joining the 1959 Club now. This is the time to start saving for a merrier Christmas. Drop in and select an account that will fit your needs.

This is a reminder on the banking hours:

Monday thru Thurs.: 8:00 a.m.-2:00 p.m.

Friday: 8:00 a.m.-6:00 p.m.

Closed Saturdays and on all legal holidays (federal and territorial).

DISPLACED PERSONS HAVE JOBS

Only one employee of the plantation has not yet accepted a permanent job on the plantation. He is working at a job but has not yet decided he wants to keep it for good.

Sipirino Lagua, the next to the last employee to be placed, has taken the job of seed cutter.

BLOOD BANK REPORT FOR KAHUKU

In very good condition is the Kahuku Blood Bank supply. There are 85 pints of the precious liquid available to members and their families.

Last June 22, there was a drive for blood donors and 72 pints were given.

Only 20 pints have been used since last June which leaves a nice balance.

We must remember that one serious illness or accident could take a good share of that supply. No offers of more blood would be turned down I'm sure.

UNION OFFICERS FOR 1959

These are the officers who have been elected to lead the ILWU Local 142, Unit 50, during 1959:

Unit Chairman ... Kazuo Marumoto

1st Vice ..... Santiago Ramos

2nd Vice ..... Mariano Tejada

Sec.-Treas. .... Max Suzuki

Trustee ..... Angel Ramos

Executive Board:

M. Tsukamoto ... Gilbert Valdez

Jiro Wakumoto ... Angel Adversalo

M. Watanabe ... Jose Canianes

S. Shiroma ... Frank Tejada

Isayas Mendiola

GET AUTO STICKERS THE EASY WAY

Your auto tax for 1959 may be paid at Kahuku or Hauula on Sunday, February 1.

Representatives from the town office will be at Kahuku Plantation office from 9:00 a.m. until 3:00 p.m. on that day and from 9:30 a.m. until 2:30 at Hauula.

NOTES FROM THE POST OFFICE

Postmaster Mako Nakamura has application blanks for dog and bicycle licenses and also Federal Tax forms 1040 & 1040A, for your convenience.

Effective February 1st, there is a 5¢ penalty plus the amount of postage due on mail that does not have sufficient postage attached.

If you receive such mail, you will be asked to pay the shortage plus the 5¢. If you refuse to accept such mail it will be sent back to the sender for this money.

STUDENT PANEL AT PTA MEETING

With Mr. Morgan as Moderator, a group of Kahuku High students will discuss problems that confront youth in our community and school, at the January PTA meeting on Monday, the 19th.

Problems such as "Do you think your teachers assign too much homework?" or "Does the community provide enough recreation for young people?" will be discussed by Karen Yamamoto, Margo Hirschi, Lincoln Furuya, Barbara Matsuura, Natividad Camit, Louis Santiago and Lloyd Suehiro.

Parents and teachers may ask questions after each question has been discussed by the group.

Be sure to come to this interesting meeting on Monday night.

PTA CARNIVAL REPORT

The net profit on the PTA Carnival is \$2764.21. Considering the financial status of the organization over the past years, this will be a sizeable sum to work with.

\$500.00 has been given to the school for bleachers for the athletic field.

\$300.00 goes to the school library to buy story books and phonograph records.

\$200.00 is to be added to an unspent sum contributed earlier by the PTA for equipment for the Elementary School play area.

This still leaves a nice balance for the PTA.

PROGRAMS FOR PTA MEETINGS

Mrs. Connie Pickett, chairman of the PTA Program committee has announced the following programs for the remaining meetings this year:

- Jan. Discussion on Teen-age Problems
- Feb. Elementary School Program--with a DPI Elementary Supervisor, Mrs. Beatrice Carter, as speaker.
- March - Open House
- April - Program by the Elementary School
- May Dinner-meeting--Election and Installation of officers. There will be music by the school band and chorus.

REMEMBER THE DATES OF PTA MEETINGS  
IT IS YOUR CIVIC DUTY TO ATTEND

TEEN AGERS, YOUR MANNERS ARE SHOWING

There is a Teen-age practice that is most annoying to adults and to other teen-agers who happen to want to use the telephone line that is sometimes tied up for hours with a yackety-yak that sounds like moron communication.

Yes, it would be nice if everyone had a private telephone line, but they cost more money and there are not enough of them to accommodate all the people who want them.

This is not the Editor's gripe; our line is relatively free. But it is a legitimate gripe and one you teen-agers should think about. I have been asked twice to write about this. Business, an illness or some other emergency makes a phone necessary at times.

It is against the law to refuse to give up the line if an actual emergency exists.

Telephone on the installment plan and an emergency call can get sandwiched in.

CIVIL DEFENSE WARDEN TRAINING CLASS

The Adult Education Division of the D.P.I., in cooperation with the Honolulu Civil Defense Agency is planning an island-wide series of training classes for Civil Defense Wardens for the purpose of (1) educating the public to prepare themselves in the event of a nuclear war and (2) training a nucleus group of men and women who could serve their respective communities in the event of other disasters.

One of these classes will be offered at Kahuku and is to be taught by Willard Kekaouha. The class will consist of 8 hours of 4 meetings.

Mr. Stranske asks that those interested in taking such a course please let him know as soon as possible as he hopes the class can be started January 26.

A WONDERFUL CHRISTMAS PRESENT

The Candido del Rosarios had a most wonderful Christmas surprise when they received a telephone call from son, Jerry and found that he was here on this island.

Jerry is in the army and working with his beloved electronics. He has been in the Orient, in many places and will next be taking training in Washington, D.C.

KAHUKU HOSPITAL AUXILIARY

It is enough to make you want a baby right now! Have you seen the nursery at Kahuku Hospital? There are lovely new fitted pink and blue sheets for the bassinets, and fitted waterproofs to go under, and little printed washable blankets to match the sheets, plus new outfits for the babies to wear. It is all adorable. And who did it? Helen Bader of course; the president of the Hospital Auxiliary.

-----  
There was an executive committee meeting of the Auxiliary on Monday morning at the hospital, where the baby things were presented. The staff joined in the "oohs and ahs", and immediately fitted out the nursery ready for a baby. Come on Ladies!

-----  
The Auxiliary is madly looking for a building to call its own. It may resort to buying some sort of a prefab from Honolulu.

If anyone has any ideas, let us know. The Auxiliary would like to put one up somewhere near the clinic, and have it open three mornings a week. In the meantime---the next Sale will be in the Clubhouse at the end of February.

-----  
The quarterly meeting of the Auxiliary will be held on Monday morning, the 26th of January at 10:00 a.m. We hope the women interested can get their washing done early that morning and try out this new meeting time, with coffee.

FRONK CLINIC IS NOT KAHUKU HOSPITAL

Frunk Clinic at Kahuku is a branch of Frunk Clinic in Honolulu and not just a part of Kahuku Hospital.

Kahuku Hospital is a Community, not a Plantation hospital. It is not connected to the Frunk Clinic either.

These two organizations are separate.

OUR SYMPATHY TO THE BARRETTES

Mrs. Barrett's brother, William May, who has been ill for several years, passed away on December 30.

Death is sometimes a blessed release to the ill one, but parting is sad for those left behind.

BROTHER AND SISTER DIE IN AUTO ACCIDENT

The community was shocked and saddened at the tragic accident that took the lives of Corazon and William Raboy just before Christmas. They were the children of Mr. and Mrs. Hermeneigildo Raboy.

Abraham Miram, who was riding with them, miraculously escaped with injuries.

As these young people were coming in to Kahuku from Tanaka's store, the car went out of control. It hit a pole just past the hospital road and wrapped itself around the pole. All three were thrown out.

Corazon, who was a Sophomore at the Church College died shortly after being taken to the hospital.

William, who graduated from K.H.S. last June and had just returned from six months National Guard Training, died on Christmas day.

We want the Raboy family to know that the plantation people sympathize with them in the loss of these two members of their family.

NOTICE OF NON-TAXABLE INCOME  
FOR ALL SALARIED EMPLOYEES

If you have been involved in a disability during 1958 where your salary was paid, you may have non-taxable income.

The Federal Income Tax Law provides for certain tax benefits for employees who are paid a salary by their employer during periods of physical disability.

Under this law any salary received for any period the employee is not working due to sickness or injury, is non-taxable, subject to a maximum limitation of \$100.00 per week and subject to a waiting period of one week, except when hospitalization is involved.

Any disability involving hospitalization, or any other sickness of more than 7 days duration should be reported to the Main Office. Please check your sick time for 1958 with the Main Office so that your sick pay exclusion can be correctly recorded.

NAGAI'S GRANDCHILD VISITS IN KAHUKU

Mrs. Dolores Nagai Yamashiro and her baby, Carl are visiting between the two sets of grand-parents' homes while her Lieutenant husband is attending school.

KAHUKU HONGWANJI MISSION

Jan. 18 Sun. 7:00 p.m. Hoonko. (Saint Shinran's memorial) Guest Speaker: Rev. B. Yamamoto of Kyoto, Japan.

Jan. 22 Thur. 7:30 p.m. Y.B.A. Service Speaker - Rev. K. Matsukuma, Honolulu.

Jan. 29 Thur. 7:30 p.m. Adult Eng. Ser.

Jan. 31 Sat. 5:00 p.m. New Year Party (General Membership Men)

Feb. 1 Sun. 5:00 p.m. Fujinkai (New Year Party--Ladies)

Feb. 5 Thur. 7:30 p.m. Fujinkai

Feb. 12 Thur. 7:30 p.m. Y.B.A. Service

Feb. 15 Sun. 7:30 p.m. Otaiya Service

Japanese Language School: Monday-Friday  
6:45 a.m.  
2:30 and 3:30 p.m.

KAHUKU METHODIST CHURCH

During two Sundays in January (11-18) the Methodist churches of Windward Oahu are holding a mission festival on "The Middle East". The programs begin in the afternoon at 4:30 at the Kailua Community Methodist Church.

Food, singing, speakers, films and discussion all on the Middle East will be presented.

A special meeting has been called at 7:00 p.m. on Feb. 4, Wednesday, for all those interested in the continuing life of the Kahuku Methodist Church.

This meeting is a result of the Quarterly Conference held last month with Dr. Harry Komuro.

Anyone interested in our Methodist Church is encouraged to attend.

ST. ROCH'S CHURCH NEWS

The installation of officers for the Filipino Catholic Club, Christian Mothers, and Holy Name Society will be held on Sunday, Jan. 25th.

Rosary and Benediction will begin in the church on that day at 6:00 p.m. and this will be followed by the installation and a social gathering in the Parish Hall.

A hekka dinner will be served at that time, and friends of the parish are cordially invited to attend.

Alaska Statehood stamps are now on sale at our P.O. Better get a supply.

DOES KAHUKU WANT A PROTESTANT CHURCH?

This question is not addressed to Kahuku Plantation--it's to YOU--to you Protestants who live in this community--to you who believe that any community is a better place if it has churches.

The Kahuku Methodist Church was started for Japanese speaking people, then evolved into the Filipino Church, then became a church for all nationalities.

Although the Methodist Mission Board has supported this church, people of many denominations have attended, taught in the Sunday School, played the organ, enjoyed its pot-luck suppers and felt that they were a part of the little church in "Main Camp".

During the war years, the church grew and army and civilian workers came to fill the pews and contribute their time and money. A new church and an electric organ came into being, under the leadership of the minister, our friend, George A. Young.

But now the "new church" needs repairs; the roof leaks, the pews are sparsely occupied. Finances are so low that the Methodist Mission wonders if they should move to more responsive areas. They wonder if Kahuku wants them out here.

Do you care? A few people do and are trying to figure some way we can keep a Protestant church in Kahuku.

Week-end residents of Malaekahana have Episcopal services in homes of that area when they can get a minister to come out. They evidently feel the need for attending church services.

Should the Episcopalians take over our church? Would you go to their services if they did? Would you attend and help if the church continued but moved to the Highway? Can you offer a solution to this problem?

There will be a meeting at the church on Feb. 4, at 7:00 p.m. Do come to it.

This poem is from the Ewa Hurricane. Most of us won't be recognized, I bet.

When Sunday comes I go to church!

I make this weekly visit

So that if I should be carried in

Our Lord won't say, "Who is it?"

GIVE NEW HOPE -- JOIN THE MARCH OF DIMES

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held a Turkey tournament on Sunday, Dec. 28 at the Kahuku Municipal Golf Course with the following scores:

35 members participated on this day.

Solomon Adams	85	20	65
David Kuni	81	14	67
Shorty Llanos	80	13	67
James Barientos	75	6	69
Wallace Okada	86	17	69

The Windward Golf Club held its monthly ace tournament on Sunday, Jan. 11 at the Kahuku Golf Course with following results for the day:

Simeon Domingo	85	20	65
Solomon Adams	82	16	66
Shorty Llanos	80	13	67
Felix Llanos	76	8	68
Gerald Tubal	Low Gross		72

The Club will hold a March of Dimes Benefit Golf Tournament with proceeds being donated to this Fund on Sunday, Jan. 18 with starting times at 8:30 a.m.

## KAHUKU JAPANESE ATHLETIC CLUB

On Sunday, Jan. 18, the last game of the first round of baseball will be played by Kahuku and Whitmore on our field, at 10:00 a.m.

This team is coached by Thomas Nakayama, and the score-keeper is Thomas Niimi.

The second round starts on Jan. 25, with Kahuku playing Waialua here. On Feb. 1, Wahiawa plays us and it is also to be on our diamond.

Feb. 8, Kahuku rests and on the 15th, plays Meisho at Haleiwa. The last game of Round 2 will be at Wahiawa and Kahuku will play Whitmore.

The young kids begin the Little League series of baseball on Jan. 31.

## KAHUKU GOLF CLUB OFFICERS FOR 1959

Advisor	Ted Nobriga
President	Douglas Kim
Vice-Pres.	Albert Bento
Secretary	Allan Yokomoto
Treasurer	Fred Shimote
Tournament Comm.	Harry Kahuanui
	Nuts Kasaoka
House Committee	Kazuo Marumoto
	Nuts Kasaoka
Handicap Ch. :	Ray Woolley
Grounds & Rules	Harry Kahuanui
Hawaii Public Links Representatives:	Benny Centeio
	Albert Bento

The Editor offers apologies for not asking this club for news. I did not know there were two golf clubs in Kahuku but we will be glad to print any news they send in.

## KAHUKU RIZAL DAY CELEBRATION

A full day of celebration was held on Dec. 30 by the Filipino Community in honor of Dr. Jose Rizal.

There were speeches, eating, dancing, games and the installation of officers of the Kahuku Filipino Community by Jose "Joe" Corpuz, ILWU - 142 (Sugar) Business Agent.

These are the officers for 1959:

President	Angel Ramos
Vice-Pres.	Timoteo Caban
2nd Vice	Jose Ancog
Secretary	Lourdes Camit
Treasurer	Santiago Ramos
Auditors	A. Valmoja and G. Ponciano
Advisors:	P. Ramelb T. Cadelina
	S. Comilang F. Miguel Jr.
	B. Cabaal B. Rabaino
	M. Painte V. Felipe
Sgt.-at-arms:	G. Coloma Elena Caban
	G. Suniga Luis Garagin
	G. Pagador F. Asuncion
	J. Padilla F. Camit

## SUPERVISORS' MEETING--THURSDAY NIGHT

The monthly meeting of the Supervisors Club was a good one this week, for the Morgans showed slides of pictures they took on their recent trip to Japan.

Delicious refreshments were served to complete a delightful evening for the club members and their wives.

MORE HAPPY BIRTHDAYS

I don't know what but something has certainly happened to that old Stork or to Kahuku employees. There just aren't any plantation babies anymore.

There were four little babies born in our hospital since our last report, however and here they are:

Mark Vincent Baisac was born on Dec. 18 to Mr. and Mrs. Marcus Baisac of Camp 3.

Raymond Dean joined the household of Mr. and Mrs. Llewellyn Metcalf of Waialua on Dec. 22.

Cheryl Kalehua was born to Mr. and Mrs. Ezekiel Kamai of Laie on Dec. 30. Just under the line for tax exemption!

Mr. and Mrs. Howard Crosby White of Laie had a child on Jan. 6, but when I got this news it had not yet been named.

SINGER OF BALLADS

Have you heard Lew Hastings, the minister of the Kahuku Methodist Church sing ballads? He is very good and his repertoire is unbelievable.

Mr. Morgan has taped some of his music which Mr. Hastings sings accompanying himself on his guitar.

For the American Literature classes at the school, Mr. Hastings sang ballads of America, giving a brief description of the music and why it was written.

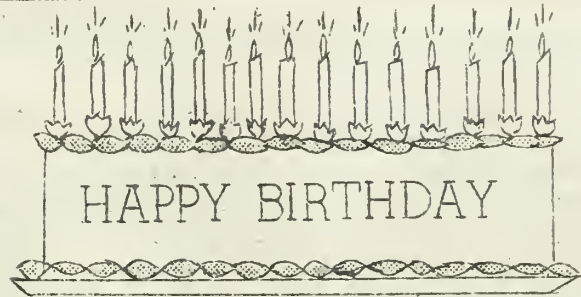

Those who attended the Methodist Sunday School Christmas program heard him sing beautiful ballads telling of the Christ-Child's birth.

Mr. Morgan is making arrangements for some of these songs to be on the Radio.

DEATH TAKES AN OLD-TIMER

One of Laie's beloved kamaainas has passed on to the Great Beyond. It does not seem possible to think of this district without Hamana Kalili, this handsome old-timer who was an authority on all things Hawaiian.

We offer our love and sympathy to his wife. She also is an authority on old-time Hawaii and both were always so helpful with suggestions and helpful criticisms on our May-day programs.

JANUARY 17 THROUGH FEBRUARY 20:

- 18 - Carol Lee Ramos.
- 19 - Robert Rafael Baligad.
- 21 - Robert Kong Kim.
- 24 - Paula Holroyde, George Beppu.
- 26 - Melvin Matsuda, Ken Masao Suzuki, Edward Alan Holroyde.
- 27 - Richard Wakumoto.
- 28 - Pearlisa Ancog.
- 29 - Jean Tsukamoto, Pamela Maghanoy, Elizabeth Tampon, Caroline Caban, Johnny Carl Yadao.
- 30 - Radford Cameros, Angeline Caparida, Naomi Clarke.
- 31 - John Casuga, Florence Anita Ramos.
- 1 - Ramona Maghanoy, Sunny Sato.
- 2 - Thaddeus Latay, Ronald Nakamura.
- 3 - Ralph Minoru Wakumoto.
- 4 - Maria Evelylin Tampon.
- 10 - Franklin Valdez, Allan Ponciano.
- 13 - Alan Morita, Ronald Drummondo.
- 14 - Ernesto Pablo.
- 16 - Herbert Compoc, Albert Camit, Barrington Blomfield.
- 17 - Rodwin Macanas, Gail Kaneyuki.
- 18 - Corazon Ngayan.
- 19 - Florenda Felipe, Ronald Akiyama.

ANOTHER HOSPITAL REQUEST

The children's ward at our hospital needs toys. Do you have any you can give them? Chinese checkers, card games building blocks and Tinker toys would give hours of pleasure and entertainment to small tots who are confined but ambulatory.

Another need is a card table--or two. We asked for this before but none has been offered. These things do not have to be new. Look around and see if you have a card table you don't use much.

Perhaps new Christmas toys would make it possible to give away some that are no longer cherished.

Mrs. Blomfield was reading to the patients today. Have you any spare books?

## EMPLOYEE ANNIVERSARY DATES

NAME	DEPT.	JOB TITLE	YEARS OF EMPLOYMENT	
			SERVICE	ANNIVERSARY
Mariano Painte	Cultivation	Irrigator	30	Jan. 18
Troadio Ramones	Weed Control	Knapsack Sprayer, Press. Tank	23	20

JOE ORRICK HEADS TECHNOLOGISTS IN 1960

Joe Orrick, of Lihue Plantation, was elected by mail balloting to head the Hawaiian Sugar Technologists in 1960.

The president of this organization is always chosen a year ahead of time.

Joe is a brother of Red Orrick of Ewa and used to live here in Kahuku.

ROIA BASKETBALL LEAGUE HOME GAMES

Basketball is already underway and our Kahuku team is doing all right. The schedule for Home games as follows:

Jan. 20. Kahuku vs Waipahu 6:30 & 7:30  
 Jan. 23. Kahuku vs Waianae 6:30 & 7:30  
 Jan. 30. Kahuku vs Radford 6:30 & 7:30  
 Admission: Adults 75¢--Children 50 & 25¢

## BIG HOSPITAL AUXILIARY SALE KAHUKU CLUB HOUSE--FEBRUARY 27--28

When these sales come to Kahuku  
There are bargains by the score,  
And the money that you're spending  
Goes in our Hospital door.

The women of the Kahuku Hospital Auxiliary certainly go all out to bring to our community hospital much needed help. And they do it in a way that benefits us all.

When we are patients, we benefit by thermos jugs, ice-machine and gifts they buy with money from these Sales.

The merchandise sold is excellent and prices are most reasonable, so we benefit in that way.

Mrs. Richardson, Auxiliary President, is again chairman. She says there will be many pairs of curtains on sale this time, and throw rugs, in addition to the new supply of merchandise in the usual departments.

Food will be especially good, and the Plantation Office Staff and any other workers looking for an appetizing lunch, are invited to try this service. Come in for dinner too or a snack in between.

There will be chili, potato salad, many sandwiches of many kinds, hot dogs, soda water and coffee.

Some of the workers and their departments are:

Mrs. Conklin - - - - -	Household
Mrs. Seaman - - - - -	Baby Clothes
Mrs. Woolley - - - - -	Food
Mrs. Hebert - - - - -	Cashier
Mrs. Waltzinger and Garcia--	Ladies Wear
Mrs. Pickett - - - - -	Young Girls
Mrs. Morgan - - - - -	Young Boys

Besides coming in to buy, you might enjoy coming in to help sell. It is fun, and we assure you of a welcome. If so, offer your service to a leader.

## A.A. CHANG RETIRES AFTER 42 YEARS WILL STAY IN KAHUKU AT PRESENT

A real old-timer of the Plantation, Achong Ai Chang, began his terminal vacation, on Wednesday, Feb. 18, and will officially retire on April 1st.

Chang has been with the plantation for almost 42 years; only two employees still on the payroll have longer service, Valeriano Talisayan with 45 years, and Candido del Rosario with 42 years.

The office staff gave Chang an Aloha gift of an automatic toaster and a waffle iron on Tuesday, his last day with the gang. Delicious cake was passed around for all.

Mrs. Chang was Alice Makaiau of Laie. Their seven children were all born and raised in Kahuku. They are:

Mrs. Vernon Young, Vivian, who lives in Honolulu, at Niu. They have two daughters, Patty and Vernette.

Mrs. Easter Doyle, Alice, who lives at Pearl City Heights and has children, Melanie and Craig.

(Continued on Page 5)

## KAHUKU'S RED RAIDER CAGERS CAPTURE SECOND STRAIGHT ROIA CAGE FLAG

Kahuku Raiders racked up their 10th straight victory, good enough for the ROIA prep basketball championship, with a 54-50 decision over Waialua last Friday night.

The high-flying Red Raiders seek higher flights two weeks from now when they are entered as the ROIA's pride and joy in the big Territorial cage playoffs on February 26-28.

This is the Raiders second straight Basketball Championship and the third year that Coach Allen Yokomoto has been in charge. This speaks very well for Yokomoto as well as for the team.

KAHUKU IS WINDY AND COLD--RAINY TOO

The weather is the only thing I found out about the progress on the plantation for the past month. We all know that it is cold, windy and rainy; or hadn't you noticed?

Not much irrigation has been needed, planting has been suspended until the soil dries out, ratooning is behind, and harvesting was postponed; all due to the weather.

The harvesting date that is the present aim of the plantation is March 25.

Mr. Holroyde is still our manager, but he will be leaving us soon to take over his new job on Kauai. At present he is spending a good share of his time, on Kauai learning what will be expected of him there.

Mrs. Holroyde is still here and he can be found at home over the weekends.

-----  
Last Friday morning, the Field Supervisors listened to a recording of Mr. Herman Steinkraus's speech given at the Ninth Annual Industrial Relations Conference of the Hawaii Employers Council last May.

The speech entitled "Motivating Industrial Harmony" is excellent, and each listener was given a copy of the speech.

Your editor read the speech, and I assure you it would do each reader of this paper a world of good to borrow a copy of Mr. Steinkraus's speech and go through it.

-----  
Something is missing and something should be done immediately to find it. The OCD loudspeaker has been misplaced or stolen.

There could not be many uses for this speaker, but it is vitally important to the welfare of this community. In case a disaster should strike the community, there would be no way to inform people of the danger without the use of this loudspeaker.

If you know anything at all of where this might be, please contact Mr. Christophersen. Do a little thinking and realize how serious it is for the community to be without this equipment.

-----  
After July 1 envelopes and cards less than 2 1/4 by 4 inches are nonmailable.

SAFETY REPORT THRU FEB. 3

The "NONE" on the Safety Report for Lost Time Accidents looks GOOD. We are well started on our 2nd year with this good plantation record.

The Electric, Machine, and Tractor Shops are reported as having had no L.T. accidents since January 1, 1954. Congratulations!

The N.L.T. accidents are becoming more frequent than is comfortable; we caught up with last year's number in the report through Feb. 3--total, 8.

A little more thought on the part of each worker, and more careful supervision might slow down this tendency to minor accidents.

MORE ABOUT THE PLANTATION

The plantation will be represented by Mr. Christophersen, Mr. Blomfield, and Mr. Willie Perry at the Industrial Relations Conference in Honolulu on February 19 and 20.

-----  
The good looking new girl in the office is Mrs. Rufina Tormis. She is the new clerk-typist who has been hired, due to the coming retirement of A. A. Chang.

-----  
Mr. Pickett will be going to Honolulu to take a six weeks Irrigation Course at The HSPA Experiment Station.

-----  
Have you noticed the small structures on the office grounds? Of course you recognize the rain gauge which has been there and the temperature recorder. But now the Sunlight Recording Station is also there. It formerly was at Pump 5.

-----  
Cane is to be planted in the yards of what used to be two of the nicest houses on the plantation. This land is between the pre-fab house of the Bridgemans and that of the Conklins.

Mr. Conklin has promised to write the history of that property for the next issue of the Kahukuan.

NEW MAIL SCHEDULE:

Incoming Mail via Haleiwa at 8:30 a.m.

Leaves via Laie at 8:35 a.m.

Incoming Mail via Laie at 2:10 p.m.

Leaves via Haleiwa at 2:20 p.m.

Shortpaid Postage Charge Suspended now.

DEATH COMES TO DEMETRIO TORIBIO

He went to work in the morning and by evening he had passed on to the next world. Demetrio Toribio was stricken out in the field, and died shortly after being taken to Kahuku Hospital on Feb. 3. Sudden death is very sad for those who lose their loved one, and the plantation people extend to them our sincere sympathy.

Demetrio had worked for Kahuku Plantation for over 17 years.

Surviving Mr. Toribio are a daughter, Mrs. Victoria Ngayan and 6 grandchildren.

The family of the late Demetrio Toribio would like to thank all the many friends who helped and extended their sympathy during their recent bereavement.

REUNION FOR LOST RELATIVES

For thirty years, Mr. Emiliano Graycochea has been on the "Big" Island, but had never met his cousins, Domingo and Marciano Graycochea, long time workers of Kahuku Plantation, until December 30, 1958.

A year's search and a phone call to Mr. Bernard Corpus lead to information which brought about a reunion of these relatives.

Emiliano came to Kahuku for a two weeks vacation, and enjoyed it very much. We took him around the Island and he was very impressed by the beautiful sights of Oahu.

He is employed at Honokaa Sugar Company. He comes from San Fernando, La Union in the Philippines. He met some of his town mates while here.

The reunion was a very happy one and all of the cousins wish to thank Bernard Corpus for their happiness.

SCHOLARSHIP AWARDED TO ELLEN TOGO

Ellen Togo, daughter of Mr. and Mrs. Hiroshi Togo has scored again. The University Scholarship Committee has selected her as the recipient of one of the University of Hawaii Scholarships for the spring semester 1959. The award is for \$95.

Ellen is the type of deserving girl we like to see win recognition.

CREDIT UNION DINNER A BIG SUCCESS

The annual Credit Union dinner and meeting was held at the School Cafeteria on January 22.

A dividend of 4% was announced and reports were given on the financial status of the organization and on the loans throughout the year. The matter of insurance for the members was taken from the files of last year's business, but little interest was shown (time was fleeting and people were hungry) so the matter was discontinued for another year.

The chicken dinner was excellent and everyone will be eager to attend the next annual meeting I'm sure.

OPENING OF LAIE DANCING ACADEMY

The announcement that an Academy of Dance would open at Laie, brought enough response from the community that four classes have started.

Children's classes are held on Friday afternoons: 2 o'clock for ages 4-6; 3 o'clock for ages 7-9; 4 o'clock for ages 9-12; classes are made up of girls and boys who do ballet, taps and acrobatics.

A class for college students, adults, and teenagers is held at 6:30 p.m. on Thursdays. This class takes up the same types of dancing that the children's classes do plus lessons in Jazz and T.V. types of dancing.

Although the classes began two weeks ago, there is some room in each class if anyone is interested in joining, and the price will be adjusted to take care of lessons missed.

The price of these dancing lessons is \$1.00 a lesson, and the course is to run for ten weeks.

Miss Stanna Gay Cluff and Mr. Wallace Pratt are the teachers and both are students enrolled at the college in Laie. Both have had professional training with many good mainland teachers, and are well qualified as teachers.

Miss Cluff says that they would be glad to have more boys join the classes. There are boys enrolled but the work on bars and the tumbling is more fun than many small boys think dancing classes could possibly be.

Call 298-885 if you are interested.

HOSPITAL AUXILIARY NEWS

The quarterly coffee meeting of the Auxiliary was held on Monday morning, January 26.

Have you heard what happened? Well, an anonymous donation from a friend of an Auxiliary member made it possible to purchase a G.E. dryer for Kahuku Hospital, with money left over to add to the new building fund. What a friend!

That's not all! The Auxiliary received a \$1000 donation, yep, all three zeroes are supposed to be in there, from the Juliette M. Atherton Trust Fund.

With all this money, plus what the Sales have brought in, burning a hole in their pocket, this coffee group ORDERED from Walker-Moody Construction Co., a Hospital Auxiliary Building.

Isn't that wonderful? A new building all our own, and over half paid for will be put up in the back yard of the hospital between their old wing and the Doctor's yard.

The building which should be ready for us before the summer is over is a Stran-Master prefabricated one, of steel construction with a cement floor. It is to be blue with a white roof, and will cost \$3,300 erected on the chosen site.

Several men have been at work clearing the lot and leveling it, as that is something not included in the cost.

By summer, the Auxiliary women hope to be moved in, with a snack bar going, and people flocking in for snacks and merchandise three mornings a week.

The Auxiliary is very proud of its achievement in the short time it has been organized.

Mrs. Sally Tejada and Mrs. Feliciano Cartwright, passed the Territorial Practical Nurses' exam and were capped and given their licenses on Feb. 10 in the OB lounge with the Nursing staff present. Following this impressive ceremony refreshments were served to all present.

Congratulations to both of you from your many Kahuku friends, and well-wishers.

KAHUKU COMMUNITY HOSPITAL

The Medical Staff of Kahuku Community Hospital met at the Mabel Smythe Building on Jan. 19 to hold the First Annual meeting in its history.

Dr. Charles Custer is President, and Dr. Mark E. Stevens and Dr. Fred Warshauer are the other members of the Executive Committee.

There were at that time, 43 members of the Staff, 16 active and the others consultant. Three new doctors have been accepted as members since the meeting.

The Chiefs of Services are Dr. Robert Jay, OB and Gyn.; Dr. Warshauer, Surgery; Dr. Stevens, Medicine.

Read into the minutes of the meeting was a congratulatory note to the present Kahuku Hospital Organization for the way it is functioning, and Dr. Custer was instructed to congratulate the Hospital Auxiliary for their help and fine work of the past year.

The Board of Directors of the Hospital Association met last Wednesday evening at the Hospital. They set the date of April 22, for the annual Hospital Association and Annual Board of Directors' meeting.

If you are a member of this Association, be sure to attend this important meeting.

On Jan. 16, Dr. Vickers, representing the American Hospital Accreditation Board which represents 20 various hospital organizations, visited Kahuku Hospital. He seemed well pleased with our organization and functions.

The official report will not be here until sometime in March, but those who talked to Dr. Vickers feel hopeful that our hospital will receive approval and be accredited.

Dr. Bridgeman will be leaving our hospital at the end of this month and his place will be taken by Dr. Rodney Brown who is now at Ewa.

(Continued on Page 5-A)

HISTORY FROM AN OLD TIMER

by Dean Conklin

There has been much activity of late in the area just mauka of the Plantation office. Trees are being uprooted and burned. Before long sugar cane will be growing in this area where for many years lived the head bookkeeper and the head luna.

If this land could speak, it would have many interesting tales to tell because these two houses were built when the Plantation was started way back in 1889. The house on the Waialua side next to Dr. Bridgeman's, was for many years occupied by the R. T. Christoffersons and was torn down because of termite damage shortly after R. T.'s death in 1935.

The other house on the Laie side, known during the war as Red Cross Headquarters, has a more varied history. It was a typical old style Plantation house with high 13 foot ceilings and had a veranda running around three sides.

This old house was built about 1887 for a man by the name of Mackenzie, whose job it was to clear the land and fence it against the ravages of wild cattle. We have talked with Mr. Mackenzie's "little boy" who retired on account of age about twenty years ago from T. H. Davies. Mackenzie Junior, recalled that he and his little sisters used to jump into post holes whenever a wild bull came charging at them.

Several other "head luna" families lived there during the following years, including the Worthingtons and Flohrs. In 1908, Mr. John Frederick Janssen and his wife and five children moved in and stayed there until 1921. One of the sons, William, is now a Vice-President of the Bank of Hawaii and the other, Frederick, is Bank of Hawaii Branch Manager at Waialua.

Howard Parker, who was carpenter boss and married to Wilhemina Janssen, moved into the vacated house. He lived there for about two years and was succeeded in 1923 by Dean Conklins. Lloyd and Daral were born there and in succeeding years spent many happy days playing in the yard and climbing all the tall trees.

The house became vacant again in 1938 and John Kramer, an Engineer, moved in. The Ray Woolleys were the next on the list and proved to be the last occu-

pants.

During the war this old Plantation house and yard were used for military purposes and for the Red Cross. Finally about 1950, old age and termites took complete control and the house was burned.

Editor's note: The Editor believes this is the truth, nothing but the truth but not the whole truth. Dean, you forgot one group of occupants of this old house.

During the war or just following it, this house was used as quarters for some of the teachers who wouldn't fit into the quarters provided on the campus.

There were some men teachers whose names I have forgotten, but I do remember that Mr. Gerald Erwin, Music Supervisor for the Department of Public Instruction, and his wife, Mary, lived in the empty dining room and the kitchen. He was our school band and chorus teacher at the time.

If you enjoyed this History lesson, let us know. There are more stories of this plantation that could be told, and some day those who can tell them will be gone.

(Continued from Page 4)

Dr. Brown's family has already moved here and will be in Dr. Rothwell's house until the end of August.

Dr. Brown has a wife and seven children, five of which are attending Kahuku School. Linda is a Sophomore. Marjane and Jimmie are in the seventh grade, Eddie and Gill are in the third and fourth grades, and two baby girls are at home.

That Auxiliary President, Helen Bader can think of more nice things to do, and then she DOES them. Recently she donated 8 (eight) blankets to the hospital.

I don't mean the baby blankets we mentioned last month. These are extra presents and given at a time when it is cold and extra blankets are a necessity.

Not only that but she established a Barber Shop for two of the patients with herself as barber.

If you think I'm getting Auxiliary and Hospital mixed in together, you just try keeping them separated. It's impossible.

KAHUKU SCHOOL NEWS

The Elementary School set-up was the theme of the talk by Mrs. Beatrice Carter of the D.P.I., who spoke at the PTA meeting last Monday evening. She spoke of the importance of the elementary child to each level of our School Department organization; from the home and teacher, through each larger group of educators, up through the Territorial D.P.I. offices.

New business led to a Canteen for our young people being considered as worthy of a trial. This idea grew out of remarks made at last month's Panel Discussion. Several times a teen-ager said our young people were going to Wahiawa as there was nothing to do here.

Mrs. Sally Canque has consented to be chairman of a committee to make plans for an experimental Canteen to be held after Easter, sometime in April. She is to organize a group to plan for this affair.

You parents will be urged to act as chaperones and it is hoped that you will volunteer your services to Mr. Blomfield or some member of the PTA.

Dr. Laurence H. Snyder, who was inaugurated as President of the University of Hawaii just this week, has consented to be the guest speaker at the Graduation Exercises of the Class of 1959.

President Snyder will speak on the subject "You and the Years Ahead". The Commencement Exercises will be held on June 6 at 4:00 p.m.

The Physics Club is holding a Science Fair at the school this week. The winner, who was judged to have the best one of the Science projects exhibited, was Ronald Matsuda. He had a demonstration of simple machines.

Judges for the contest were Mr. Dean Conklin, Mr. Kiyoshi Matsuura and Prof. Richard Coburn of the Church College.

Ronald's Exhibit will be entered in the Science Fair in Honolulu.

The Civil Defense class which is held on Monday and Thursday evenings at the school was so large that it was made into two groups. Mr. Willard Kekauoha is the instructor. The meetings have been very interesting.

CHURCH AND COMMUNITY NEWS

The Fujinkai ladies and men held separate parties at the Hongwanji Church.

The men have not informed me of the outcome of their party, which was held on January 31.

The ladies, however report that a wonderful time was had on February 1st. They met at the church without the restraining influence of the men. The hekkia dinner was excellent, and for entertainment they enjoyed a program of dancing and singing of songs, not the modern "rock and roll" variety.

Mrs. Tokumoto and Mrs. Tsukamoto were in charge of the fun and before the evening was over, all of the old folks, and some not so old were swaying to dance and song. It was a wonderful evening.

PROTESTANT GROUP CHURCH MEETING

A meeting was held at the Methodist Church on February 4, by an interested group of "church-goers".

Though the church is supported by the Methodist Board of Missions, those who have gone to this church for many years have felt it was a Community Protestant church and their presence and help was welcomed.

At this meeting, church officers were chosen, and as these officers are Methodist and other denominations, it is hoped all Protestants of the community will avail themselves of the opportunity to worship and serve with this congregation.

One suggestion to get more active participation in the church services and better attendances on Sunday mornings, was that the church be moved to the main highway. The suggestion was not acted upon.

Are there any comments from you Protestant people?

There has been some talk of an Episcopalian Church starting in Kahuku. At present some of the Kahuku Beach church members are holding services in homes of those interested. Ministers have been coming out from town to preach to these week-end Kahukuites.

It does seem a shame that there isn't some way for these two groups of Protestant church-goers to combine their services into one self-supporting Church.

WEDDING BELLS RING FOR ETHEL TOKUMOTO

Miss Ethel Tokumoto, oldest daughter of Mr. and Mrs. Sadaichi Tokumoto of the Plantation, was married on January 24 at the Honpa Hongwanji Mission. The bridegroom was Mr. George Sugita, son of Mr. and Mrs. Sugita of Honolulu.

The Honolulu Advertiser scooped the Kahukuan on this news, and printed an adorable picture of the lovely bride.

We wish this young couple much happiness.

PRESENTATION OF JUDO BELTS

Twenty-one Judo students of Mr. Palimoo will be going up for examination for promotion of belt on Sunday, Feb. 22 at Okazaki's Judo Gym in Honolulu.

When the results of the examination are known, Mr. Palimoo will have a promotion exhibition at the Kahuku Clubhouse, and will present Belts to those promoted.

This will be about the 2nd week in March. Watch for the date on the bulletin boards. Parents and friends are cordially invited. These exhibitions are very exciting and interesting.

KAHUKU FEDERAL CREDIT UNION

Do you need EXTRA CASH to meet your Holiday bills, Car or Income Taxes? If you do, see your Credit Union office clerk, Miss Dolores Ubando. Mon.--Fri. Hours: 12 Noon to 5:30 p.m.

(Continued from Page 1)

Howard, who lives in Honolulu and has two daughters and one son.

Rodgers who also lives in Honolulu and boasts of two daughters and a son.

Billy has never married. He teaches school in Los Angeles.

Gildea, is Mrs. George Downing. They live in Honolulu and have two sons and one daughter.

Franklin is the youngest. He lives in Honolulu and has a son and a daughter.

The Changs do not expect to leave our community for awhile. They will live in the same house they have lived in for so many years, and continue to beautify the yard.

Aloha, Changs! We've enjoyed knowing you all these years.

"IMAGE RUSSIA"

A thought-provoking, special eight week radio series called "Image Russia" is being presented by the Island sugar industry in the interest of the public.

Sponsored by the HSPA, "Image Russia" brings to the Islands each Monday and Wednesday evening one of the most graphic, comprehensive studies of Russia ever undertaken.

Listeners who dial KGU, KMVI, KTOH, or KIPA from 8 to 9:30 p.m. will hear the real sounds of Russia and its leaders. They'll hear the bombastic propaganda of Moscow Radio, and the actual voices of Stalin and Lenin.

Bob Considine, world famous commentator, MC's this unusual NBC series. He takes listeners into Communist politics, economics, music, literature, athletics, virtually into every facet of Soviet life today.

HSPA SUMMER TRAINEESHIPS OFFERED

Hawaii's sugar industry, in an effort to attract potential leaders, is offering summer employment to college men majoring in engineering.

The Summer Traineeship program is being conducted by the HSPA's Experiment Station in cooperation with the various plantations.

This program is primarily intended to attract men to factory or field engineering.

Trainees will perform varied tasks on the sugar plantations depending on their ability and experience. Much of the work will be manual.

Pay depends on experience. Men working for the first summer will receive \$250 a month; for the second summer, \$275; for the third, \$300. The cooperating plantation furnishes room but not board.

Applicants must have completed at least a year of college; be residents of Hawaii, and furnish some proof they consider a life career in Island sugar.

The Summer Traineeship program begins June 15 and continues through August 31. Young men who are interested should write to the Coordinator of Training Personnel, HSPA Experiment Station.

The deadline for application is April 30, 1959.

## WINDWARD GOLF CLUB NEWS

### Officers for 1959:

President - - - - - Harry Shigemitsu  
Vice-President - - - - - Godfrey Ahana  
Secretary - - - - - James Barientos  
Treasurer - - - - - George Hatico  
Auditor - - - - - Felix Llanos  
Delegate - - - - - Kam Lum  
Advisor - - - - - Ernie Werner

The Windward Golf Club held a Benefit golf tournament for the March of Dimes Fund on Sunday, Jan. 25 at the Kahuku Golf Course with the results for the day as follows:

Robert Villamor	77	12	65
Chas. Watanuki	78	11	67
Richard Nascimento	89	21	68
Gerald Tubal	Low gross	..	72

Thirty-two members participated.

The Windward Golf Club held its monthly Ace tournament on Sunday, Feb. 8, at the Kahuku Golf Course with the score sheets as follows:

Alfred Nainoa	79	15	64
Gerald Llanos	82	15	67
Solomon Adams	83	15	68
James Barientos)	Low gross	..	79
George Hatico )			

The Windward Golf Club will hold a Medal Play golf tournament over 18 holes on Sunday, Feb. 22 at the Kahuku Golf Course for the Judy's Florist Trophy.

Starting times will be at 8:30 a.m.

## LOOKING FOR A SEAMSTRESS?

There is a new member of the Punialuu community who is inquiring about anyone desiring Dressmaking, Alteration, Cushion covers, Upholstery, or most any type of sewing.

If you are interested in her services she is Mrs. Arnolda Fischer, lives at 53656 Kam Highway, Phone 24-7149.

## KJAC BASEBALL NEWS

Kahuku JAC beat Whitmore by a score of 10-7 on Jan. 25. The game was played at Adam's Field, Kahuku.

After ten innings of playing, Kahuku came to a 4-4 tie with Waialua on Feb. 1. Waialua was the Champion team of the 1st round. The game was played at Kahuku.

On Feb. 8, Kahuku beat Wahiawa by a score of 6-5 at the Kahuku Baseball Park. After the game, Mr. Chun gave a hekka dinner for the boys on the team.

The North Oahu Small Fry League (9-12) with 6-inning games started on Sat., Jan. 31 with six teams, as follows:

Kahuku Orioles	Waialua Indians
Wahiawa Yankees	Haleiwa Athletics
Sunset Beach Seals	Schofield Blue Hawks

Two rounds will be played with first and 2nd Champs fighting it out for championship.

Kahuku Orioles lost to the Yankees and the Athletics, but defeated the Blue Hawks on Feb. 14.

Their next game is tomorrow (Sat.) at Kahuku at 1:30 p.m. against the Indians. Go out and cheer them to victory.

## KAHUKU GOLF CLUB NEWS

Kahuku Golf Club held its monthly ace tournament on Jan. 4 at the Kahuku Golf Course with the following scores:

Harry Kahuanui	79	9	70
Douglas Kim	72	2	70
Allen Yokomoto	84	14	70

On the play-off, Kahuanui won with the same score 79--9--70.

The January Special Tournament for Y. Irei (Kahuku Restaurant) Trophy was played on Jan. 18 at Kahuku Golf Course. The results were as follows:

Harry Kahuanui	79	9	70
Ray Woolley	80	8	72
Crabbe Anamizu	82	8	74

The February Ace Tournament was played on Feb. 1 with the following scores:

Douglas Kim	68	2	66
Harold Silva	88	19	69
Allen Yokomoto	84	14	70

The Special Tournament for S. Tanaka Store Trophy (27 Holes) was played on Feb. 15 with the following results:

Harry Kahuanui	111	10	101	Tie
Bob Owan	133	16	101	Tie
Yoshikawa	113	11	102	

MORE HAPPY BIRTHDAYS

Off-season is right! No plantation babies again. But the community hasn't let us down. There were four little cherubs born at our hospital since the last report of the Kahukuan.

On January 17th a son, Gerald Preston was born to Mr. and Mrs. Robert Preston of Hauula.

On February 4th the Lei Newton's of Hauula had a son, Samuel Silva.

Kurt Anthony was born to Mr. and Mrs. Herman Ubando on February 6. His daddy is one of the ambulance drivers.

Bishop and Mrs. Joseph Smith, of Laie had the only daughter for this period. She had not been named when this news was given to me.

There are two more BIRTHDAYS to report but neither baby was born in our hospital. The proud grandparents would like the report to go through so you all will know.

A little son, Herbert Katsumi, was born to Mr. and Mrs. Herbert Miranda of Honolulu on January 25th. He weighed 5 lbs. and 9 oz. and was born at Kapio-lani Hospital, Grandma Sato said.

Both parents are formerly Kahuku kids and I'm sure you recognize the mother as the little girl we knew as Joan Sato.

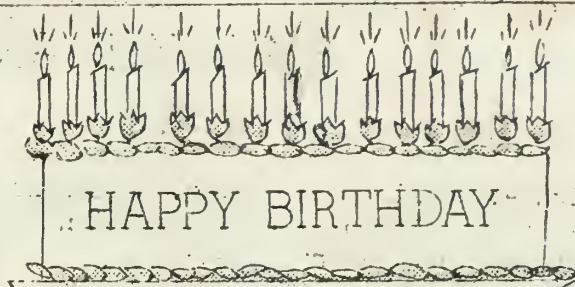

The other new arrival is reported by Granddad and Grandma Young. It is a little girl named Kathleen Renee, who was born on January 26th to Mr. and Mrs. Dix Baker of Mountlake Terrace, Washington. Her mother was the former Cara Lee Young who now has one son and two daughters.

TOYS! TOYS! TOYS! WHO'S GOT TOYS?

What has happened to the readers of Kahukuan? There has been no response at all to the call for games for the children's ward at the hospital.

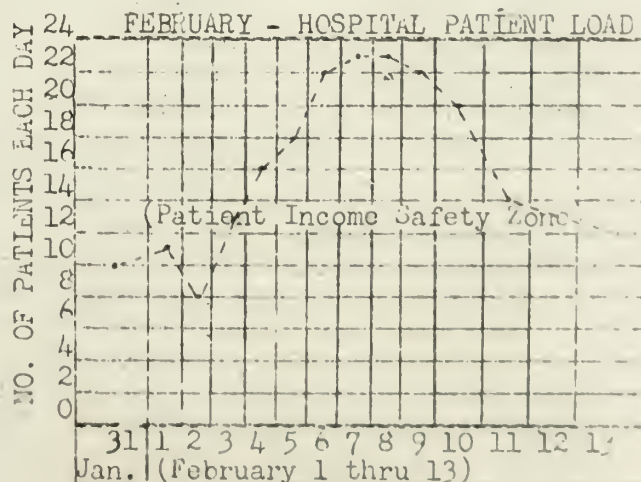

Surely someone has some old games he is tired of dusting. If a few of the checkers are lost from that Chinese Checkers game, bring it to the hospital. If you have a few of the marbles but the rest of the game is missing, bring them to the hospital. Two and two may make one complete set which is truly needed.

Other games or toys will be most welcome too. And by the way, no one has sent us a cardtable. Look around, Okay?

FEBRUARY 21 THROUGH MARCH 20:

- 22 - Crispin Camit, Bernice Ramos, Lynn Mariko Nakayama.
- 23 - Terry Maghanoy.
- 24 - Eddie Rey Lopez.
- 25 - Danilo Vendiola, Freddie Camit.
- 26 - Paula Janet Roldan.
- 27 - Trophine Cameros, Monica Mendiola.
- 28 - Eric Susumu Takamura.
- 1 - Howard Togo.
- 2 - Louise Tokiko Suzuki.
- 3 - Julian Killamas, Jr., Doreen Valdez
- 4 - Edward Toshio Hirata.
- 6 - Dennis Yoshimitsu Ishimine.
- 7 - Clarence Ted Compoc.
- 8 - Clifford Hideo Togo.
- 10 - Alfred Cabael.
- 11 - Richard Caparida, Wildred Camit.
- 13 - Eugene Satoshi Matsuda.
- 15 - Ernesto Cabael, Florentino Camit.
- 16 - Rosemarie Mariano.
- 17 - Gloria Padilla, Martha Emily Morgan
- 18 - Elaine Compoc, Dennis Labra, Kenneth Hiroshi Yamauchi.
- 20 - Eloise Pereira, Sharon Panene.

The Murakoshi family had their postponed Christmas party for the good folks of the hospital and the clinic on Saturday evening. This turned out to be a Valentine party, but they are about LOVE and so is Xmas, so carols were sung.

## EMPLOYEE ANNIVERSARY DATES

## PROVE WE ARE "FIRST CLASS CITIZENS"

by James F. Morgan Jr.

The granting of Statehood to Hawaii signifies that in the eyes of the people of the United States, Hawaii has "come of age". Like any person who has reached the age when he is recognized as being a responsible person capable of carrying his share of the burden, we in Hawaii are justly proud of this long deserved recognition. After suffering through an unusually long adolescence, we have shown our appreciation of being accepted by celebrating with bonfires, singing, dancing, and prayers.

Now that we have been awarded equal rights with other citizens of the United States of America, we should soberly turn to our new responsibilities that "coming of age" brings to us. We have claimed our right to serve with the other Americans in managing the greatest country in the World. Let us now fulfill this right intelligently like the Adult State that we profess to be. Let each of us make the effort to become informed on National and International as well as Local Issues, so that we can carry out our responsibilities to the greatest good of ourselves, our Country, and the Peace of the World.

Within the next ninety days we will be called upon to nominate men and women who are to represent us and ideas in the Congress of the United States, and to legislate and administer the Government of the State of Hawaii. It is up to each of us to prove that the faith the people of the United States have shown in us is justified, by first considering each candidate very carefully by what he is, what he says he is, and what he has shown himself to be; and secondly by going to the polls and voting for the candidates we each will have decided upon.

(Continued in next column)

## STATEHOOD CELEBRATION AT KAHUKU

With a huge bonfire and Ralph Makaiau to set off a celebration; how can you miss?

The 50th State was officially welcomed by this Rural area on Thursday March 12.

A prayer by Father Cyril, music by Rev. Hastings, Speeches by Mr. Morgan, Mr. Holroyde and Mr. Kanakanui began the 2½ hour program to remind us of the importance of this historical event.

Then to make us realize the joy of living in a place of such racial harmony dances were presented by Filipino, Japanese, Hawaiian and Samoan groups.

The makai lanai of the T.G.S. Walker gym was the stage for this interesting program under the direction of Mrs. Augustin, Mrs. Tokumoto, John Ah Quin, and Mr. Galeai.

George Hatiko and his troupe of "rock and roll" fame, presented two numbers that were greeted with admiring shrieks and sighs.

A Hawaiian "shower of blessing" wet the audience enough that the program was continued inside the gym.

Joseph Ah Quin's beautiful voice rendered three much appreciated patriotic songs. Mr. and Mrs. Kamae and sons were perhaps the hit of the evening, and the many nationalities represented by their singing gave added charm to this talented family's contribution.

No Marine band appeared for a dance, but as the editor departed for home, the young folks remained in the gym, hopeful that music might begin.

Now more than ever before, we are obliged to keep democratic government alive by exercising the most valuable right we have in this country, the Right to Vote.

REPORT FROM HEADQUARTERS

Harvesting is in the plans for next week. Weather permitting, the first stalks of cane for this year will be cut on March 23, with the mill beginning its grinding on the next day.

Field 20 will be harvested first. This cane is last year's crop but will of course be in this year's quota.

-----  
Ratooning is completed and replanting has progressed on schedule. The new land across from the P.O. has been cleared, and planting there was finished the day Hawaii was voted in as the 50th state of the Union.

Seventeen acres of small areas adjacent to present fields have been added for cultivation, and the most promising of the varieties of cane will be spread in these areas as a source of seed in case any of these varieties seem suitable for commercial use.

-----  
Off season work in the Mill, Boiling House, and Shops is on schedule.

DON'T BE A LITTERBUG!

Dan Liu, Chief of Police has asked all news publications to cooperate in a Community Anti-Litter Campaign.

Why should we continue to scatter litter until a policeman arrests us for such an act?

There are twelve Ordinances or sections of Ordinances concerning litter. This is one which is quoted as a sample to show that most of us have been guilty and subject to a fine.

"Whoever negligently or maliciously scatters, throws, drops, or deposits, or causes to be scattered, thrown, dropped or deposited, any paper, glass, glass bottle, tin can, nail, tack, wire, stone or other substance dangerous to traffic on any highway, street, road, alley or lane in the Territory, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by fine not exceeding one hundred dollars."

Watch for an article next month on these objectional rubbish piles that are appearing in so many spots around the community. Also clear yours up.

KAHUKU'S LOSS IS MCBRYDE'S GAIN

The Holroydes are gone. They moved to Kauai last weekend.

Eddie will take over as manager of McBryde Plantation and Gene will be the gracious hostess in a new setting. Alan is at school in the East and Paula will continue at Punahou.

After 25 years, it doesn't seem possible that they are gone.

A Fond Aloha from everyone in Kahuku.

ALOHA PARTY FOR HOLROYDES

Gene and Eddie, Papa Chang, Lew Hastings and his guitar plus chicken hekka added up to a most enjoyable meeting of the Supervisors' Club on Thursday, March 12.

The music of Mr. Hastings is "out of this world", and he's a master at saying just enough about each ballad he sings for understanding and mood. His songs were varied and requests graciously rendered. The supervisors joined in on choruses and everyone except the cooks was reluctant to stop for chow.

Leis were presented in Aloha to Gene and Eddie. Papa Chang was presented with a barbecue set as a retirement gift from the Supervisors. Luggage was their gift for the Holroydes, four pieces in black and white with red lining.

A hurried ending came to the party as everyone departed to celebrate Statehood at the School Gym.

SUPERVISORS DISCUSS COMMUNICATIONS

Groups of five or six supervisors have been meeting this week with Mr. Val Blomfield to discuss ways of communicating from Management to labor and from labor to management, through supervisors.

There were six group meetings, on Monday, Tuesday and Wednesday, one each morning and each afternoon.

IS THERE A BANK OF HAWAII HANDY?

Hawaiian Electric Company has sent us a notice that H. E. Co. bills may now be paid at any Bank of Hawaii. There are Branch Banks at Haleiwa and Kaneohe, so someone may be interested in this.

"I am an atheist, thank God." --ANON.

ENGINEERING SCHOLARSHIPS

The Hawaiian Sugar Planters' Association is offering four scholarships of \$1000 a year to young men who are residents of Hawaii and who are genuinely interested in a future with the sugar industry.

They are for scholarships in chemical, mechanical or agricultural engineering. Among requirements are that the applicants must: be a local resident; be interested in a career in the local sugar industry and have completed a year of college by September, 1959.

The deadline for applications is the first of July.

After graduation, the scholarship winners qualify immediately for the post graduate assistants-in-training program of the H.S.P.A.

Nine current sugar plantation managers and 20 others of assistant manager or equal rank went through the HSPA's assistants-in-training or other study programs. They include Kahuku's spon-to-be manager, James F. Morgan Jr., and cultivation superintendent, Kenneth C. Ross.

CASH AS CASH CAN

Some people pay cash because they like to, and have the money. Some people pay cash to save money, even when paying cash comes hard.

The cost of credit may not show, but it's there. A charge-account store, has to cover its losses and the cost of billing by adding to the price of the merchandise.

The new revolving credit and budget plans and financing schemes carry an extra fee for credit.

What to do? Four sensible things.

- (1) Don't use credit for small purchases. Plan better and it is unnecessary.
- (2) Don't borrow from too many different places. You can get all mixed up.
- (3) Start saving while you're still in debt. Ideal moments for saving are nil.
- (4) Except in case of emergency, don't borrow too much and don't save too much.
- (5) When your financial boat starts to rock, call on your credit union. Credit union service costs very little; credit union counsel costs nothing at all.

See your Kahuku Federal Credit Union.

SOCIAL SECURITY BENEFICIARIES LIMITED

People under age 72 receiving Social Security benefits will not be eligible for all their checks if they have earnings of more than \$1200 a year, according to Edward H. Ichiyama of the Honolulu Social Security Office.

These are beneficiaries who are either working for wages of more than \$100 a month or are self-employed. They should immediately report this to the Social Security Administration.

Income from insurance, savings or investments do not count. In this way benefits can be withheld while a person is working and avoid the necessity of refunding benefits or having them withheld later when a person is not working.

If earnings amount to more than \$1200 in 1958, it will be necessary to file an annual report of these earnings by April 15, 1959. Failure to do so may result in a loss of additional benefits.

The information furnished on this annual report will be used by the Social Security Administration to make all necessary adjustments in the number of benefit checks properly due.

The next visit of a Social Security representative to Kahuku will be at 9:30 on the morning of April 9 (Thursday).

CIVILIAN DEFENSE CLASS ENDS

Two groups totalling close to 50 persons attended classes in Civilian Defense, conducted by Willard Kekauoha.

As a Science teacher, he was able to explain nuclear weapons so that some comprehension could penetrate even the thickest skull.

The class members enjoyed the class and are looking forward to an added experience on March 27, when they will go on a guided tour through Diamond Head Civilian Defense Control Center. The members of the class are to meet at Ft. Ruger Theater at 10:00 a.m. on March 27.

See Mrs. Morgan Tel. 29-7455

KAHUKU HOSPITAL AUXILIARY

The Auxiliary is about to get its own building! Have you noticed the space that Ralph Makaiau and Jerry Drummondo have cleared in Dr. Rothwell's old yard? It is nearly ready for Walker-Moody Construction Co. to lay the cement slab and put up the steel building which the Auxiliary has contracted for. How can the Auxiliary ever thank Ralph and all the men who helped for the many hours of sweat they put in on their own time, clearing rocks and brush with a grader and then hauling it all away? It was much more work than it looked from the surface. The Auxiliary thanks them all with heartfelt thanks.

The last Sale held at the Clubhouse brought the Auxiliary a net of about \$700.00. It was held on Feb. 27 and 28, and considered quite successful and lots of fun. Thanks are in order for all the Teen-age help received and to all who worked so hard to make it a go.

Alice Chang and Emma Makaiau were "voted" the best sales-women by their team mates.

The money earned at this sale will go a long way toward paying for our \$3,300 building. The Atherton Trust has given \$1,000, and the Auxiliary now has \$1,200 in the bank, so with a little more help we will make it. (We are not turning down any contributions from the community.)

More thanks from the Auxiliary go to Mrs. Kasaoka as Donations Chairman, and all those who donated cakes, pies, salads etc. It was a feast.

Thanks also to Ralph Makaiau, Jerry Drummondo, and Mike Otake for moving the icebox to the Clubhouse. It may just stay there until some more kind souls help take it back to the hospital.

FRONK CLINIC HOURS:

9--12 Monday through Saturday.

2---4 Monday through Friday.

KAHUKU COMMUNITY HOSPITAL NEWS

Dr. J.R. Brown has been hired by the Fronk Clinic and accepted by the Board of Hospital Directors and is now on duty at Kahuku Hospital.

He is at present living next door to the hospital with his wife and seven children.

Kahuku Hospital passed Dr. D.M. Vicker's inspection and has been accredited by the Joint Commission on Accreditation of American Hospitals. This is indeed a great honor which reflects on the good work of Mrs. Mabel Murakoshi, Hospital Administrator.

A letter received from K.B. Babcock, Director of the Joint Commission on Accreditation, stated that our hospital was accredited for a period of three years or until another inspection is conducted.

The letter also said that the hospital was accredited because it adhered to the Standards of Accreditation and because of its attention to constant improvement of patient care.

Everyone will be proud to learn of this I am sure.

On March 6, Kahuku and Hauula City & County Fire Department personnel were invited by Mrs. Murakoshi to visit the hospital to familiarize themselves with the hospital set-up in case of an emergency.

They toured the hospital to see where surgery, kitchen, nursery, supply rooms, fire extinguishers etc. were located.

This visit is in line with our study and preparation for Civilian Defense.

A painter was busily touching up the hospital walls to keep it looking neat and clean, and to prevent a wholesale paint job which is so inconvenient in a place of this kind.

"A wise man knows everything; a shrewd one, everybody."

--Anon.

ANOTHER OLD-TIMER HAS PASSED AWAY

Mrs. C.D. Christophersen, Sr. was buried in San Mateo on March 10, and our hearts went with C.D. Jr. as he flew with his sister Ruth, to be with their father in their sorrow.

Many of us remember a house sitting across from the P.O. where the Pre-fab house is now. The beautiful old monkey-pod tree in the yard, the lush foliage and wealth of flowers were a perfect setting for the house of Papa and Mamma C.D. and the twins, Clarence and Ruth.

What a friendly soul she was, calling out in her teasing way to everyone who passed by. And what energy she had! She never missed a party, and took home most of the Bridge prizes.

The ice skating rink at Wahiawa was an excuse for a party. Although she fell and hurt her wrist, she sat through the luncheon at Kemoo's rather than spoil the fun.

The next day she appeared at the golf course with her broken wrist in splints to walk around the course and be in on the picnic.

Yes, she was a great girl!

BELLA AND VALERIANO DAMASCO HOME

What a wonderful trip the Damascos had to the Philippines. There were so many relatives to see that they could not begin to see them all. This was the first time Bella had seen the Philippine Islands and she thinks they are very beautiful.

The trip over was by air which was very enjoyable, but the trip home was by boat!!! Good food, parties, loafing, oh you know how much fun a boat trip can be. But there were stops too. They got to stop in Japan and Hongkong. Bella thinks such stops are wonderful, but the money surely flies at such places.

12 cu.ft. "COLDSPOT" UPRIGHT FREEZER  
VERY GOOD CONDITION

\$130.00

TELEPHONE: 29-3942 if interested.

Evelyn Suzuki, daughter of Buster and Helen Suzuki, has returned from California and expects to take some Business Courses in Honolulu.

SCHOOL HAS STATEHOOD PROGRAM

The Senior Girl Scouts brought in the flags and led the flag salute to begin the Program held at Kahuku School as soon as the House of Representatives had voted Hawaii in as the 50th state of the United States.

The order of the program follows:

Color Guard and

Flag Salute ..... Senior Girl Scouts  
Prayer ..... Mr. Charles Barenaba  
Speech ..... Mr. G. Howard Barrett  
Music ..... Elementary Children (These children had been training for the Rural Oahu Music Festival.)

"What America Means to Me" .. Minnie Okawa

"This is My Country" .. High School Chorus

"Hawaii Ponoi" ..... Chorus and Audience

History of Hawaii ... Clifford Kaneshige

Announcements ..... Mr. Authur Stranske

Songs led by the Song and Cheer Leaders:

"Hawaii the Beautiful"--(two verses)

"America the Beautiful"--(first verse)

"Star Spangled Banner"--(first verse)

MARCH PTA MEETING

The P.T.A. meeting held on Monday, March 16, was an Open House in each of the classrooms.

It is good for the parents to have a chance to see the teachers and rooms of their children.

After the parents had been around the campus, and had inspected the children's accomplishments, everyone went to the cafeteria for refreshments.

MATSUDAS TO STATES FOR CONVENTION

Mr. and Mrs. Shinichi Matsuda are to leave for the coast on Sunday. He will attend a convention in Kansas City, but they will travel around first.

In Chicago they will visit their daughter, Jane who will graduate this fall from Illinois Normal School.

They expect to go on to New York City and Washington D.C. and see what the East Coast looks like.

In Denver they will see their daughter Florence and their granddaughter.

Then they will see Shirley in Los Angeles and her baby girl.

Shinichi has seen the grandchildren but Mrs. Matsuda hasn't.

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held a 18 hole medal play for the Judy's Florist's Trophy on Sunday, February 22, at the Kahuku Municipal Golf Course with the following results for the day:

Gerald Tubal	74	4	70
Robert Smith	90	20	70
Robert Villamor	80	10	70

In a playoff Robert Smith won with a score of 93--20--73.

James Barientos - Low gross -- 79

The Windward Golf Club held its Monthly Ace Golf Tournament on Sunday March 8th at the Kahuku Golf Course with these scores:

Robert Onaga	76	12	64
Felix Llanos	77	8	69
Harry Shigemitsu	87	16	71
Gerald Tubal	Low gross -- 85		

The Club will hold a Stableford Golf Tournament on Sunday, March 22, at the Kahuku Golf Course with starting times at 8:30 a.m.

On April 12, the Windward Golf Club will hold an Inter Club Team match with the Uruma Golf Club of Honolulu at the Kahuku Municipal Golf Course with starting times at 8:00 a.m. Members are requested to report to their Tournament chairman for pairings.

## CANCER EDUCATION PROGRAM

A Cancer Movie and talk will be given on Kuhio Day at 10:00 a.m. at the Clubhouse, for all interested women. This is for next Thursday. Do come, please.

Bernard and Mae Corpus celebrated their 27th Wedding Anniversary last Sun. with a dinner and party. Leonard Primacio, who was best man at the wedding, helped in this 27th celebration. We do hope there will be 27 more such affairs. Congratulations and Mahuay!

## KAHUKU GOLF CLUB NEWS

The Kahuku teachers were in the lime-light in the Monthly Ace Tournament held on March 1 at the Kahuku Municipal Golf Course. Best scores for the day were made by the following well known triumvirate:

Allen Yokomoto	86	14	72
Harry Kahuanui	80	7	73
Harold Silva	91	18	73

The first half of the home-and-home golf tournament was held at Kahuku on March 15. The Kaneohe Golf Club members were the happy guests of the genial Kahuku Golf Club. The Kane-Ohe gang beat the Ka-Huku bunch by scoring 40½ points, while our boys were scrambling to make 37½ points.

The highlight for the day, of course, was Kahuku's famous 19th Puka, overflowing with liquids and solids.

The last half of this home-and-home affair naturally will be taken care of by the Kane-Ohe golfers. Their 19th Puka we hear is quite a storage tank too.

## KAHUKU JAPANESE ATHLETIC CLUB

On March 15, the Kahuku Japanese Athletic Club ended its season by losing to Whitmore by a score of 9-8. It was a close game all the way through, but in the end Whitmore surged ahead by one point.

In the sixth inning with the score tied at 4-4 and the bases loaded, Kenneth Nakayama hit a homerun to give Kahuku an 8-4 lead over Whitmore. Then Whitmore slowly edged up on Kahuku and passed them.

The past season has been a hard one for Kahuku. Through the whole season Kahuku has won two, lost five, and tied one.

## A GOOD DEED WELL DONE

Pau Hana came after 7:00 p.m., Mon. evening on the Hospital Auxiliary project but the site for the new building is level, and top soil has been brought in. The men who did this work deserve praise and thanks. They are: Boss Ralph Makiiau, Ass't. Jerry Drummondo and C.K. Kim; and other hard workers, P. Jacinto, K. Ueki, A. Torres, P. Santiago Jr., L. Maghanoy, and C. Ageaoili.

MORE HOSPITAL NEWS

Dr. Paul Leyda, who was with Fronk Clinic at Kahuku for such a short time, passed away in his sleep, at his home in Denver, on February 26.

Dr. Leyda and his wife and children left Kahuku after he had been confined at Tripler Hospital for some time. The cablegram did not state the nature of his illness, but he had not been improving since his return to Denver.

In the short time he was here, he had endeared himself to the people of this community. Everyone felt a great aloha for his wife and children, too. It is to his family that we extend our sympathy.

A new X-ray technician, Miss Helen Sullivan of Niagara Falls, Ontario, has joined the staff of Fronk Clinic.

This good looking blonde arrived here on March 8, and the only day she has spent in Honolulu was the day Statehood was declared.

Miss Sullivan has lived in Bermuda and Mexico. Since she likes tropical weather, she applied to work in Kahuku when she saw a Fronk Clinic Ad in a magazine in Canada. Did you know that Canada reads ads about Kahuku? She assured me that this magazine goes to all parts of that Dominion.

ELLEN TOGO ON DEAN'S LIST LAST SEMESTER

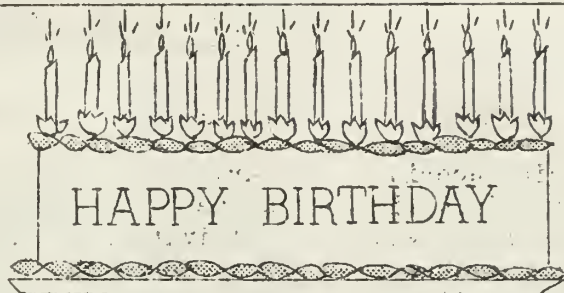

Ellen Togo received a letter from Dean Hubert V. Everly of the College of Education at the University congratulating her for being on the Dean's list for the first semester. This requires a grade of 3.5 or better. Ellen's average is 3.8.

NEW RCA MAN IS LESLIE LEIGH

Leslie Leigh, his wife and three boys (8, 4, and 2) are now living at Kawela Bay and Mr. Leigh is working at RCA.

Before coming to Kahuku, they lived in Tangiers, Morocco for ten years, and before that, eight years in other parts of Europe.

His wife is from Vienna and has a lovely accent; (she is lovely too). He is happy to be living in the "States" again after an 18 year absence. We welcome you, Leighs!!

MARCH 21 THROUGH APRIL 17

- 26 - Theron Alva Drummond.
- 27 - Santiago Ramos.
- 28 - Michael Patrick Tejada.
- 29 - Norlan Macanas, Mary Gail Caneda.
- 30 - Florencio Camit, Larna Keawemauhili, Eugene Kapuaohaohaonalaniehiku Galletes.
- 31 - Gloria Agustin.

- 14 - Filipinas Corazon Ramos.
- 15 - Don Bumanglag, Alvin Kahawaii.
- 16 - Arsenia Agcaoili, Dwayne Cadina.
- 17 - Elsie Emiko Yamauchi.

MORE HAPPY BIRTHDAYS

At last there has been a little plantation baby born at Kahuku Hospital.

Michael Allen was born on February 21 to Mr. and Mrs. Seferino Laguna. Congratulations to you parents. It has been several months since a plantation employee has had a new baby.

Little Olivia was born on Feb. 18, to Mr. and Mrs. Wylie Wilson Swapp of Laie Church College.

Dana Tafa is the name of the new baby born to Mr. and Mrs. Francis Shigemitsu on Feb. 26.

One more new baby is Ellsworth, son of Mr. and Mrs. Melvin Kaanana of Hauula. He was born on March 4.

VOLUME XV

APRIL 17, 1959

No. 312

## STOP THAT SENATE BILL 59

by James F. Morgan Jr.

Unemployment Compensation given to people who lose their jobs is paid for by the employers. Each company is taxed according to its payroll.

Hawaii is the only State in the Union where full time agricultural workers have the benefits of unemployment compensation. The law which provides these benefits was supported by the Sugar Plantations, the Pineapple Plantations, the Ranches, and other farmers in Hawaii.

The 1959 Legislature has before it proposals that would extend these benefits to seasonal or temporary employees. In other words, the law, as proposed, would tell an agricultural employer affected by the law, "If you give an unemployed person several months work on a farm as a seasonal employee during the year, then you must give him extra payments (through the unemployment insurance program) when the job is done."

The employer has not increased unemployment because he has hired men from the ranks of the unemployed for a temporary period. The unemployed person knows that he is being offered temporary employment before he accepts the work.

In the past, Kahuku has hired temporary employees to help us over our peak periods when it was necessary to keep our operations on schedule to maintain our maximum yields. By hiring these people on a temporary basis, we have been able to supply better work opportunity to our regular employees in the off season and slack periods.

The Pineapple Plantations are the largest users of seasonal employees, and their costs would go up an estimated total of \$317,000 per year. Since the amount they would be paying into the fund would not cover the estimated requirements of from \$1,000,000 to \$2,000,000

(Continued on Page 2)

## THE MANAGER IS GONE

### LONG LIVE THE MANAGER

The Morgans rate "tops"; the Holroyde family is gone. Good Luck and Best Wishes to all of them.

It was no April Fool joke that James F. Morgan Jr. became Manager of Kahuku Plantation the first day of this month.

We have seen his work as Assistant Manager, and he did all right in the change-over period when Mr. Holroyde was learning the ropes on Kauai.

A capable man is our "Bud" Morgan. He listens with interest to suggestions, makes quick (not snap) decisions, tries new things but hangs on to the good in the old. He realizes he is only one small part of the plantation, and can do nothing without the support of all employees.

Mrs. Morgan is a capable, willing worker in all community projects. Her social skills are excellent and her personality is such that we welcome her as the plantation "first lady".

Paul, Phillip, Peter and Martha are not "juvenile delinquents" (at this writing) but normal, healthy youngsters, and an interesting part of our community's younger set.

If the rest of us give our full support to our new manager, I don't see how this can help but be a happy, prosperous place to live.

## NOTICES OF MEETINGS:

The Annual meeting of the Members of Kahuku Hospital Association will be held on Wednesday, April 22, at 7:30 p.m. at the Hospital Basement, to be followed by the Annual Board of Directors' Meeting.

-----  
The Kahuku Community Council will meet at Kahuku Clubhouse on Monday, April 27, at 7:30 p.m.

WORK REPORT

Harvesting began on March 23rd in Field 20. This cane is a carry over from the 1958 crop. Juices appeared better than expected though cane tonnage was lighter than estimated.

A new system of brooming the cane is being tried to keep men working at a safe distance from the equipment.

Ten acres of cane land has been planted in areas that had not been used before or had not been in cane for several years.

Dry weather has made our pumps work at capacity pumping.

Weed spray gangs have been keeping up well with their schedules but with harvesting of the crop and increased areas to be weeded, the gang will be hard pressed to keep on schedule.

After difficulty with timing of the mill engine was corrected on the first afternoon, work has been smooth. The new automatic boiling device installed on No. 1 Pan has been working very well and should help insure a consistent quality of production.

Last month was the driest March we have recorded since 1926 and gives the driest first quarter since 1926.

SAFETY PAYS IN MANY WAYS

Kahuku's No-Lost Time Safety record for 1958 gave us two plaques, which were presented to Ray Woolley and Tora Nakamura at a luncheon on March 25.

One plaque was from the National Safety Council, and one from the Society of Safety Engineers.

A third award in the form of a certificate was presented from the Territory.

The Safety Committee of the plantation has done a good job and they will continue this work for one more year.

Members of this committee are:

Ray Woolley ....Chairman  
Merlin Pickett..Secretary  
Ralph Makiiau ..Trans. and Harvesting  
Tora Nakamura ..Factory and Shops  
Mac Ponciano ...Field

unemployment compensation the seasonal employees would be paid, other companies would have to increase their payments.

Using our 1957 figures when we hired temporary workers, we would have had to pay almost \$9,000 extra into the fund over and above the wages these people earned if the law had been in effect at the time.

Increasing the cost of doing business in this unreasonable manner is not only a hardship on businesses already established in Hawaii, but also would discourage new businesses from coming to Hawaii. There has been a lot of talk about the tourist and industrial expansion that will bring more employment and more money to the new State of Hawaii. It is better to increase the welfare of the community by increasing job opportunities, and not by increasing and extending unemployment compensation.

Everyone of us should be concerned by Senate Bill 59, and should ask the House of Representatives to defeat this bill.

WORLD SUGAR CONVENTION IN HAWAII

Preparations are being made for the Tenth Congress of the International Society of Sugar Cane Technologists to meet in Honolulu May 4-23.

Some 300 representatives of the world sugar cane producing areas will converge at that time. They come from Pakistan, Taiwan, Peru, Louisiana, South Africa, West Indies, Philippines and many other fascinating places.

They will have the opportunity to see the operations of the Hawaiian sugar industry, and everyone can exchange information.

General chairman of the conference is Dr. L.D. Bayer, director of the H.S.P.A.

Hawaii's five voting members will be: L.D. Bayer, C.E.S. Burns Jr., E.B. Holroyde, W. Kenda, and W.W.G. Moir.

On May 5 the Field men will visit in the morning at Waialua and in Kahuku in the afternoon. On May 6 there will be a tour of our factory.

The first time this group met was in 1924 and they met in Honolulu. This is only the second time the conference has been scheduled for Hawaii. The last 3 have been in Australia, '50; West Indies, '53; and India, '56.

ANNUAL REPORT PLUS FREE MEAL

All Department Heads, Supervisors, Office employees and their spouses are invited to partake of a free dinner on Sunday, April 19th at 6 p.m. at Kahuku School Cafeteria.

The purpose of this gathering is to hear the manager present his annual report.

Ray Woolley, K.C. Ross, Dean Conklin, and C.D. Christophersen will report on their work.

Does management feel that inducement is necessary to assure attendance? It's mighty lucky for Sunday cooks.

REPUBLICAN CLUB NEWS

The Republican Precinct Club met on April 1st at the Clubhouse. New officers are:

Leonard Primacio ...	President
Marcelo Ponciano ...	1st Vice-Pres.
George Lee .....	2nd Vice-Pres.
Jacob C. Ziegler ...	3rd Vice-Pres.
Bernard Corpus .....	Secretary.
Soichi Yonemori ....	Treasurer
James F. Morgan Jr.)	Executive
K. C. Ross )	Committee
Jerry Loveland )	
Helen Bader .....	Committee Woman
Val Blomfield .....	Committee Man

Albert Evensen has been chosen to be Republican candidate for Territorial House of Representatives from the 8th District. This seat was left vacant by the death of Samuel Wilder King.

Evensen spent many summers at Kawela Bay when he was growing up, so he is not a stranger to Kahuku.

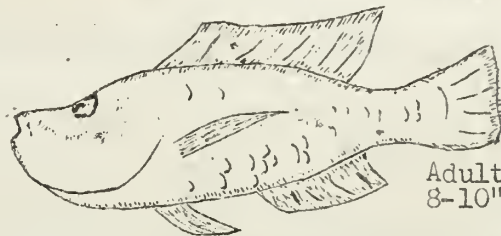

The Democratic candidate for this position is Robert E. Cates.

The candidates were chosen by Conventions so there will not need to be a Primary election. Saturday, April 25, is the day set for this election. Be sure to go to the polls and vote.

CREDIT UNION CONVENTION ON KAUAI

Four delegates from Kahuku attended the annual Hawaiian Credit Union League Convention on Kauai, April 3-4-5. They were: Atanacio Acantilado, Augustine Miram, Marcelo Ponciano, and Leonard Primacio.

They said, "Kauai is a Garden Island".

Adult  
8-10" long

"TILAPIA"--FUTURE NOT PRESENT FOOD

by Thomas Nakayama

Two years ago we obtained from Ewa Plantation Co., two dozen fresh water fish called Tilapia, for a special job; that is to keep our drain ditches free of their favorite food, aquatic limu.

Tilapia are prolific reproducers. Because of this fact, in the two years we have planted them in many of our drain ditches.

Today we find in those ditches, where these fish are abundant, free flowing water with little obstructing limu.

There are more aquatic weeds to be cleaned up by these voracious fish.

The day will come when these ditches will be overstocked. Then through announcement, we shall welcome all you sporting fishermen to fish with poles and hooks (not nets).

Please cooperate with us by NOT fishing until such a day arrives.

Please inform any outsider, who comes to fish, of the above facts; so that the drain ditches will not be fished out before they are free of weeds, and overstocked with tilapia.

MORE NEWS FROM THE OFFICE FILES

A tape recorded speech for Shop and Factory personnel was heard at 9 a.m. at the Clubhouse on April 4 and 10.

Val Blomfield was in charge. This speech was given by Mr. Herman Steinkraus at the 9th annual Industrial Relations Conference of the Hawaii Employers Council last May.

Bear Drummond has been given the job of Utility Machinist, Trainee--Grade 3, because it is a job he can do, and he showed keen interest in the work during off season.

Drummond, who lost his leg due to an accident on Nov. 16, 1956, was given the job of Spray Truck Driver, Grade 4. He decided he couldn't handle this job, so had tried many jobs. This new one seems best for him. Good luck Bear!

### KAHUKU HOSPITAL AUXILIARY

It is hard to believe!!!! Our building is nearly paid for. The McInerney Foundation has given us \$1300. We are grateful beyond words! Now there will be no need to borrow from the bank...no interest to pay. Isn't it wonderful? The Atherton Trust gave us \$1000 and with what we have made, we can pay for the shell of the building.

We are still begging the community for a little more support to pay for the wiring, plumbing, some shelves and other expenses that will undoubtedly come up. Mr. Masanori Kaneyuki has promised us some of his time to help in laying the pipes. The construction should begin by next week.

-----  
The next quarterly meeting of the Auxiliary will be held on Thursday at 3:00 p.m., April 23rd at the Clubhouse.

There will be a film called "Bitter Welcome" about mental patients returning to society. It is an excellent movie and will give us a better insight into the problem that affects so many of us. We will also discuss plans for moving into our new building.

-----  
The Auxiliary has ordered a new all steel utility cart for the hospital. It has six shelves and is used to carry trays, instruments, etc. It has been high on the list of requests for a long time.

-----  
Many thanks go to Lindy Ching and his store staff for suggesting that the Auxiliary Women serve lunch there during his Anniversary Sale. The Auxiliary made \$150 dollars which is not to be sneezed at. The lunch was delicious, as many of you may attest. Most of the food was donated by the store, and of course much time and effort was donated as usual by many faithful workers.

THANK YOU THANK YOU, GENEROUS LINDY!

BUY AT KAHUKU SUPER MARKET

### DISABLED WORKERS MAY QUALIFY

One of the recent changes in the Social Security law permits payment of benefits to some disabled persons who had not been covered in the period just before they became disabled, according to Edward H. Ichiyama of the Honolulu Social Security office.

The disabled worker must have worked on jobs covered by Social Security at least five years out of the 10 years just before he became disabled, but no longer does a year and a half of the covered work have to have been during the three-year period just before the disability began.

Disabled persons who had previously been ineligible should get in touch with the Social Security office again.

Leaflet 1958-2, outlining the change will be sent on request by the Honolulu Social Security office.

### MOONLIGHT AND HOTDOGS

The Fronk Clinic and Hospital staffs had a potluck moonlight wiener roast at Kahuku Beach on Friday, April 3rd.

Harold Palimoo and Richard Mendes were "right on" with the musical portion of the evening. The bonfire and the moon gave a glow to a group of happy people.

### NOW YOU'LL GET IT KIDS!

Parents of young vandals in the camps will be charged for damage to personal property done by their offspring.

There has been an epidemic of vandalism around here lately. It must stop.

Parents may feel that it is impossible to make their children behave, but paying for a broken window or two will inspire them to try some discipline.

Escapes from prison were in our neighborhood for awhile and may have been responsible for this--or it may have been done by local talent. However:

Someone stole gasoline from Mr. Woolley's truck, and Someone did terrific damage to a tractor in Field 16-A. The radiator was punctured, seats slashed, a tool box lock broken, and personal tools were stolen.

ST. ROCH'S CHURCH NEWS

The annual "Flores de Mayo" is scheduled for May 16 and 17. It is again sponsored by the St. Roch's Filipino Catholic Club under the leadership of Mrs. Patricia Ponciano.

NOVENAS at the members homes will begin on May 7 and continue thru May 15.

CORONATION AND PROGRAM set for Saturday evening May 16 is as follows:

On Sunday, May 17 at 9:00 a.m., a procession thru the camps will be accompanied by the St. Roch's Drum and Bugle Corps and a Band from Schofield. At 1:00 p.m. a SPORTS PROGRAM will be held at the church grounds.

METHODIST CHURCH NEWS

The Hastings family left Kahuku and the islands on Easter Sunday. Word en-route told of a storm at sea but all were well.

Church services at Sunset have been discontinued at least temporarily. The people down there would indeed be welcome at the Kahuku Church.

Sunday School time has been changed back to 9:00 a.m., and church will be at 10:00 a.m. for the time being.

The Rev. Harry Komoro, Supt. of the Methodist Mission preached here on April 5. He met with the Board members to get plans made for the church, and for the new preacher who should be here in June.

The Mission Board has given their permission for fixing up the parsonage and church before the new man arrives.

The Rev. J. Arthur Padgett of Florida preached here on April 12.

April 19 The Rev. Robert P. McCullagh of Wesley Foundation at Univ.

April 26 The Rev. Frank W. Agte, Ariz.

May 3) Chaplain Robert W. Rutan, U. S.

May 10) Air Force, Hickam.

Jim and Colleen Wiggins will be back in the islands the middle of June to be in Youth work in Honolulu. If we have no preacher by then, they may be sent out here for a short time.

THE KAHUKU SCHOOL MAY DAY PROGRAM is to be at 4:15 p.m. on May 1st. on the Athletic field. Queen Signe Hermanson will reign over the festivities. You are cordially invited to attend.

PTA INVITES YOU TO MEETING

Problems of children from 5th through 8th grades will be discussed at the April 20 PTA meeting.

The May meeting will be a dinner on May 11, starting at 6:00 p.m. Notice the date has been changed from the third Monday to the second.

The cost of this guaranteed to be good dinner will be \$1.00; no reduction for kids as we don't want them there unless you can't come without them.

New officers will be elected and installed at the business meeting. For entertainment, we will be favored with a concert by the Kahuku School Chorus under the direction of Mr. Melsted.

Notice the date: May 11. You can get tickets through your school children. Notices will be sent out by the school.

PALIMOO'S JUDO-JUJITSU PROGRAM

Friends and relatives of Kahuku's Judo class were invited to witness an Exhibition and Promotion at the Clubhouse on Sunday afternoon, April 5.

Mr. Jack Wheat, President of American Judo-Jujitsu Institute of Honolulu, and Mr. Emil Freedman, former President, came to Kahuku to witness the work done by Mr. Harold Palimoo's group, and to present Judo belts to 19 young people.

Ronald Matsuda received the brown belt, which is the highest honor received to date by any of the class. Ronald is beginning his third year of training with Mr. Palimoo, and was appointed Assistant Instructor.

One Senior boy received a blue belt.

Two Junior girls were given the purple and white belt, and fifteen Junior boys won the belts of blue and white.

Mr. Palimoo is to be congratulated on the fine showing of his group of students. He took part in the afternoon's program by demonstrating "Judo Chops". With his bare hands he broke blocks of red wood and of concrete.

REGISTRATION FOR KINDERGARTEN AND FIRST GRADE for Sept. 1959 will be on April 20, 21 and 22 from 9:00 to 4:00.

Bring birth certificates or baptismal certificates and a health card from the doctor.

# SPORTS SHORTS

## KAHUKU GOLF CLUB NEWS

Harry Kahuanui, Crabbe Anamizu and Fred Shimote tied for first place in the April Ace tournament with a net score of 70. The winner of this tournament will be decided this Sunday, April 19.

Douglas Kim's net 69 score was only a "warm-up" affair, due to winning an Ace Tournament prior to this golfest.

Douglas Kim	72	3	69
Harry Kahuanui	77	7	70
Crabbe Anamizu	80	10	70
Fred Shimote	106	36	70

The Ace of Aces will tee off this Sunday April 19 at the Kahuku Municipal Golf Course. At stake will be the Ching Tong Leong trophy.

The second half of the Home and Home golf tournament will be played at the Pali Course on Sunday, May 17th. The Kahuku Golf Club members are looking forward to the 19th Puka-Puka, as guests of the Kaneohe Golf Club. Oh, solo-mio!

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held a Medal play golf tournament on Sunday, March 22 for the Mayflower Kona Coffee trophy at the Kahuku Municipal Golf Course with the results as follows:

Solomon Adams	81	15	66
Gerald Tubal	72	4	68
Felix Llanos	76	8	68
James Barientos ....	Low Gross .. 75		

The Windward Golf Club held an Inter-Club Team play on Sunday, April 12 at the Kahuku Golf Course with Uruma Golf Club of Honolulu. The Windward club defeated the Uruma Golf Club.

The Windward Golf Club will play for the National Lead Co. Trophy on Sunday, April 26 at the Kahuku Course with starting times at 8:30 a.m.

## CAN YOU BEAT THIS?

The KJAC Fishing Contest will close on April 30. Three very good prizes are to be awarded. Better do some hustling if you want to beat these fishermen who are now leading in these divisions:

Ulua .. Walter Fujimoto...30 lb.  
Oio ... Takeo Sato ..... 7 lb. 1/2 oz.  
Moi ... Buster Suzuki.....21lb. 10 1/2 oz.

## YOU HAVE A DATE SO DON'T BE LATE

Richard Kim Relays are being held tonight on the Carleton E. Weimer Athletic Field. Do plan to attend.

Richard, son of Turn Koo Kim, was lost in action in the Korean War. He was Kahuku's Track Star.

It was last year at this meet that Kahuku's Athletic Field was officially named The Carleton E. Weimer Field, in memory of the man who was Principal of our school for so many years.

MORE HAPPY BIRTHDAYS

Yēp, that old stork was around this time and he brought one little girl for a Plantation family.

Little Shari Nakamura arrived on March 25 to live with Mr. and Mrs. Toranosuke Nakamura.

Anthony was born on March 13 to Sgt. and Mrs. Jerry Truelove of Hauula. Dad is in the Marines.

On March 26, Mr. and Mrs. Roland Char of Hauula became the parents of Lori.

Abraham was born on March 31 to Mr. and Mrs. Vicente Cuizon of Laie.

Laie also welcomes little Cyann, born on April 6 to Mr. and Mrs. Henry Wong.

Elizabeth became the daughter of Mr. and Mrs. Mathew Kaahu of Hauula on Apr. 9.

HELP KEEP HOSPITAL RATES DOWN

If individuals and organizations of this community would send letters to the Territorial Legislature asking for the support of HB 391 and HB 690, they might help keep Kahuku Hospital rates from being set higher.

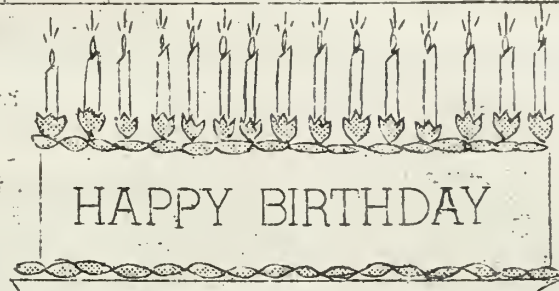

This is what has happened. The Terr. Ward-Bed Subsidy to all private hospitals, which has been important in keeping our daily cost to patients as low as it is, will cease June 30, 1959, unless the Legislature helps us.

A bill, SB 156 (HB 391 and HB 690), provides for a Ward-Bed Subsidy of \$1.00 per day. This bill is now in the Senate.

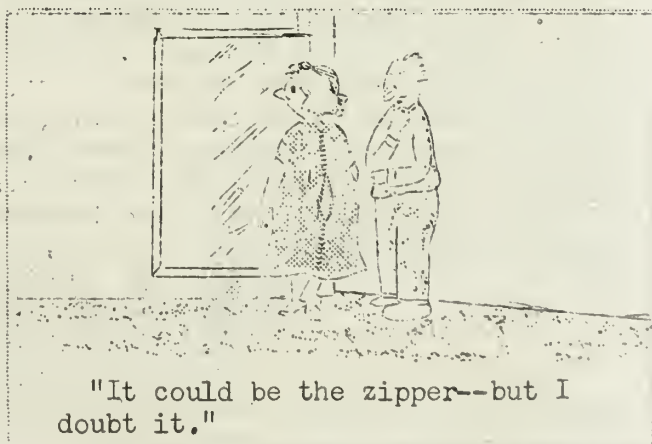

We are proud of our hospital, the only one on North Shore, and one of the few in the islands to be accredited. Our costs are lower than those of most hospitals too. Careful planning and "eternal vigilance" is partly responsible; but without the C&C fund for ambulance and emergency unit, and the Ward-Bed Subsidy from the Terr., rates must go up.

Do Kokua by writing letters urging the passage of this legislation, and send them to the places where they'll do the most good.

"Don't fight a problem--work to find a solution."

## CLARIFICATION ON OUTGOING MAIL

1. The first outgoing mail from Kahuku at 8:35 a.m. will only be delivered to the following post offices: Laie, Hanalei, Kaaawa, Kaneohe, Kailua and Waimanalo.

2. The second outgoing mail at 2:20 p.m. will be delivered to the following post offices: Haleiwa, Waialua, Wahiawa, Kula, Waipahu, Pearl City, Aiea and Honolulu. Mail for Ewa, Nanakuli and Waiānae is reforwarded from Waipahu.

All air mail will make connection with the earliest outgoing planes, (mainland, transpacific and inter-island).

All first class mail for Honolulu will be delivered by the following day.

(Special Delivery Mail to residents will be delivered on day of arrival.)

For further information, ask at P.O.

## ARE YOU A PHILATELIST?

If you are interested in collecting stamps, watch for the new Hawaii Statehood airmail stamp. President Eisenhower has announced that it will be on sale in Post Offices on the day that he signs Hawaii's Statehood bill.

Another Hawaii stamp will be issued on the 4th of July that comes after we are a state. This stamp will display the U.S. Flag with 50 stars.

Alaska already has her airmail stamp.

No. 313

## WORLD SUGAR PEOPLE VISIT KAHUKU

by James F. Morgan Jr.

It was a linguist's paradise here at Kahuku last Tuesday and Wednesday, when the delegates to the Tenth Congress of the International Society of Sugar Cane Technologists visited the Plantation.

Areas from almost the entire Sugar Cane growing world were represented here in the two days. Though their time here was limited to about two hours, they showed a keen interest in our operations and living conditions, and fired an endless barrage of questions at our guides.

### THE FEMININE TOUCH

After visiting the demonstrations that were arranged at Kahuku, they gathered at the Club House for refreshments. The women who helped with the refreshments did a wonderful job, and I'm sure found the experience very rewarding.

On Wednesday, we had an added attraction, a hula performance, put on by Mary Jean Perreira, Gail Nakamura, Helen Sanjume, and Maryette Tejada, students of Mrs. Zuttermeister.

### REPLANT TRACTOR

We can be very proud that we were able to show these delegates three operations which were originated and developed here at our Plantation.

In the field we demonstrated the replant tractor which is operated by a driver and two helpers. The helpers drop seed into holes made in the soil by air driven plows. They also cover the seed with similar equipment in almost the same operation. With these three men we are able to replant the same area as six men normally do, without it. Though this machine can only operate on our more level ground, it saves us many man-hours each year.

### BAGASSE RECLAIMER

The factory delegates saw our bagasse (next column)

## AUTOMATIC BOILING DEVICE

The third original development is the automatic boiling device which feeds the pans continuously and automatically in a predetermined time and to a predetermined boiling point. This system is foolproof and relieves the sugar boiler from a lot of detailed and frequent checking. A patent for this equipment has been applied for to protect the interests of the Hawaiian Sugar Industry.

## KAHUKU'S TALENTED PEOPLE

Like most every invention or improvement, these three Kahuku inventions were the work of many people giving their time and thought so that the end result is a combination of all of their contributions. However, in every new development there must be a guiding force through which ideas must be channeled, evaluated, and assembled into the final product. In these instances we are highly indebted to Luke Hebert for being the

(continued on Page 5)

## NOTICE TO KAHUKUAN CONTRIBUTORS

The Kahukuan for June will come out a week early, on June 12. This means that articles you want printed must be in the Plantation office on June 5 to make sure they will get printed. The first of June is no "bed of roses" for a school teacher, so give the Editor a break and meet that deadline.

## Bagasse Reclaimer

reclaimer which is also a Kahuku original. It is used to take bagasse from the stock pile in the storage room and move it on to a conveyor for feeding into the furnaces. This work which was formerly done by hand was a dusty, unpleasant task requiring many man-hours. Now this work is done by a man not having to do anything harder than push a button.

SUGAR & CANE YIELDS FOR APRIL

	April 1959	To Date 1959
Total Tons Sugar	2,198.781	2,371.399
Tons Cane Per Acre	84.44	81.83
" " Per Ton Sugar	9.42	9.42
Tons Sugar Per Acre	8.68	8.68

PLANTATION WORK PROGRESS

LAWNS SEEM pretty dry, but there has been more rain this April than in April of 1958. Temperatures have been higher this year than last.

This hot dry weather has helped harvesting. Cane tonnage has been low but juices have been good enough to put us 15.479 tons of sugar over the estimate.

THE NEW RAKE tractor purchased this year is performing well. Field work is on schedule. Small areas adjoining present fields have been cleared and prepared for planting.

IRRIGATION HAS been heavy because of the dry weather. Large concrete flumes and some aluminum flumes have been installed. It is cheaper to put these in now than to wait till the next planting time for these fields.

WEEDS HAVE been a problem, but are well under control. A new herbicide, "Simazin" is being tried and seems very effective.

THE GRINDING rate of the Factory is considerably better than last year. Sugar quality has been excellent.

A CANE FIRE along Sacred Falls road was put out after 8 acres had burned. Harvesting was started the next day. Juices were good.

STARTING MAY 13, the mill will be shut down during the day shift each Wednesday for repairs.

THE HSPA and Plantation have planted new varieties of cane for testing in Field 6C. If they show up well here, we will have the first chance to spread them.

ONE OF THE TWO new service trucks has arrived. Now there will be one truck for fuel and one for servicing, which will give more flexibility.

THE UNEMPLOYMENT Compensation to Seasonal Agriculture Employees bill was passed by the Legislature in a modified form that was more acceptable to industry than the original bill. Keep informed on legislation.

ANNUAL REPORT FOR YEAR 1958

A free dinner is a delightful addition to the presentation of the Plantation Annual Report.

Sunday, April 19 was the date, and here are the highlights of Kahuku Plantation for the year 1958:

1. Bargaining Unit employees strike from February 1 to June 7.
2. Harvesting started June 13th and was completed on December 17th.
3. Total sugar production was 16,821 tons.
4. The Company completed the first year in its history without a lost time accident.
5. Kahuku earned a profit of \$37,189.60 before extraordinary charges.
6. A dividend of 40 cents per share was paid to the Stockholders.

The Safety Award Key-rings given with copies of the report will be useful and remind us all of Kahuku's 1958 Perfect Safety Score.

DEPENDENTS OF DISABLED WORKERS

Edward H. Ichiyama of the Honolulu Social Security office, announced that applications for benefits are now being taken from eligible dependents of disabled workers.

The 1958 amendments to the Social Security Law have made it possible for members of a disabled worker's family to receive benefits if the worker himself is receiving Social Security disability benefits. The dependents who are now eligible for monthly benefits are unmarried children who are under 18 or disabled, a wife who has such a child in her care or who is 62, and a dependent husband age 65.

Since July, 1957, monthly benefits have been payable to a qualified disabled worker at age 50. Benefits to his eligible dependents were payable for the first time for the month of Sept., 1958.

Mr. Ichiyama emphasized that it is necessary for these newly eligible dependents to file an application for the benefits. They are not automatic. For information or assistance in claiming benefits, call at your Social Security office.

Mr. Ichiyama's next visit to Kahuku will be on Thursday, June 4.

COCONUT LEAF ROLLERS

by Thomas Nakayama

Kahuku Town, noted for its beautiful coconut trees, has somewhat taken on a gruesome picture in the past month. The green-leaved trees have become yellow and brown with only the leaf mid-rib showing.

This phenomenon is caused by the insect known as the Coconut Leaf Roller. It is similar to the sugar cane Leaf Roller.

The cycle starts with the 3/4" grey moth, which many of you have seen flying around recently, laying its eggs under the coconut leaves. These eggs later hatch into little worms which feed on the tender part of the leaves. This is why today you will see only mid-ribs or a few blocks of dried brown part of the leaf attached to the mid-rib here and there.

This situation has occurred in past years, but never as prominently as this year.

There is nothing much we humans can do. The leaf roller parasite, a wasp which lays its eggs in the moth eggs, is quite prevalent, and doing a man sized job of eradication. So in a few months we will have our normal green coconut trees again.

TRAMP DOLLARS

"Tramp Dollars"! That's our subject.

In-and-out money in the Credit Union we're talking about. Dollars that members put on their shares, account and then pull out again, almost right away.

Restless dollars that can't earn anything for their owners, because they don't stay put long enough.

Dollars too temporary to lend to other members who'd like to use them, and pay for the privilege.

Dollars that are more of a liability than an asset. Dollars that cost time and money to keep track of. Dollars that add to the Credit Union's expenses and so eat up dividends and cut down on interest refunds.

A Credit Union is no place for that kind of shiftless money. Put your dollars into the Credit Union and leave them there long enough for them to go to work for you.

Don't make a bum out of your buck.

LEIGH IN NORTH AFRICA

Mr. Leslie Leigh of RCA at Kahuku was guest speaker at the May meeting of the Supervisors' Club, last night at the Club House.

He provided a most interesting evening with his talk and his colored pictures on North Africa.

The hot coffee and doughnuts for refreshments were enjoyed by the "Ladies Cordially Invited", and blasted by the men who missed their usual hot dogs and beer.

NEWS FROM THE LIONS' DEN

The Koolauloa Lions Club will celebrate their 12th Charter Anniversary, tomorrow (Sat.) night, with a "Chicken Hekka" dinner at the Club House. John Ah Quin and his group will furnish the entertainment.

The officers elected for the year starting June 1, will be installed by Lion Dwight Uyeno, District Governor, District 50.

The officers are: Daniel Kahawaii, President; William Kaya, 1st Vice-Pres.; Edward Anzai, 2nd Vice-Pres.; Yoshiro Anamizu, 3rd Vice-Pres.; Merlin Pickett, Secretary; Samuel Chastain, Treas.; Kenichi Sanjume, Tail Twister; Fred Shimote, Lion Tamer; Harry Shiroma and Joe Ahuna, Directors for 2 years; Louis Pereira and Douglas Kim, Directors for 1 year; and Marcelo Ponciano, Immediate Past President.

Members who made 100% meeting attendance for the year are Lions Edward Anzai, Samuel Chastain, Douglas Kim, Louis Pereira, Marcelo Ponciano, Kenichi Sanjume, and Fred Shimote. They will receive the 100% Lions International Pins. Lions Louis Pereira and Marcelo Ponciano, the only remaining Charter members will be honored.

Lions Edward Anzai and Louis Pereira were selected as delegates to the District 50 Convention to be held at the Hawaiian Village on May 28, 29, and 30. Alternates are Lions Douglas Kim and Marcelo Ponciano.

The Koolauloa Lions Club assignment at the convention will be the decoration of the convention site at the Hawaiian Village.

### KAHUKU HOSPITAL AUXILIARY

Auxiliary news is Sparse! We are waiting for the building to go up.

Ralph Makaiau leveled the building area again with a grader, and Masanori Kaneyuki, Kiyoshi Matsuura and Luke Hebert finished the plumbing and electric plans, so all is set.

It shouldn't take more than a week to build, once it is started. We thank them again and again.

Friday, May 15, is the Annual Meeting of the Council of Hospital Auxiliaries at Queen's Surf. Any auxiliary member is invited to attend. It is only \$2.50 per person, which includes registration, and lunch. Two speakers will talk on Leadership. This is a good subject for Kahuku, as we all need to take turns being presidents etc. It is downright undemocratic to always let the other fellow do it.

### ARE OUR CHILDREN PROPERLY FED?

As a result of the Science Fair where one of the Roosevelt High School girls did a study on what her fellow students ate for breakfast, the Fifth and Sixth grades at Kahuku did an informal study on the same subject.

For three days they wrote down what they ate for breakfast. No names were signed to the papers.

The results were rather shocking! Imagine! Some of our kids go to school with no breakfast at all...even three mornings in a row. Some have only seed, some have just a cup of chocolate.

But the most shocking thing of all is that the great majority of our kids have no fruit at all...not even fruit juice.

Maybe we need more education on the subject of Vitamin C. Pills do not take the place of the actual fruit. Our kids need fruit...especially for breakfast. It gives them the energy they need to start the day.

The kid who eats a balanced diet usually does better school work. A daily breakfast is a healthy habit.

### NATIONAL HOSPITAL WEEK

This is National Hospital Week. The Kahuku Hospital has not scheduled a special Open House, but would be happy to have any of you who are interested come up to visit your community hospital.

The Ladies in Pink have decorated a window at the Super Market to call your attention to this special week and to the hospital for which they give so many hours of helpful service.

### KEEP OFF THAT AMBULANCE ROAD

That fascinating new road at the hospital is not for YOU dear readers. It was put there for the ambulance. Do keep it free of parked cars at all times so it can serve us well in case of an emergency.

A large parking lot for patients' cars is provided at the front of the hospital. Use it; do not park on the road between the main highway and the ambulance garage.

The large new parking area behind the hospital looks most inviting, but it is not for you either. Hospital and Frong Clinic employees are the only ones who are supposed to park their cars there.

Park your cars on your own parking lot, PLEASE!

The C&C Emergency Hospital and our Ambulance Service has been extended for another two years. It is a lucky thing for all of us that this service was not taken away.

Something new has been added to the Ambulance Service. James Caban has been taken on as a new driver. He graduates from Kahuku High in June, but has already taken on his duties.

He has replaced Richard Mendes who has left Kahuku to take a job in Kailua.

### ARE VITAMINS WHAT YOU NEED

"Take a vitamin and you'll be all right"...how often we hear that advice from friends of the non-doctor variety.

But play it safe and get a doctor's advice and prescription before following such advice. The danger involved as a result of such misinformation on nutrition can be more harmful than helpful to one's health.

(continued from page 1)

guiding force behind the replant tractor to which he contributed a great deal of his ingenuity, to C.D. Christophersen Jr. who originated and guided the development of the bagasse reclaimer, and to Dean Conklin for his vision and work on the automatic boiling device.

In our struggle for survival we are dependent upon new developments of this type to help us do better work cheaper. We can be thankful that we have here at Kahuku men who have imagination and ability to make improvements that have kept us in business.

Every day in our routine work we are continually having to meet new and changing situations, and we are indebted to all of you, who as unsung heroes, are daily making improvements in your operations which never get generally recognized. The fact that Kahuku Plantation is here today is a tribute to your ability to make these improvements.

#### HOSPITAL AND CLINIC NEWS

Miss Helen Shepherd left last Saturday for her home in Canada. She is the plucky young girl with her arm in a sling who kept on working with but one arm, even typing with the one hand.

Mrs. Matsuda is back in the prescription room after a trip to the coast and a visit with two charming granddaughters.

May Day was the date for a Farewell party by the Hospital and Fronk Clinic Staffs for their four co-workers who are leaving us.

This party was a Pot-luck dinner with delicious food of every variety. Harold Palimoo and Mr. and Mrs. David Kuhia were the entertainers at this affair.

The four who were honored on this evening were: Helen Shepherd, Joy Towne, Dawn Croll and Richard Mendes.

Joy and Dawn will be leaving May 20th on the Lurline. Joy is going to Phoenix and Dawn to San Francisco.

Two new nurses are expected to arrive for duty at the hospital tomorrow, on May 16.

These girls are Jo Ann Erickson and Mary Kobashi who come from St. Joseph's Hospital in Phoenix Arizona.

#### MORE PLANTATION NEWS

Three employees have earned promotions recently. They are:

MARTIN GALAPIA: From Tractor Helper, Plow to Irrigation Flume Layer.

ANGEL RAMOS: From Utility Machinist to Machinist - Trainee.

TAKEO KAKUNI: From Machinist to Machinist Journeyman - Trainee.

Kazu Marumoto attended the Union Convention in Seattle Washington from April 3 - April 22. He reported that he got to see a great deal of the country although he was ill during most of the trip.

The snow on Mt. Ranier was most interesting to a Hawaii resident. He took in sights from Vancouver Canada all the way down the coast to Los Angeles.

Quite a colony of former Kahukuites live in L.A. Kazu reported that they seemed well and happy in their transplanted homes.

There is just no room to write up the PTA dinner, BUT IT WAS NICE.

#### DEATH COMES TO TELESFORO CADELINIA

Telesforo Cadelinia passed away at Kahuku Hospital on Friday May 8th. He had been given early disability retirement by the Plantation last November.

For many years he had worked for the Plantation as Field Supervisor, coming here in June 1930.

Mr. Cadelinia's family is Mrs. Rufina Cadelinia; sons, Pedro of the Philippines, Andres, U.S. Army in Japan; Romualdo of Honolulu; Matias, U.S. Air Force; Maria, Lydia, Susanna of Honolulu; and Anastacia of Loma Linda College.

The funeral was in Honolulu but burial was in Kahuku Cemetery.

#### ANOTHER RETIRED EMPLOYEE DIES

Leon Avenir died in Honolulu on May 7 at the age of 81. He had been living in a private Old Man's Home in Honolulu.

Mr. Avenir was employed by Kahuku in the Service Department, and was here from 1927 till 1949.

He had no known relatives in the islands. His body was on view on May 9 at the Kahuku Community Clubhouse. Burial was in the Kahuku Christian Cemetery.

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held its April monthly ace on Sunday, April 26 at the Kahuku Municipal Golf Course with the following results:

Jacob Kuni	83	17	66
Wally Shinsato	78	12	66
George Hatico	75	8	67
H. K. Ichida	80	13	67
James Hayashi	.....	Low Gross	77

The Windward Golf Club held its monthly ace for May on Sunday, May 10 at the Kahuku Golf Course with scores as follows:

Shorty Llanos	77	13	64
Felix Llanos	77	8	69
Pablo Tenebroso	90	21	69
George Hatico	.....	Low Gross	79
James Barientos	.....		

The Windward Golf Club will play a 36 hole medal play golf tournament for the Hawaii Public Links Benefit trophy.

The first 18 holes will be played on Sunday, May 24 with the final 18 holes to be played on Sunday, May 31, at the Kahuku Municipal Golf Course, with starting times at 8:30 a.m.

## SOFTBALL AND VOLLEYBALL LEAGUE

A Softball Open League and a Volleyball League will be started at Kahuku in the very near future. All clubs interested in participating should contact Louis Pereira immediately.

Herbert Miranda and Daniel Landeza have offered to assist with the leagues.

These two leagues are open to all who are residing in the Koolauloa area.

## NEW SPONSOR FOR FISHING CONTEST

Kahuku Theatre is sponsoring a Fishing Contest, starting June 1st and running till the end of the year.

Prizes will be given for two classes;

## K.J.A.C. SPORTSMEN'S BANQUET

On Sunday, May 3, the Kahuku Japanese Athletic Club held a banquet for the baseball team and the Fishing Club. Awards were given to various winners.

Receiving trophies in the Kahuku baseball teams in the West Oahu Junior League were Kenneth Nakayama, who received two trophies, one for the most total bases and another for the highest batting average; Ray Kimura, who had the most stolen bases; Philip "Yoge" Chun, who had the most runs scored; and Edwin Furuto, who received a trophy for the runner-up in the most runs batted in.

IN THE SMALL-FRY League, Clarence Saito received a trophy for the highest batting average, and Wayne Nakamura had the runner-up trophy.

Prizes were given to the various winners of the fishing contest, sponsored by the Kahuku Japanese Athletic Club.

Mr. Buster Suzuki was given a prize for catching the largest Moi; Mr. Red Sato caught the largest Oio; and Mr. Walter Fujimoto received a prize for catching the largest Ulua.

We would like to congratulate each of the recipients of the various awards, and we hope they will keep up the good sportsmanship.

## RURAL OAHU MENEHUNE SCHEDULE

First Round	Time: 1:30 p.m.	At:
5/16/59	Orioles vs Red Sox	KAHUKU
	Yankees vs Indians	Wahiawa
5/24/59	Red Sox vs Yankees	Haleiwa
	Indians vs Orioles	Ewa
5/31/59	Orioles vs Yankees	KAHUKU
	Red Sox vs Indians	Haleiwa
Second Round		
6/7/59	Red Sox vs Orioles	Haleiwa
	Indians vs Yankees	Ewa
6/14/59	Yankees vs Red Sox	Wahiawa
	Orioles vs Indians	KAHUKU
6/21/59	Yankees vs Orioles	Wahiawa
	Indians vs Red Sox	Ewa

Japanese Language School: Mon.-Friday.

CANCER FILM AT SCHOOL FOR PUBLIC

Mr. Fujinaga, representing the Cancer Society, will show a film in the Audio-Visual room on Wednesday, May 20 at 2:45. The public is invited; adults only.

The students were shown a different cancer film this week.

ATHLETIC AWARDS DINNER

You are all invited to come to the dinner to honor Kahuku School's Athletes on May 29, at 6:00 o'clock. Tickets are \$1.25 each. We hope to have a crowd at this dinner. Come out and show your interest in their Athletic Program.

JUNE GRADUATE EVENTS

Graduation Exercises for the Seniors Class of 1959 will be held at the Kahuku Gymnasium on June 6, at 4:00 p.m.

Dr. Snyder, President of the University of Hawaii will be the speaker.

Baccalaureate Services will be held at the Gymnasium on Sunday, May 31, at 3:00 p.m.

The community is cordially invited to attend these exercises. There will be reserved seats for the parents of the graduates.

ST. ROCH'S NEWS

The Holy Name Society and other men and their wives partook of Mass and Holy Communion together on Mother's Day.

After the service, they enjoyed a pot luck dinner, and each man presented his wife with a gift.

A guest speaker from Honolulu spoke at the dinner on "Marriage and Family Life".

-----

The annual "Flores De Mayo Festival" will again be sponsored by the St. Roch's Filipino Catholic Club.

Chosen Festival Queen was Pearlisa, daughter of Mr. and Mrs. Jose Ancog. Her attendants will be Rowena Tubal, Gloria Miram, Carmen Mariano, and Gloria Agustin.

On Friday evening, May 15, at 7:00 the eighth night of Novena Prayers will be held at the home of Mr. and Mrs. Andres Agustin Jr. of Ocean View.

On Saturday, at 6:00 p.m., the Prayers will be said in church, followed by the crowning of Queen Pearlisa. A talent program will follow immediately in the parish hall.

On Sunday, May 17, a procession, composed of various church societies, Boy Scouts, Girl Scouts, St. Roch's Drum and Bugle Corps, and the 27th Wolfhound Regimental Band from Schofield will leave Andrew Adams Park at 9:00 a.m. and end at the church. Pearlisa will crown the Blessed Virgin Mary just prior to High Mass at 10:00 a.m.

A Sports program will take place at 1:00 p.m. at the church grounds. The public is invited.

WEDDING BELLS

Miss Leonora Primacio, daughter of Mr. and Mrs. John Primacio Sr., is married to Joseph D. Bando of Quincy, Massachusetts.

The wedding took place at The St. James Cathedral in Seattle on the 2nd of May.

Leonora attended Kahuku High and St. Elizabeth's School of Nursing. She has been working as nurse in the Swedish Hospital in Seattle.

Joseph Bando attended The University of Washington, a biologist, majoring in Fisheries.

At present he is Vice-Pres. of their own corporation in Fairbanks, Alaska.

TANAKA PRESIDENT HOSPITAL ASSOCIATION

Shoso Tanaka was elected President of Kahuku Hospital Association at the annual meeting held on April 22.

Other officers are: 1st Vice-Pres. Soichi Yonemori, 2nd Vice-Pres. Val Blomfield, Sec.-Treas. George Wong.

Mr. Gerald Seaman, retiring President reported that the outstanding news of accomplishment for the year was the installing of the Emergency Unit and Ambulance Service and training of personnel.

MATSUDAS HOME FROM MAINLAND JAUNT

Mr. and Mrs. Matsuda have returned from a trip to the states. The initial reason for the trip was a convention in Kansas City for Shinichi.

They really got around. They were in Denver, on back East to New York, down to Washington D.C. and along the California coast. They saw their children and two lovely new granddaughters.

RETIREMENT FOR GOMES

One of our painters, Manuel G. Gomes was retired on May 1st. He began working for Kahuku in December of 1928.

Years ago Mr. Gomes lived in Hauula and worked for the Koolau Railroad.

The Gomes family consists of six children: Manuel Jr., Frank, Gilbert, Adeline, Virginia and Evelyn.

Because school is such a busy place this time of year, I was unable to interview Mr. Gomes. If it is possible, I shall try to tell you of his retirement plans next month.

JUDO SWEETBREAD SALE

The Judo Club is selling sweet bread on May 24 to earn money for an Invitational Junior Judo Tournament to be held at Kahuku Club House on June 14. Six or seven Judo clubs from town are expected to come out. Give these athletes your KOKUA when they ask for your help.

Jean Canque is now working at Kahuku Super Market, replacing Karen Yamamoto, who will be graduating in June.

We offer our sympathy to Mrs. Harry Maruoka, whose father passed away in Waianae last week.

STUDENTS SUMMER CANTEN

A good time was had by all, even by the parent chaperones, at the Canteen held May 1st at the Cafetorium.

The PTA sponsored this Canteen, and has agreed to chaperone and underwrite one Canteen each month this summer. A student committee will plan and carry out these evenings of fun.

Dates chosen for the summer months are: June 26, July 24, and August 28. These are all to be on Fridays.

Students will be asked to sign up for these Canteens and will be charged 50¢ for the three parties.

Parents should volunteer through Harry Shigemitsu to chaperone these young people. You will be pleasantly surprised at the fun your youngsters have.

FILIPINO MOTHER OF THE YEAR

Mrs. Pedro Miguel has been named 1959 Filipino Mother by the Philippines Aloha Committee. Although she lives at Sunset Beach, Kahuku claims her, as she is the wife of one of Kahuku's Field Supervisors. They lived in Kahuku while their children were growing up.

This is a great honor, Mrs. Miguel, and we are proud of you.

CLARIFICATION ON INCOMING KAHUKU MAIL

Daily, except Sundays and holidays, the first incoming mail that reaches here about 8:30 a.m. via Haleiwa way, leaves Honolulu at 6:00 a.m. On this trip the bulk of preference mail and all second, third, and fourth class matter is brought in.

The second incoming mail that reaches here at 2:10 p.m., leaves Honolulu at 10:00 a.m. via Laie way, brings only preference mail; (letters and special delivery items). Letters dropped at the main post office until 8:30 a.m. will make this dispatch.

"It's nice to be important but more important to be nice."

NOTE THIS CHANGE

The processing of loan applications by the credit committee has been changed from Monday afternoons to Tuesday afternoons at 4:00 p.m. Do you need to borrow money from the Credit Union?

THE STORK REPORTER

Yep! There was an addition to the Plantation. On April 17, a tiny daughter, named Clarice Bernadette Kealohapi-li was born to Mr. and Mrs. Wm. Pukahi.

Mr. and Mrs. James Vargas of Hauula became the parents of a daughter, Judith on April 28. Her daddy is with the Marines.

Hauula had another new citizen on May the second. She is Elijoe, daughter of Mr. and Mrs. James Kaahu Jr. Isn't that a cute name?

The population of Hauula was again boosted on May 6, when son Glenn was born to Mr. and Mrs. Harry Waa.

Pardon the Editor's pride, but you must hear this.

Sally Ann was born on April 22 in Seattle to Mr. and Mrs. Jack White. Her mother is the Donald Young's Janie.

Three more babies came into the world just in time to get into this issue of The Kahukuan.

Mr. and Mrs. Simplicio Caban had a new son on May 11. His daddy works at Tanaka's store.

A boy was born to Mr. and Mrs. Raymond Eran (she was Virginia Estrella) on May 12. The daddy works at Schofield but they live in Kahuku.

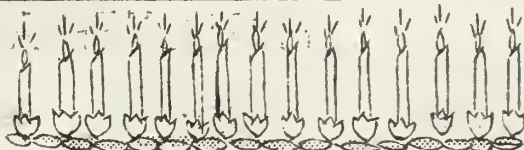

Last but by no means least, Richard Kanani was born to Mr. and Mrs. Dick Johnston of Kaneohe on May 12.

This young man is the first grandson of Kammy and Abbie Ross and first brother of Debbie and Sandy Johnston.

A surprise "Linen Shower" was given for Joy Towne on May 6 by the wahines of the hospital.

Joy, who is going home to be married, was lured to Murakoshi's patio in a most informal costume. There under a lavishly decorated umbrella were her friends with gifts of aloha.

The giggles that accompanied the account given to the reporter made me feel the rest of us missed something most enjoyable and amusing.

HAPPY BIRTHDAY

MAY 16 THROUGH JUNE 19

- 16 - Paulette May Ponciano.
- 17 - Marlene Ngayan.
- 18 - Myles Kiyoshi Tsukamoto.
- 19 - Geraldine Canomay, Stanley Barros, Silman Fanene.
- 20 - Louis Maghanoy, Jr.
- 22 - Patricia Pao.
- 23 - Marilyn Caban, Fredric Togo.
- 24 - Angelita Faustino, Jaime Faustino.
- 25 - James Caban, Anthony Primacio, Daniel Kahawaii, Jr.
- 26 - Francis Duhaylonsod, Dickie Koshin Ishimine.
- 28 - Merald Jose Ponciano.
- 29 - Verna Abe, Albert Pao, Stanley Masao Nagata.
- 30 - James Torres, Evelyn Drummondo.
- 31 - Joseph F. Cadina, Jr.
- 2 - Marcia Lopez, Vivian Cartwright.
- 3 - Sandra Abe, Gordon Masayoshi Suzuki, Maurice Kahawaii.
- 5 - Patricia Lopez.
- 6 - Glenn Kunio Nagata.
- 7 - Kathleen Yamamoto, Alan Nagata.
- 9 - Rosanna Lucero.
- 10 - Jeffery Compoc, Edward Gene Tubal, Gene Canque, Akiko Ishimine.
- 11 - Melvin Kaneyuki, Kenneth Nakayama, Ryan Leon Drummondo.
- 12 - Colton Rillamas, Dennis Hatico.
- 13 - Phyllis Roldan, Janet Maghanoy, Alvin Minoru Sato.
- 14 - Corazon Torres.
- 15 - Eugene Lucero.
- 18 - Maxine Suzuki, Joanne Maghanoy, Mildred Ishimine, Sherri Sato.
- 19 - Lance Suzuki, Joan Ramos, Peter Ray Ponciano.

THAT NASTY SNIFFLE

This flu bug is mean. He sneaks up on you and hangs on after you think he's gone.

If you have been one of his victims and are coughing and sneezing, stay away from crowds for the safety of others.

## EMPLOYEE ANNIVERSARY DATES

NAME	DEPT.	JOB TITLE	YEARS OF SERVICE	EMPLOYMENT ANNIVERSARY
Andres Agustin, Jr.	Boiling House	Evap. Flrmn - Utility Mechanic	13	May 16

VOLUME XV

JUNE 12, 1959

No. 314

## EFFECTS OF STRIKE FELT AS SUGAR YIELDS FALL

by James F. Morgan Jr.

On Tuesday the Manager presented the annual report of the Kahuku Plantation Company to the employees. As in the past, this talk was given in the Kahuku Theatre, and held in three groups. The first group met at 6:00 a.m., the second at 7:00 a.m., and the third at 3:00 p.m.

To commemorate the first year of the Plantation's history without a lost time accident, a key chain with a replica of the plaque presented to the Plantation by the National Safety Council was given to each employee. This key chain is a personal reminder of a job well done. Only through the efforts of all employees to make their daily work safer by developing safe work habits could this record be established.

### That's Where The Money Goes

The men were shown by charts and graphs where the Plantation gets its money, and how that money is distributed. As might be expected, most of the income was from the sale of sugar (86%) and molasses (4%). The other 10% was from subleases, dividends in other companies, and the Sugar Compliance Payment.

Wages and salaries (42%) make up the largest part of the money paid out, with materials (21%), marketing (12%) and other employee benefits (8%) being the other large percentages. Rent amounted to 4%, depreciation 7%, and taxes 3%. The smallest parts of all are dividends to stockholders (2%) and money retained in business (1%).

### Costs Rise Higher Than Prices

One of the largest problems the Plantation faces is an almost level total income which has to be balanced against steadily rising costs. The price per ton of sugar, though the highest since  
(continued on Page 3)

## SEVENTY TWO GRADUATES RECEIVE DIPLOMAS FROM KAHUKU HIGH SCHOOL

"Do all you can with what you have", was the advice of Dr. Laurence H. Snyder President of the University of Hawaii at Kahuku High School Graduation Program, on Saturday afternoon, June 6.

Seventy-two Seniors in white caps and gowns marched into T.G.S. Walker Auditorium.

After the Invocation by Bonnie Lundquist, Florence Wakumoto gave the Salutatorian address followed by Karen Yamamoto's Valedictorian speech.

"You and the Years Ahead" was the title of the address given by Dr. Snyder.

Clifford Kaneshige was presented with the American Legion Award for the most outstanding student by Charles Kaaukai, 1st Vice-Commander of Koolauloa Post 36 of the American Legion.

Principal G. Howard Barrett gave recognition to Karen Yamamoto as outstanding F.H.A. member, and to Clifford Kaneshige of the F.F.A.

Karen Yamamoto was also presented the Kahuku School Alumni Association award by Mr. Lindberg Ching.

Dr. Richard Wootten of Laie Church College presented Scholarships for that school to Florence Wakumoto and Rosita Tubal.

The Senior Class Chorus rendered two selections under the direction of Mr. Freeman Melsted. The songs were "I'll Walk With God" and "The Halls of Ivy".

The graduates were presented to Mr. Barrett by Mr. Willard Kekauoha, and as each one came forward he was presented with his Diploma.

A closing prayer by Ronald Akiyama preceded the Class Recessional to the front of the building where they were greeted by proud, happy members of their families.

REPORT FROM PLANTATION OFFICE

The Sugar Yield from completed fields to date, has remained slightly above the estimate of 20.55 tons of sugar.

Though the cane tonnage has been below estimate, juice quality has been a little better than expected.

Field 26, uncompleted, looks like it will give a loss of approximately 100 tons. Below is a comparison between Estimate and Actual on 21 acres harvested so far.

<u>Field 26</u>	<u>Estimate</u>	<u>Actual</u>
TC/A	75.00	61.21
TC/TS	7.75	8.32
TS/A	9.68	7.36

About 6.00 acres of new land next to Field 29-A have been planted.

Pump 5 wells have been shut down from time to time in order to prevent contaminating these wells permanently. Dry weather has increased the salt content problem here.

There is a possibility that mill wash water, which is now pumped out to sea, can be pumped over to Pump 5. Preliminary data looks encouraging.

Because cane has been lighter than expected, mill repairs and cleaning evaporators are being done on Monday mornings on straight time. This action will continue as long as we continue to operate ahead or on schedule.

For three weeks, Magnesium Oxide to control acidity of juice was used in place of lime. This resulted in an almost negligible amount of scale deposited, and evaporator cleaning has been unnecessary for this period. However, the cost is greater, so further study will be required before a permanent change is made.

1962 WORLD SUGAR MEETING IN MAURITIUS

The Maui-sized Indian Ocean island, Mauritius, lying off the coast of Madagascar was chosen as the site of the 11th Congress of the International Society of Sugar Cane Technologists which will be held in 1962.

I bet most of you never heard of the place, did you?

PERRY JR. HSPA TRAINEE

William Perry Jr., son of Garage and Tractor Shop Foreman William Perry, has started summer training in our factory under the HSPA Training Program.

William will be a senior at the University of Hawaii, majoring in Chemistry and is one of fifteen Island boys who have been accepted for this training. They are working in factories on all of the sugar producing Islands.

In order to qualify for this program, a boy must be in college, must be a local boy, and must intend to make the Hawaiian Sugar Industry his life's work.

There is a great need for well trained men in the Industry, and there are wonderful opportunities awaiting these men.

Our best wishes go to William for a happy and successful future in this "sweetest work" in the world.

FORMER KAHUKUAN ASSISTANT-IN-TRAINING

Kahuku-born Charles T. Fisher, son of Mr. and Mrs. Gerald W. Fisher, began his career in Sugar, June 1, at Hilo Sugar Co. as an HSPA assistant-in-training.

His father, now President of Bishop Trust Co. was formerly assistant manager of Kahuku Plantation.

An HSPA trainee spends his first three months on a plantation to become familiar with plantation problems. He then returns to the Experiment Station to participate in an intensive program of instruction with department heads.

Fisher, single, is a 1953 graduate of Punahou and received a degree in animal husbandry from Colorado State University in 1958. He also served in the army.

RETIREMENTS AS OF JUNE 1

KELACIO IDIAN, Utility Tractor Driver was retired on June 1st with disability repatriation lump sum settlement.

He came to work for Kahuku in 1924. He is unmarried.

ROMAN BARROGA better known as Teodoro Barruga was also retired from the Plantation on June 1st.

Roman, who worked with the Replant Machine Crew, had been with the Plantation for over 27 years. Both men will return to the Philippines to live.

SOMETHING NEW HAS BEEN ADDED

The little girl behind the banking counter is Julie Hanvey, a June graduate of KHS. She lives at Sunset Beach and will work for Bishop Bank this summer.

With a bit of luck, she may find jobs in other Branch Banks, and be on her way to a career in Banking.

THOUGHT FOR JULY 4th

What's the Hawaiian National anthem? You don't know? It's the Star Spangled Banner of course.

(continued from Page 1)

1953, was still a dollar per ton below the \$122.87 received in that year. The Rate per Hour on the other hand has shown a rise from \$1.70 per hour, including fringe benefits in 1953, to \$2.37 per hour, including fringe benefits in 1958.

Strike Effects Worsen

The Strike effects are being felt this year even worse than last. The yield from the area harvested to date compared to the same acreage in the previous crop is 4,824.15 Tons Sugar or 953 Tons Sugar below the 5,777.17 Tons Sugar produced from these fields in 1957 though juice quality is normal for this crop, and this time of year cane tonnage is much lighter.

Here is the comparison of our 1957 crop and our present 1959 crop from the same fields:

	1957	1959
Tons Cane/Acre	99.37	81.83
Tons Cane/TS	9.43	9.47
Tons Sugar/Acre	10.53	8.64

Outlook Poor For 1960

1960 will also be a bad year because of the late start this crop had last year. It won't be until 1961 that a normal yield can be expected. It is up to everyone to do his utmost to see that proper care is given to this crop that is starting now, so that the 1961 crop will be up to expectations. 1961 can very well be a decisive one for Kahuku.

Because of the capabilities of the Plantation Personnel, tough situations and problems have been licked before. The management has faith that these capabilities will put Kahuku on sound footing again.

KAHUKU GIRL WINS ART AWARD

Shirley Yonemori won the award for the best graduate work in the Brigham Young Art Contest held recently at B.Y.U. Her painting is called "Tori".

This is the largest art show ever held at Brigham Young, and aims to develop originality, workmanship and design standards.

Shirley is the daughter of Mr. and Mrs. Soichi Yonemori of the Plantation. She graduated as an honor student from Kahuku High School, and has degrees from Illinois Wesleyan and Brigham Young.

## LADIES IN PINK

### KAHUKU HOSPITAL AUXILIARY

The building is PAU!! Once it was started, it took just six days to complete. Of course there is still much to do inside. The wiring and plumbing are waiting on the master minds of Kaneyuki and Hebert.

There is some carpentry work to be done, and the auxiliary is looking for a paid worker.

Mr. Kaneshige Sr. is laying some cement for the door entrances. Then there is planting to do. MY, MY, THE WORK TO BE DONE!

Naturally the auxiliary expects to have an Open House and Sale when every thing is ready.

### 4-H CLUB NEWS

The 4-H Club once known as the Seaside is now re-formed under the name "The Northern Clovers". Our leader is Mrs. Lily Kahuanui, and she is assisted by Mrs. Mildred Sato.

The officers are as follows:

President..... Sheryl Sato  
Vice-Pres.-Reporter..... Kay Toyota  
Secretary..... Barbara Matsuura  
Treasurer..... Gloria Agustin  
Song Leader-Game Leader..Paulette Canque

On June 19, at 7:30 p.m., a district contest will be held at the Kahuku Club House. The clubs participating are from Kaaawa, Hauula, and Kahuku. There will be Agriculture, individual and team demonstrations; Home Economics, individual and team demonstrations, and Speech contests. The winners will then go to the county contest.

The public is cordially invited.

In case you don't know, there are two more clubs in Kahuku; "The 4-Leaf Clovers" (girls) and "The Windy Villagers" (boys).

### WATCH THAT PUNCTUATION

Woman without her man is a savage.

Woman: Without her, man is a savage.

(I like the 2nd one, don't you?)

### ANDY IVY DAY

The 3rd annual Andy Ivy Day was held at the Kawela Bay Beach House on Sunday, the 31st of May.

Andy Ivy Day is a Sailing Regatta held in Andy's honor because he was the inspiration behind the building of the sail boats and the start of the Yacht Club.

Dr. Ivy was very polite on his Day and did not win any races.

Winner of the day for the "Bottoms-up Trophy", Dr. Fred Warshauer, who just managed to beat out Val Blomfield, last year's winner of this coveted award.

Michael Murakoshi won the trophy for the Junior sailing event. Lila and Bud Morgan, by some devious means, ran off with first place in the women's and the men's events.

After a flying start, Mrs. Murakoshi perked herself up and managed to help her relay team win one of the most hotly contested events of the day.

An added attraction was a bridge tournament in which Isabella Leigh and Jack Guard Jr. talked their way into a victory over Val Blomfield and Bob Perry.

### PTA SPONSORS TEENAGE CANTEN

The student committee for the Canteen is busily collecting dues of 50¢ from teenagers who wish to attend the three Canteen sessions this summer.

These are the rules that have been adopted for the group:

1. School clothes--shoes too.
2. No one may leave the Canteen more than one-half hour before closing, without written permission by parents.
3. Students from other high schools may be invited by Canteen members if registered two weeks prior to the Canteen. A fee of 20¢ will be charged per guest.
4. No one with the exception of outside guests will be allowed to attend the Canteen, unless he is signed up by the end of school.

The dates of the Canteens are June 26, July 24, and August 28. The time will be from 7-11.

You parents should see Mrs. Pickett or Harry Shigemitsu and offer to chaperone one or several of the affairs. You might be pleasantly surprised at the fun.

AROUND THE WORLD IN 90 DAYS

Next Wednesday, June 17, is the date set for Mary and Jack Gilbert's sailing around the world. What a life!

The SS Orsova will be their home for the next three months.

This luxury liner sails serenely from port to port, giving its passengers time to see the sights in the most interesting places in the world.

Suva, Australia and New Zealand will give them a chance to see the wonders of the countries down under. Then a stop at Ceylon; on to Aden and Port Said and up through the Suez Canal.

Closing the door of their stateroom home, and taking with them only the necessary essentials, the Gilberts will leave the ship at Naples for a 23 day trip through Europe.

Switzerland is one place that they are especially interested in seeing, and it is on their itinerary. Montreux, Interlachen, Lucerne, oh such fascinating names, then up into the Black Forest, Stuttgart, Heidelberg and Mainz; probably not in that order, but you get the idea I'm sure.

A boat trip down the Rhine (I hope they see the Lorelei) to Cologne; on to Amsterdam, and then to London for five days before once more unlocking their stateroom door on the good ship Orsova.

Le Havre, Lisbon, Trinidad; on to Panama; through the Canal; up the coast to L.A., and San Francisco; finally they will reach Vancouver. From there the ship will carry our good friends, Jack and Mary back to our sunny isles, and good old Kahuku.

We wish you good sailing, and happy landing, Mr. and Mrs. Gilbert. It can't help but be a most exciting adventure. What a wonderful "Retirement Hobby"!

LAWSUIT DENIED

There was a broken gate between Heaven and Hell. St. Peter called over to the Devil and said, "Hey, Satan. Your turn to fix that thing."

"Sorry," said Satan, "we're busy."

"In that case," said the Saint, "I'll have to sue you for breaking our agreement."

"Oh, yeah!" said Satan. "Where you gonna get a lawyer?"

"MONEY MINDERS"

from the Credit Union

The dollars you save in your credit union will never cause you any trouble.

Considering the good dividend your credit union pays, every \$5.00 you don't invest in credit union shares is a wasted opportunity.

Many borrowing members have learned that the credit union will go to great lengths to help them out of a jam, provided they have made payments promptly when they could, and have kept the credit union closely in touch when they could not.

Your credit union can do more for you in both saving and borrowing, than any other financial institution in the world. And why not? That's why you organized one.

Your credit union does not pretend to be the only financial institution in your life. But what it does offer you, it can do better than anybody else.

Are you bleeding to death financially and unaware of the fact? Bring your problem to your credit union. That's why you have one.

MRS. WEIMER TO VISIT CHILDREN

Monday's plane will take Mrs. Weimer to the mainland to spend the summer with her daughters. In her plans is the wedding of her daughter, Sarah, and baby-sitting with three grandchildren.

NEW EDITOR FOR KAHUKUAN

(Excuse, please, but there is never any room for an editor's news and I take this opportunity to say a few words.)

When a person becomes a "near genius" through the Star Bulletin Pruzzle route, (see last Friday evening's paper) it is logical that he seeks new fields. So I hereby leave "Kahuku's greatest newspaper" in other hands and fly to Seattle to seek appreciation there.

If rejected by the Literary World in foreign parts, I shall return. If the difficulty in getting a replacement for the two summer issues of Kahukuan is an indication of the number of editors seeking my job here, I shall not be fired, but set to work on the September issue of your illustrious publication.

In the meantime, Don and I will make the acquaintance of seven grandchildren.

FIESTA FILIPINA

The first Fiesta Filipina will be held in Honolulu, June 19-21.

The Fiesta includes a convention of delegates from 46 Filipino community councils throughout Hawaii, representing some 64,000 persons of Filipino ancestry. Its aim is to contribute to the progress of Hawaii in its new role as a state.

"Miss Philippines-Hawaii" will be chosen at the Hawaiian Village Long House at 8:00 p.m. on June 13, tomorrow.

On Friday, June 19, at 8:00 a.m., the convention starts at Hawaiian Village. This is open to the Public at no admission charge. Delegates must wear badges.

At 6:30 p.m. on the same day, there will be a Rizal Birthday Banquet and Coronation Ball at Kaiser Dome. This is the social event of the year, and admission of \$4.00 per person will be charged.

The Fiesta Parade will take place at 3:00 p.m. on Saturday, June 20. There will be fun for everyone. Remember, this is the Filipino contribution to the Statehood celebration.

BON VOYAGE

Mr. and Mrs. A. Trochez left by plane on May 28 to visit their seven children, members of his family, and Puerto Rico.

The Trochez' expect to be gone for 5 or six months, and what a wonderful trip they have planned.

Mr. Trochez was only 10 years old when he left his native land. Imagine the changes that have taken place in his absence.

There are three daughters in the Trochez family and each will be visited.

Mrs. Benera Camanio and her family live in San Lorenzo, Calif., Mrs. Hattie Lee lives in Palo Alto, Mrs. Margaret Sass lives in Los Angeles.

The four sons will be visited also.

Daniel lives in Compton Calif., John lives in Hayward, Calif., Leonard is in Lafayette Louisiana, and Msgr. Peter is stationed at Shaw Air-Force Base in South Carolina.

Two brothers of Mr. Trochez will be visited. One lives in Oakland, Calif. and the other in New York. They will be with his sister in Oakland also.

This is a scattered family, but that makes the trip the more interesting.

SOCIAL SECURITY NOTES

A reminder to all Social Security beneficiaries to report promptly a change of address was given today by Edward H. Ichiyama of the Honolulu Social Security office. "We want you to get your checks as soon as possible," said Mr. Ichiyama, "but we need your help."

Besides giving the new address to the Social Security office, leave a signed change of address card with the Post Office.

Mr. Ichiyama cautioned beneficiaries not to rely on the Post Office notice alone. While the checks will be forwarded for awhile, it will not be done indefinitely. Some people put off notifying the Social Security Administration about their new address until their checks stop coming. Then there is further delay in tracing the checks.

According to Mr. Ichiyama, Social Security beneficiaries who are moving should bear in mind three points:

1. The new address should be reported directly to the Social Security Administration.
2. The notice must be signed by the person who receives the checks.
3. For prompt action show the claim number on the report.

A post card form that can be used for reporting a new address is given to a beneficiary at the time he files his claim. Anyone who needs help in making his report should get in touch with the Social Security office.

THE NUT BEHIND THE WHEEL

You watch the guy who drives ahead  
And the guy who drives behind.  
You watch to the right,  
You watch to the left,  
You drive with a calm, clear mind.  
But the guy you really have to watch  
On the highway, you will find,  
Is the guy behind the guy ahead  
And ahead of the guy behind.

MRS. LUKE HEBERT HOME FROM HOSPITAL

It's nice to be home after a siege at the hospital, and Betty Hebert is glad for that. But it was hard to stay in bed instead of sharing in son Dick's triumphant graduation from high school.

METHODIST CHURCH NOTES

by Rev. F.W. Agte

As the interim pastor of the Kahuku Methodist Community Church, I appreciate the opportunity to introduce myself. A native of the state of Iowa, I have lived in or seen nearly all the states west of the Mississippi, and a few east of it.

I began my ministry in a small rather unknown group called "The United Evangelical Church" now a part of the better known "Evangelical United Brethren Church". I became a member of the Methodist Church and have served in it for about 24 years.

About 12 years of this time we spent in travelling the whole state of Montana in the interest and support of The Inter-mountain Deaconess Home for Children at Helena Montana.

A car accident left me with a spine injury, and with the years creeping up, I got into the retired category. On a visit here to my daughter and family, we were glad to accept this term of service to perhaps put in the closing appointment of my ministry which began 52 years ago this Spring.

I believe I am not only one of the oldest men still serving, but also the only man left who came up through the old Junior Preachers Study Examinations for Orders and Conference Admission. We know of no other minister still in a measure active who has no official diploma from High School, College or Seminary. In the words of a Commencement speaker, I have not formally "gone to school", much, but I have "Learned" to know the needs of Man and the World, and what is needed to meet them.

Mrs. Agte and I shall be glad to meet any and all of you personally.

REPUBLICANS PLAN FOR STATEHOOD

The largest group of voters ever to assemble for a Republican Precinct Club meeting, 13th Precinct--8th District, gathered at the Club House on Tuesday June 9.

Hardy Hutchinson spoke on Republican aims. Members were urged to get behind Republican candidates. They were told how they might vote by mail if they were away at election time.

VOTE REPUBLICAN

PRIMARY ELECTION - JUNE 27 - SATURDAY

SUMMER BOOK-MOBILE SCHEDULE

How fortunate we are to be included in the summer schedule of the Library of Hawaii Bookmobile. This is the program to be followed:

KAHUKU POST OFFICE 9:30-10:30; July 6  
OPPOSITE SUPERMARKET 10:45-12:30; Aug. 3

SUNSET BEACH:

Ke-Iki Rd. 9:00-10:00 )

Ke-Nui Rd. 10:15-11:00 )

PAUMALU: ) July 13

Holawa &amp; Huelo 11:15-12:30 ) and

KAWELA BAY: ) Aug. 10

Main Entrance 1:15- 1:45 )

Field #1 2:00- 2:30 )

KAHAWA:

Opposite School 10:30-11:30 ) July 8

Swanzy Park 12:15- 1:15 ) and

HAUULA: ) Aug. 12

Courthouse 1:30- 2:30 )

LAIE:

Lanihuli 9:00-10:45 )

Kam Highway 11:30-12:00 ) June 15,

PUNALUU: ) July 20,

Kaya Store 1:00- 2:00 ) and

Quong Store 2:15- 2:45 ) Aug. 17

MEDIC LEARNS PLANTATION OPERATIONS

Dr. Custer took a tour of the Plantation fields with Kammy Ross on May 25. The purpose of this tour was to acquaint the doctors with the type of work there is to be done on the Plantation, so they can better judge the type of work men could do when they return to work from a spell of illness.

PHYSICAL EXAMS FOR EMPLOYEES

Frank Clinic is giving Physical Exams to employees of the Plantation on Monday and Tuesday at 10:00 a.m. and at 2:30 on Wednesday through Friday. Men are sent on Plantation time and the schedule has been set up by the I.R. office.

CLASSROOM BONERS

Some recently reported ones include "The volcano erupted all over the city."; "The farmers signed up for the County Soil Constipation Unit."; "In mid-evil days the country was organized in the old futile system."

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held a medal play golf tournament over 36 holes for the Hawaii Public Links Benefit Trophy on May 24th and May 31st at the Kahuku Municipal Golf Course with the following results:

Robert Smith	178	40	138
George Hatico	156	16	140
Blackie Miota	176	36	140
Jerry Tubal	149	8	141
Renin Werner	.....	Low Gross	... 152

The Windward Golf Club will hold its monthly Ace golf tournament on Sunday, June 14th at the Kahuku Golf Course with starting time at 8:30 a.m. A quarterly meeting will be held after the tournament.

## PERMITS AND RULES FOR BASEBALL DIAMOND

In the past, softball players often used the REGULAR BASEBALL DIAMOND for their home-and-home affairs and otherwise. To use this particular diamond for softball games is now strictly prohibited.

The Board of Public Parks and Recreation has now two sections of the Park outlines for SOFTBALL GAMES.

The newest section, known as Diamond #2, is located on the upper end of the Park (right field section of Baseball Diamond). Diamond #1 section is on the lower end of the Park (adjacent to #4 golf green).

Permits for the use of the Park must be obtained from Ernest Werner, at the Kahuku Golf Course, or Phone 29-7215.

Please cooperate by not driving your cars through the baseball grounds, or any section of the Park, at any time.

KEEP ALL CARS OUT OF THE PARK AREA.

COME TO THE JUNIOR JUDO TOURNAMENT, 6/14

## KAHUKU GOLF CLUB NEWS

On May 17, the 2nd half of the Home & Home Golf Tournament with Kaneohe Golf Club was held at the Pali Golf Course. The golfers also played for the May special tournament (Kim Electric Radio Trophy). Members enjoyed their 19th Hole as usual. These are the scores:

Harry Kahuanui	81	9	72)	TIE
Fred Shimote	108	36	72)	
Ray Woolley	84	9	75)	TIE
Douglas Kim	80	5	75)	

On May 22, eleven members went to Molokai for a Home and Home Tournament with Maunaloa Golf Club. Maunaloa won by a score of (21½-17½). Fred Shimote was Low Net winner with a 65 net.

The second half will be played at Kahuku Golf Course on June 13th, tomorrow.

Last Sunday, June 7, the Ace Tournament was played by the Kahuku Golf Club members with these scores:

Shinyei Gima	85	14	71
Benny Centeio	85	12	73
Harry Kahuanui	81	8	73
Crabbe Anamizu	80	7	73

## RURAL OAHU MENEHUNE SCHEDULE

The Kahuku Orioles have not had luck on their side this season. Go out and boost this team for the remaining games.

6/14/59	Yankees vs Red Sox	at Wahiawa
	Orioles vs Indians	at KAHUKU
6/21/59	Yankees vs Orioles	at Wahiawa
	Indians vs Red Sox	at Ewa

### THIRD ROUND (Double Headers)

6/28/59	Orioles vs Red Sox	at KAHUKU
	Yankees vs Indians	at KAHUKU
7/5/59	Red Sox vs Yankees	at Ewa
	Indians vs Orioles	at Ewa
7/12/59	Orioles vs Yankees	at Wahiawa
	Red Sox vs Indians	at Wahiawa

ALL GAMES ARE PLAYED AT 1:30 P.M.

## JUDO TOURNAMENT ON JUNE 14

Mr. Harold Palimoo would like to say "Thank You" to all of you Judo fans who so graciously bought sweetbread to finance the Junior Judo Tournament, to be held at Kahuku Club House on June 14th. He invites you all to attend.

MORE HAPPY BIRTHDAYS

Wow!! What a lot of babies came into the world this time.

Charles Lake Kaio was born on May 19 to Mr. and Mrs. Rodney Kaio of Laie.

A little Plantation baby, Francine was born on May 22 to Mr. and Mrs. Francisco Tejada Sr.

Little Salu came to live in Laie with Mr. and Mrs. Peni Tagoai, on May 24.

A young daughter, whose name I could not find, was born on May 24 to Mr. and Mrs. Puifau Mauga of Laie.

The population of Laie really came up as Mr. and Mrs. Henry Molifua welcomed their new daughter, Faasili, on May 25.

Then on the same day, May 25, a son, Sioeli was born to Mr. and Mrs. Tinei Sua of Laie.

The busy doctors and nurses were not through yet, for on May 25, a son, Stafford was born to Mr. and Mrs. Hilario Entendencia of Kahana Bay.

Two baby girls had been born in June, by the time this reporter checked the hospital. The first was born on June 3, to Mr. and Mrs. Ernest Quiocho of Laie.

The second was born on June 5, to Mr. and Mrs. William Lindsey of Punaluu. This little girl's mother is the former Marlene Maples. The baby had not been named when this report was made.

INAUGURATION OF JET-PROP MAIL SERVICE

On or about June 15, Aloha Airlines will inaugurate jet-prop service at all points served by route AM-99.

Official cachets will be authorized and furnished at the following offices: Lihue, Honolulu, Hoolehua, Kahului, and Hilo.

The Post Office Department will issue a 4-cent "49-Star American Flag" stamp through the Auburn, New York Post Office on July 4, on the date the new flag becomes official.

The above stamps will be available at Kahuku Post Office on July 6, 1959.

JUNE 20 THROUGH JULY 17

- 21 - Michael Primacio, Frances Hirata.
- 22 - Joseph Canomay.
- 23 - Gail Sanae Nakamura.
- 24 - Herbert Primacio, Jean Togo.
- 28 - Richard Blomfield, Delmay Plunkett, William Pukahi, Jr.
- 29 - Amelia Mae Maghanoy.
- 30 - Milton Compoc, Dean Pickett.
- 4 - Rosalinda Faustino, David Jiro Sato.
- 5 - Walter Yamamoto, Numeriano Tampon.
- 6 - Florence Wakumoto.
- 7 - Purita Baligad, Raymond Primacio.
- 8 - Loretta Lapinig, Ellen Yonemori, Westley Cartwright.
- 10 - Claire Wong, Ruth Cartwright.
- 11 - Francisco Tejada, Jr., Clifford Labra, Lorraine Ishimine, Karen Matsuda, Laverne Santiago.
- 12 - Rose Bella Camit.
- 13 - Bella Uale.
- 14 - Doreen Camerds.
- 16 - Donna Adversalo, Betty Damasco.
- 17 - Peggy Galletes, Ronald Ponciano.

SUMMER JOB FOR MIRAM

Abraham Miram is the lucky guy who has a job at the hospital this summer. He will start working on August 8th as an ambulance trainee, and at o relieve those on vacation.

Jaime Caban and Filemino Ramos must take time off for training in the National Guard.

PRACTICAL NURSES CONTINUE TRAINING

For six weeks, twelve sessions, some of Kahuku Hospital's Practical Nurses have been going in to town for a Post Graduate course in Obstetrics at Kapio-lani Technical School for Practical Nurses.

Now the course has been completed and Sally Tejada, Feliciana Cartwright, Maude Kamalani, Pat Mendiola, and Barbara Tania will get certificates.

## EMPLOYEE ANNIVERSARY DATES

## WANT TO BUY A PIANO?

There is an upright piano for sale at the Methodist Church. Do you want it for \$50 or a reasonable bargain price?

## RUSH!!!

"Of course I want it today! If I wanted it tomorrow, I'd give it to you tomorrow."

## GENERAL ELECTION

by James F. Morgan Jr.

Since this is the last Kahukuan before the General Election, I want to stress once more the importance of exercising the right to vote. Besides being one of our most sacred possessions, the right to vote is also one of our first responsibilities. It is our responsibility to use our vote to protect and maintain our democracy.

There is a lot of pressure being put on all of us to vote for certain candidates. There have been endorsements by groups who are pushing favorite candidates and there have been house to house calls by candidates or individuals in behalf of candidates. All of these endorsements and efforts are made to influence us to cast our votes for their candidates.

But remember that our vote is our own personal property. It is something that we and only we can give away. If rightly or wrongly used only we can take the credit or accept the blame. That credit or blame belongs to no one else. Though we read, listen, and ask advice in the final analysis our vote is our decision and how we cast our ballot can be our own personal secret.

With this first State Government to be elected and organized, it is important that we consider each candidate's qualifications and interests very carefully and then vote intelligently. And above all, when the will of the majority has been decided and the people elected who will serve us, it is up to all of us to pitch in and by working together make Hawaii the brightest star of all.

GENERAL ELECTION TUES., JULY 28, 1959

## KOOLAULOA OLD-TIME RALLY

It was an "old-time" rally with music and candidates from both parties well represented. If the number of people in the audience and the number of candidates participating was any indication, the Sunset Beach Community Association-Kahuku Community Council-Koolauloa Community Association sponsored rally was a whopping success. Over three hundred people turned out from the 12th and 13th precincts to hear the candidates speak and to enjoy the light refreshments. This was the first opportunity that voters of this district have had to see and hear on the same platform the men who are running against each other in this campaign.

The meeting was opened by Mr. Howard Barrett, president of the Kahuku Community Council, who welcomed the people and candidates to the rally. Ralph Makaiiau then took over as master of ceremonies and did a magnificent job of timing the speeches and showed great talent with the bell by gently but persistently keeping each speaker aware when he had used up his time and was infringing on the time of one of the other speakers. Each candidate was allowed five minutes to speak on one of the previously prepared questions or on any other subject which he felt pertinent to the community.

Candidates who attended were:

- For Lt. Gov.: James Kealoha (R) and Mitsuyuki Kido (D)
- For United States Senate: Oren Long (D) and Wilfred Tsukiyama (R)
- For United States House of Representatives: Charles Silva (R)
- For State Senate: Stephen Benchwick (R), Joseph Dwight Sr. (R), Charles Kauhane (D), Calvin McGregor (R), Philip Minn (D), and Steere Noda (D)

(continued on page 3)

## LOCAL ENGINEER PUTS KAHUKU ON THE COMMUNICATION MAP

by Gerald Seaman

Ralph E. Thomas, Engineer-in-Charge of the RCA Communications Inc., transmitting station at Kahuku is one man who has managed quite successfully to combine business with pleasure. Associated with the RCAC since 1927 in various engineering capacities, he has devoted his spare time during that period, to amateur radio communication and to the study of wave propagation. Some of his experiments as a result of that study have been highly successful, and Mr. Thomas has received a number of awards from the national amateur communication societies for pioneering in new communication techniques.

### 1955 AMATEUR RADIO RELAY LEAGUE AWARD

Among his more recent honors was the 1955 Amateur Radio Relay League award for meteor scatter experimental communication. This work involved VHF transmission beyond the line of sight by reflecting signals from the masses of ionized gasses and microscopic particles left in meteor trails. The U. S. Army Signal Corps is now using a similar technique in their "White Alice" communication network to Alaska.

### 1957 "VHF MAN OF THE YEAR"

In 1957, he was named "VHF Man of The Year", by the VHF Midwest Club, and received international notice for establishing a world record for long distance communication in the VHF band. On July 8th and August 18th of that year he established two-way communication between Kahuku, Hawaii and Palos Verdes Estates in California, a distance of 2540 miles on a frequency of 144 Megacycles. The first contact came after months of patient effort in maintaining daily transmitting and listening schedules that yielded nothing but silence and frustration.

### SETS NEW WORLD'S RECORD

Last month he did it again. On June 22nd, working on the still higher frequency of 222 Mcs., he again established two-way VHF radio contact with his equally patient and persevering partner at Palos Verdes Estates in California, Mr. John Chambers, for a new world's record. And just to prove that it was no accident, on June 30th he and Chambers made

(continued - next column)

(continued from column 1)

a second contact on the same frequency. This time the first contact was made in less than a week after regular working schedules had been started.

This new world's record of 2540 miles for 222 Mcs., far outdistances the previous record of 740 miles for that frequency.

A better understanding of this accomplishment may be had by comparing it with the more familiar television transmission. The highest frequency TV channel is Channel 13 which is at 250 Mcs. Radio waves at these frequencies travel in straight lines only, and are considered as line of sight transmissions. There is no "Bending" at these frequencies, and a receiving point below the horizon from the transmitter is considered to be out of range. Long range communication at these very high frequencies is believed to occur as a result of what is known as "Ducting". High frequency ducts of paths, similar in operation to the wave guides used in radar transmission are formed by certain weather conditions. The line of separation between two dissimilar masses of gasses, air temperatures, or areas of moisture content will produce a reflective surface for such high frequency radio waves. When such a layer or reflective surface exists at the proper distance above the earth's surface and covers a sufficiently vast area, signals may be reflected or refracted for great distances. A study of the atmospheric conditions prevailing at the time of the contact between Kahuku and Palos Verdes Estates in California seem to prove this theory.

### U. S. ARMY SIGNAL CORPS INTERESTED

The U. S. Army Signal Corps has become very much interested in Mr. Thomas's recent successful experiments.

Ralph is now working on the necessary antenna and equipment to attempt a similar communication on 432 Mcs. The present world's record for this frequency is 500 miles. The antenna now nearing completion for this project may not be quite as imposing as the big dish for the Navy's moon bounce station behind Kawaia Bay, but is nevertheless a formidable structure by amateur standards. In fact, Tommy might even aim at the moon himself and give the Navy a little competition.

SAFETY REPORT

(Ending 7/7/59)	Calendar Days	
	Since Last	Date of Last
	Lost Time	Lost Time
Departments	Accident	Accident
Electric	2,014)	No Lost Time
Machine Shop	2,014)	Accident since
Tractor Shop	2,014)	program started
		1-1-54.
Garage	1,999	1-15-54
Harvesting	1,514	5-11-55
Fireroom	1,492	6-6-55
Plumbing	1,488	6-10-55
Weed Control	1,412	8-25-55
Other Dept.	1,120	6-12-56
Transportation	963	11-16-56
Boiling House	900	1-18-57
Welding Shop	731	7-6-57
Cultivation	708	7-29-57
Mill	679	8-27-57
Carpenter & Paint	600	11-13-57

Last year we had 72 industrial accidents, but we had a perfect score with No Lost Time cases. This year up through July 7, 1959 we had 72 injuries (quite a number), however none of them was a lost time case. Let's keep that No Lost Time accident record, and by all means avoid accidents.

GOOD SAFETY

Even though my typewriter is an old model, it works quite well except for one of the keys. I wish many times that it worked perfectly. It is true that there are forty-six keys that function well enough, but just one key not working makes the difference.

Sometimes it seems to me that our safety program is somewhat like my typewriter. Each of us, working properly, is the certain key to success.

You may say to yourself, "Well, I am only one person. I won't make or break a safety program." But it does make a difference because a safety program, to be effective needs the active participation of every employee.

So the next time you think you are only one person and that your efforts are not needed, remember my typewriter and say to yourself, "I am a key person in our safety program and I am needed very much."

PLANTATION OPERATIONS

Because cane yields are below estimate, harvesting operations are ahead of schedule. Planting on the other hand has fallen behind and there are approximately 220 acres waiting to be planted. In order to get some of this acreage into production, harvesting and grinding will be suspended for two weeks, starting Monday the 20th, and every effort made to plant as much of this area as possible.

Other operations such as weed control, replant, and fertilization are on schedule. With the continued dry weather irrigation is running at capacity. Pump 5 is a major problem with the salt content of the water the highest it's ever been. Even with the pump running only a portion of the week this condition does not improve. Plans to bring the mill water over are progressing but the project will not be complete before the first of 1960.

STRIKE EFFECT FELT

Yields to date have been more disappointing than we had at first anticipated. The effect of last year's strike has hurt our yields considerably. The following is a comparison of the yields from the fields harvested through June with the same fields harvested in the 1957 crop:

	1957	1959
Acres Harvested	933.68	945.18
Tons Cane/Acre	95.44	76.90
Tons Sugar/Acre	10.78	8.60
Total Tons Sugar	10,065.07	8,128.54

(continued from page 1)

For State House of Representatives: William Amona (D), Harold Boyd (R), Robert Cates (D), Joseph Dwight Jr. (R), Albert Evensen (R), Hiram Kamaka (D), Dick Kennedy (R) and Louis Rodrigues (D).

Refreshments were ably prepared by Mr. Sadao Yoshikawa, president of the Sunset Beach Community Association and the music which added that "old-time" flavor was contributed by the John Ah Quinn group for which we all say "Mahalo".

The community hopes that it can look forward to similar rallies in the election campaigns to come in the future.

WORK SAFELY - USE PROPER WORK METHOD

OPERATION MOON BOUNCE

by Mrs. Ann King

As friendly as the other people in Kahuku are the Navy enlisted men who look after the daily needs of your new giant neighbor--popularly known as Moon Bounce. I would never have found this out if my children had not insisted, in the middle of a week's vacation at Kawela Bay, that we venture up the winding road to get a closer look at the huge antenna.

In the first place, I was sure we'd get arrested before we reached the top. And anyhow, it was an eerie feeling, winding up the curving road with the great antenna now visible, now hidden by the hill. Each new glimpse showed more clearly its tall, cone-shaped support which looks just like a rocket-ship in one of those space thrillers at the Kahuku Theater.

To my great relief (and to the disappointment of the small Kings) we were stopped neither by moon-men nor paralyzing rays. At the top of the hill, we found a fenced-in enclosure with its gate wide open, and in the center was the towering object of our curiosity. A Navy Chief in casual work-clothes strolled over to us and soon became our guide as we climbed the outer stairway of the structure to stand just below the antenna.

"Isn't this place a secret?" asked one of the children.

"I guess it was while they were planning it," replied the Chief. "But now," he grinned, shrugging his shoulders and glancing upward, "well, how could you keep that thing a secret?"

We all eyed the few sailors working around the place, and they looked at us with equal curiosity. Before we left, they showed us the interior of the great cone, which is a mass of wires, dials and equipment. There was a square metal box as wide as a door and as high as my lanai roof. "That's just a tube," they said, "like a radio tube. We'll be bouncing more signals off the moon to Washington in a few days."

At this point a bespectacled civilian with a notebook appeared, and the children promptly dubbed him "The Professor". I was sure he would think we were spies, so I hastened my brood back to the car and we headed down the hill to

AUXILIARY NEWS

Mr. Kaneshige has finished the cement slabs so that we are ready to walk in the door of the new building. But summer is upon us, and what with politics and one thing and another...not too much has been done. One of these days the grand opening will be announced!

FRANK MENDES

The community was shocked by the passing away of Frank Mendes on June 13th. His absence will be felt by everyone who knew him and especially by those who worked with him. His cheerfulness, loyalty, and devotion to whatever task he undertook was a constant inspiration to us all.

Among the jobs he held while working for the Plantation were irrigation section overseer of first the Hauula, second the Pump 5, and at the time of his death, the Waimea Section. To each he gave his knowledge and experience gained from working close to the cane and careful observation of its growth.

Hunting was his favorite pastime and he knew the hills and mountains of our district better than most of us know our back yards. During the war, he was invaluable to the Armed Forces in showing them trails through these hills and helping search parties locate aircraft which had fallen in the area.

Gone with Frank is a part of the history and legend of Kahuku which he loved and to which he contributed so much. Our sympathies go out to his family for the great loss suffered by his untimely death.

TO THE MANY FRIENDS AND  
CO-WORKERS OF THE LATE FRANK MENDES, SR.

His family acknowledges with grateful appreciation your kind expression of sympathy.

BERNALDA OLPOC

Our deepest sympathies go out to the family of Bernalda Olpoc, who died last month on the 11th. She is survived by her husband Nicolas Olpoc.

Kawela Bay and the ordinary things of life.

METHODIST CHURCH NEWS

Reverend Jack Smith is coming on July 18th to be the new Methodist minister. He is age 39, was a pilot during the war, stationed in the Far East, has a wife and four children....ages 15 and 13 girls..ages 10 and 7 boys. His last residence was Concord, North Carolina where he was the Pastor, but we don't know where he is from originally. In fact that is all we know about him. Let's give the Smiths some Hawaiian Hospitality and especially some Kahuku Hospitality...of which there is none better.

The Methodist parsonage is going to undergo a rapid face lifting. Several of the church members are seeing about getting it painted and adding some new furniture. It was a major decision whether to buy Mr. Smith a double bed or single beds, to figure out whether he needed extra length or not. How can you tell without knowing the Smiths?? There were times when the committee wanted to send a wire... "Please advise immediately...single or double bed?" Anyway, the double bed was cheaper so guess what?

REVEREND AND MRS. AGTE LEAVE

The Reverend and Mrs. Agte who have been filling in here for six weeks will go back to Arizona. He just happened to be in Hawaii visiting his daughter, having retired from active preaching several years ago, so we are very grateful to him for taking on the job.

AGNES AND CHRISTY CELEBRATE

Agnes and Christy Christophersen celebrated their 25th Wedding Anniversary with a gay party at Kawela on June 29th. About 80 guests were received under a striped tent which added much to the gala occasion. Agnes came to Kahuku as a bride and she and Christy have made their home here ever since.

Mrs. Mahiai and her troupe entertained all evening and were greatly appreciated by guests who tripped the light fantastic on the green.

MR. C.D. RETURNS

The Most Important guest was Mr. C.D. Christophersen Sr. who returned to Hawaii in time for the celebration. He will make his home with the Jr. Christys. This is his first trip back to the is-

(continued - next column)

KAHUKU SUPERMARKET

Lindy Ching, the affable young manager of the Kahuku Supermarket has announced that his store is diversifying its operations. Part of the warehouse of the market will be renovated to accommodate a short order restaurant and dry goods shop. Plans have been approved and building should be underway, if not by the time this is printed, very shortly afterwards. We're sure that the whole community will be looking forward to the cool refreshments that will be served along about this August when the heat is expected to have us all dragging.

Also in the plan is a game room where the kiddie rides will be kept and where a few legal-type games of skill will be found. Mothers and fathers who take the tots shopping will be able to park the young-un with a handful or two of dimes while they spend the rest of their money at their quiet leisure, free to gossip with other parents and to haggle with the butchers.

It's very encouraging to see this surge of business growth in our community and we will continue to look forward to bigger and better doings from the Supermarket.

SEWING SCHOOL

Mrs. Satoye Tokumoto is conducting her summer sewing class again this year for 2 months. Fifteen girls keep the place lively with their chatter, laughter and humming of sewing machines. Lessons are taught in the morning, and the rest of the day is spent sewing.

(continued from column 1)  
lands since his retirement to California in '46.

THE HOLROYDES

The Holroydes also returned to Kahuku for the event. They had just been East to son Alan's graduation from Kent in Massachusetts. So the whole family was welcomed. Alan will go on to college at Stanford in the fall. The Holroydes are trying to get settled at McBryde.

-----  
Daddy bought a little car.  
He feeds it gasoline,  
And everywhere that Daddy goes,  
He walks---his son's sixteen!

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The 6th Annual Kahuku Women's Invitational golf tournament sponsored by the Board of Public Parks & Recreation will be held on Saturday, July 25th at the Kahuku Municipal Golf Course.

Play will be in 3 flights:

"A" Flight . . . . 0 to 14

"B" Flight . . . . 15 to 24

"C" Flight . . . . 25 to 36

Entry fee will be at \$4.00 luncheon inclusive.

Entries will close on Monday July 20th, 6:00 P.M. at the Kahuku Golf Course.

Entered to date are as follows:

In the Championship Flight ("A"): Mary Werner, Marian Yokomoto, Genevieve Werner Llanos, Hope Yee, Edna Meyers, Ramona McGuire, Irene Dexter, Myrtle Akiu, Jeanette Dwight, Flo Kamimura, Billie Beamer, Nora Kaaua, Cattie Ozawa and others will be registering soon.

Previous winners were:

1954 - Emma Kauhi

1955 - Myrtle Akiu

1956 - Marie Rusch

1957 - Marian Yokomoto

1958 - Virginia Metcalf

1959 - ? ? ? ? ?

The Windward golf club held a special golf tournament for the National Lead Co. trophy on Sunday June 28th at the Kahuku Golf Course with the following scores:

George Kihei 91 24 67

Felix Llanos 76 8 68

Shorty Llanos 78 10 68

Chas Plunkett Low gross - 77

The Windward Golf Club held its monthly ace golf tournament on Sunday July 12th at the Kahuku Golf Course with scores as follows:

Ray Woolley 79 8 71

James Bariertos 77 6 71

Solomon Adams 85 12 73

(continued - next column)

## GUEST WRITERS

The Kahukuan is fortunate to have stories by two guest writers in this issue. Interestingly enough, both deal with the field of communications and though not originally intended that way, are closely related to each other.

### MRS. ANN KING

Ladies first, so we'll introduce the author of "Operation Moon Bounce" whom it is always a pleasure to introduce. Mrs. Sam P. King, we prefer to call her Ann, is the wife of Sam P. King, you no doubt guessed, who as well as being magistrate of the Koolauloa-Koolaupoko District is also the son of the late Gov. Samuel W. King. Ann, besides being very talented is a most attractive person and the mother of three energetic young Kings. The family is most enthusiastic about our North Shore and are frequent visitors to Kawela Bay. We appreciate very much Ann's sharing her experience at one of our land marks with us and we hope that we will be able to share the moon bounce experience first hand ourselves.

### GERALD SEAMAN

Gerry Seaman, our other guest writer, hardly needs any introduction at all since he has been a long time resident here in our area. Gerry has been active in our community and has just finished a term as president of the Kahuku Hospital Association. We want to thank Gerry for his article pointing out to us that great new things are still happening right here in the Kahuku area of which most of us are not aware.

From time to time, we hope that we can persuade other writers to contribute to our famous paper to help stimulate new interests, new ideas, and a change of writing pace.

(continued from column 1)

Gerald Tubal Low gross - 80

NOTE: Playoff will be on Sunday, July 26th.

## KAUAI-BOUND

Mr. and Mrs. Werner will leave for Hanalei, Kauai this afternoon with their grandson Stanley Jr. Ernie's last visit home was in 1945 and so the weekend will be spent attending a family reunion and church meeting.

KAHUKU COMMUNITY COUNCIL

On June 29th, the Kahuku Community Council was treated to a demonstration of the Civilian Defense Disaster Rescue truck. This truck which is based in Wahiawa for the Rural Area Command II is a one-man band type of machine. Name it and this truck does it. Just a few of the gadgets that go along with it to the scene of disaster are gas cutting torches, an AC generator to power flood lights, drills, chain saws, stretchers, a resuscitator, etc.

Masao Suzuki, president of the Koolauloa Post #36 of the American Legion arranged to have the truck brought to Kahuku for the demonstration. Accompanying the vehicle were Mr. Theodore Bloomer, G-2 of RAC II, and Mr. Hausnick who explained the organization and functioning of the Disaster Rescue Teams. It is planned to have trained crews in each area which will go into action when a disaster has taken place. The truck will be sent to the scene of the disaster to be operated by the crews in that area. In this way, men will be working where they are familiar with the people and terrain concerned.

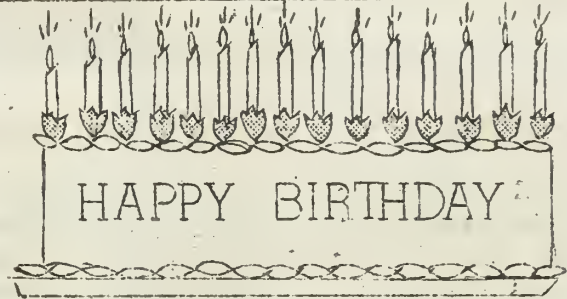

Early in September classes will be held to train personnel here at Kahuku so if you are interested in rescue work, keep your eyes opened for the announcement. There are usually eight men to a team and there is a vital need for a competent electrician and gas torch cutter for each crew.

SOCIAL SECURITY BENEFITS  
SUPPLEMENT PRIVATE SAVINGS

"How does the government expect you to live on these Social Security benefits?"-- "The above is a common complaint heard by our staff," reports Edward H. Ichiyama of the Honolulu Social Security Office, "because of a misconception held by the public."

"In formulating the Social Security program, Congress did not intend retirement, disability, or survivors benefits to replace private savings. Instead Social Security was to supplement the family protection offered by insurance companies and other personal investments. After all, Americans have always prided

No. 316

## NEW ESTIMATE: 16,500 TONS SUGAR

It has been necessary to revise the estimate of the total sugar we expect to produce this year. In making our original estimate, it was obvious that the losses due to the strike last year would carry over into this crop, since our cane cannot go through such a long, dry period without water. The original estimate was 17,980 tons of sugar which is 2000 tons below what we would normally have expected. This original estimate meant a reduction in our income of approximately \$250,000.

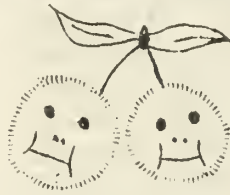

Ever since the middle of June, our yields have been even below what we had hoped to get. The strike has hurt Kahuku Plantation much more than it had at first appeared. Our present estimate is 16,500 tons of sugar, 1480 tons below our first estimate and 3300 tons or \$412,000 below what we should have received for this crop.

Based on 16,500 tons of sugar total production, our financial outlook is grim. Our indicated losses at this time will be about \$208,000.

As far as the future goes, our first hope for any kind of profit lies with our 1961 crop which is getting its start this year. If we can produce what we did in 1955 when these same fields gave us a total of 20,400 tons of sugar there is a good chance that the Plantation can show some profit for the year, but we will still be very much in debt.

Our 1960 crop, which also has been affected by the strike by getting off to such a late start is not expected to be as good as even this year's. The first fields we harvest may be fairly good but as we progress to those fields which were harvested in the last three months of the year, yields will undoubtedly be way down. The average of this crop will

# SALE !

The Kahuku Hospital Auxiliary is at it again! This Friday and Saturday, the 21st and 22nd of August from 9 A.M. to 9 P.M. at the Clubhouse! There are more things than ever! Boxloads of clothes have come in -- children and adults. There is furniture! There are dishes and jewelry. There will be all kinds of food for sale. Cakes, pies, sushi, salads, hot dogs, soda pop, coffee, etc. Plan to come for lunch or dinner!! Bring your family and outfit them for school. Buy - buy - buy!

The money from this sale will go to buy new bedside reading and examining lights for the hospital.

(continued)

be about 21 months.

A strike against an agricultural enterprise, where care of the crop is neglected, causes far reaching and irreparable damage which can never be made up.

OPERATIONS TO DATE

Harvesting and grinding started again after a two-week suspension during which plowing and planting were brought up to date. With the light cane tonnage resulting from the strike, harvesting had been consistently ahead of schedule leaving more and more unplanted area behind. During this two-week period, Fields 36 and 41A were planted and a good start made in Field 11. All other field operations were brought up to schedule also and when grinding started again planting continued full scale. Field 11 has been completed and now only Field 28 remains. Planting in this field will start right away.

The following figures compare our operations to date this year with the same period in 1957 which is the corresponding crop to this one:

	<u>To July 1957</u>	<u>To July 1959</u>
Acres		
Harvested ...	1,223.06	1,148.48

ST. ROCH'S CHURCH NEWS

On August 15, with Rev. Father Cyril Eraly as celebrant, Mass was offered in commemoration of Assumption Day. Celebration on this day is in honor of the ascent of the Blessed Virgin Mary into heaven.

During the afternoon, Confraternity of Christian Mothers conducted a Food Sale.

Then in honor of the patron saint, St. Roch, entertainments and refreshments were enjoyed by the parishioners in the parish hall during the evening.

ST. ROCH'S CHURCH PLEDGE DRIVE

Because of the constant appeal for funds, year after year, the parishioners of St. Roch's recently met in the parish hall to decide on plans for a FUND RAISING PROJECT.

The consensus of the members present was that we discontinue conducting the annual Church Carnival. In its stead the members present voted to secure individual pledges to relieve the \$11,000 church debt.

To raise \$11,000 from subscriptions, the pledges will be payable in 30 months or earlier. Every Income-Bearer in the parish will be asked to join in the program that is in making a pledge, the amount in proportion to his or her means.

During the past number of weeks the St. Roch's Pledge Drive Committee composed of 20 parishioners and headed by Mrs. Eleanor P. Ross had been calling on parishioners and according to reports, their efforts has met with cooperation and success.

Father Cyril Eraly, SS.CC., pastor of St. Roch's Church made the following report on the progress of the Pledge Drive:

FOR THE MONTH OF: JULY  
CASH IN BANK - \$581.00.

My favorite Hollywood story concerns two little boys attending a private school in an exclusive section of the town where movie stars customarily live. The first youngster opened the conversation:

"I hear you have a new daddy."

"Yep," nodded the other.

"Well, I know you'll love him," seriously nodded the first. "We had him last year."

Weed Control	3	Cultivation	18
Welding Shop	4	Total	77

ELECTION RESULTS

On Tuesday, July 28th, the people of Hawaii had their first opportunity to vote in State elections. For the first time we were able to vote for our Governor and our Lt. Governor. For the first time we were able to vote for two Senators to the Congress of the United States and for the first time we were able to vote for a Representative to Congress who would have a real honest to goodness vote in Congress.

Of the total 1003 registered voters in our precinct, 895 turned out to vote. This is an 89 percent representation and though very good for any election, looked somewhat poor compared to the 93 percent turnout for the whole state. We have started off with an active interest in the political doings of our New State. Let's keep up this interest and make certain that we get the kind of government that we want. Remember, in a Democracy the People are the boss.

The boy was looking through the family album.

"Who's this fellow on the beach with you, Mama? This young guy with all the muscles and curly hair?"

"That's your father."

"THAT'S my father? Then who's the old bald-headed, pot-bellied man who lives with us now?"

PREVENT FLIES FROM BREEDING

Flies breed in filth and can spread germs which cause disease. Check conditions at home which may be breeding places for flies!

YOUR GARBAGE CAN

Is it a metal can in good condition without dents or holes?

Does it have a tight-fitting cover?

Is it washed out once a week?

YOUR GARBAGE

Is it well drained and wrapped in paper before disposed?

Is it kept in a metal container with a tight lid?

YOUR YARD

Is it free from rotting fruit and vegetation?

Are dead snails and dog manure removed?

Is chicken manure removed at least once a week?

For advice on Fly Problems or Chemicals For Fly Control, phone 50-511, extension 229.

ABOUT YOUR CREDIT UNION

Brethren and Sisteren, if you are reading this column you are either an owner of this credit union, or you could become one at the cost of a day's supply of fresh coffee.

As an owner, what have you got? Well, let us see . . .

You own a set-up which works perfectly to give you better thrift and credit service than you can get anywhere else in the world. Just give your credit union a chance to prove that!

You own something which is as safe as you and your fellow members are safe, because the money is put to work within the family. Only members can invest, only members can borrow.

You are a part of a free enterprise, democratic organization built of people and run by people for people. An organization which grows better with use.

Use it! See Your Credit Union Today!

LOST AND FOUND

Wrist watch found in Hospital parking area. Owner please contact Judy Funasaki at Hospital.

AUXILIARY NEWS

The new building is not exactly finished, though Mr. Kashiwagi has done quite a bit of carpentry inside. There is a bit to be done.

The quarterly meeting of the Auxiliary was held on Thursday, the 30th of July at 2:30 in the new building. The much talked of open house will probably take place when the new officers are installed in October....and when the wiring and plumbing are in.

LAZARO BANIQUED RETIRES

On October 16, 1930 at the age of 36, Lazaro was employed by Kahuku Plantation Company. On August 1, 1959 at the age of 65 he was retired. He worked as a Railroad Hand, Field Hand, and before retirement, as a Yard Man.

Lazaro will visit his brother in California for three months then on board the S.S. President Cleveland on December 15, 1959 he will, for the last time, say "Mabuhay" to the State of Hawaii, and "Philippines, here I come."

With his retirement lump sum settlement and social security benefits he will take it easy with his wife who resides in the town of Cuyapo, province of Nueva Eciya, P. I.

COUPONS ANYONE?

Mrs. Ann Powlison from Lanikai is trying to win a trip to New York through the Pali Press. She requests that anyone who will let her use their papers for the coupon in it, please leave it with Louis Pereira. She will collect them.

THE DONALD YOUNGS

Mr. and Mrs. Donald Young are having a wonderful visit with their three daughters and families in the Northwest. They have been to the top of Mt. Ranier and enjoyed cold weather, and have also done much baby-sitting. Mr. Young's new name is "Grandma-Daddy."

Slippery edge---  
Pickled bug!

"THE TOURIST VIEW OF KAHUKU"

by Robert Midkiff

It would be interesting for some scientist to stand up with a counter and add up the number of tourists in buses and taxis who drive through the main street of Kahuku every day. During the summer months there must be two or three hundred who look at your main street, the Catholic Church, the plantation office and the Kahuku Super Market and wonder what kind of people live in this northern-most town on Oahu. What do the tour guides say about Kahuku as they drive through? How can you make Kahuku stand out in the memory of the stream of guests who pass through daily?

Kahuku has one outstanding asset--the wide set back-line on both sides of Kam Highway. How beautiful to have the highway bordered by beautiful rows of tall and stately trees and set off with a colorful and neat hedge.

One continuous hedge of Oleander or Hibiscus would be colorful and frame the lovely green lawns on both sides of the road. If every family on the highway could plant a Kamañi tree for shade, it would stand high above the road and lend grace and charm to the town. I think the Outdoor Circle could donate the trees if the residents would agree to water them.

It is by community action that the roads of France have become so beautiful. Everywhere in France, the roads are tree lined...sometimes two trees deep. They have different kinds of trees of course, Elders, Poplars, and Plane Trees, but they all stand there to make an attractive border on both sides of the road. A truly beautiful and unforgettable sight.

Residents of Kahuku have a chance of having their town remembered as the most beautiful town on Oahu by our guests. They also have the chance to feel proud of living in a town where everybody cares about beauty.

Robert Midkiff, the writer of this article, is the President of the Downtown Improvement Association of Honolulu. He is now a summer resident of Kawela Bay.

Daffynishun: A diet - the penalty for exceeding the feed limit.

METHODIST CHURCH NEWS

The Reverend and Mrs. Jack Smith and his family arrived in Kahuku on the 17th of July. He preached his first sermon on Sunday the 19th in the Methodist Church. His congregation was thrilled! This man is what we want...what we need, an answer to our prayers, an inspiration. His heart would be warmed to know that as far as first impressions go, he is at the top of our list.

Jack Smith...this crew-cut, football player-pilot seems dedicated in his effort to bring us the message. He has a hard core of complete sincerity of purpose under his affable manner. Because we admire him as a person, he may be able to convince us poor Kahuku sinners. We will give him all the help we can. We think this man, and his equally fine family, may add a great deal of flavor to our community.

We WELCOME them with open arms!

KAHUKU JUNIOR Y.B.A.  
BON FESTIVAL A BIG SUCCESS

The Kahuku Hongwanji - Junior Y.B.A. Bon Festival held last Friday and Saturday evenings was a big success both religiously and financially. Co-chairmen were Toranosuke Nakamura in charge of Construction and Hiroshi Togo in charge of Finances. They were ably assisted by Mrs. Margaret Tsukamoto and Mrs. Satoye Tokumoto as dancing instructors.

Special troupes were invited from Moiliili, Pearl City, Wahiawa and Waialua to make it a colorful affair. "Betchō" music was furnished by the Whitmore group. Refreshments were sold by the members and their parents, the Fujinkai and Kyodan members.

The last Bon Dance was held in 1956. The Y.B.A. was reactivated recently under the direction of Reverend Shuei Iwai.

The Junior Y.B.A. takes this opportunity to thank all those who assisted to make this event a successful one.

Kids Say the Darndest Things!

Art: "What makes a man bald?"

Kid: "They eat too much....It fills them up so much that it pushes the hair right through the top."

NEWS FROM THE TROCHEZES

Mr. and Mrs. Andalecio Trochez sent a post card from Disneyland telling how much they are enjoying their trip on the Mainland. They have traveled all over California, also to Tijuana and Ensenada in Mexico. Next month they are planning to visit Mexico City and then go over to Louisiana. It sounds like a wonderful trip and as though they are having time to see about everything they want. By the way, we also hear that Disneyland is a very popular place for honeymooners. Any comment Trochez?!

"SWIMMER'S ITCH"

"Swimmer's itch" caused by poisonous seaweed can usually be prevented by thorough bathing after a swim in suspected waters.

The encouraging statement comes from Hawaii's Health Department which points out that irritation from the seaweed does not usually happen if a soap-and-water shower is taken within two hours after swimming. Bathing suits should be thoroughly washed and a shampoo is also advised.

The seaweed, called Lyngbya, is most irritating at Laie. It moderately is harmful at Kaaawa Beach and only slightly so in Kailua. Waters off Waikiki and Hanauma Bay are apparently free of the seaweed in its poisonous form. The Lyngbya has the peculiar characteristic of being poisonous at some locations and non-poisonous at others.

The seaweed is dark olive color and is said to look like a hairy mat.

Length of time the seaweed touches the skin increases possibility of discomfort or blistering. Swimming should be limited to two hours and the shower taken without delay. The seaweed keeps its irritating qualities even after it dries out. For this reason, fish nets and other gear should be washed off with fresh water after use.

Health Department recommendations followed studies made by Dr. Albert Banner, Professor of zoology, University of Hawaii. Dr. Banner, his assistant, Robert Morris, and representatives of state and city agencies met recently to consider the problem.

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held a Special Golf tournament at the Kahuku Golf Course for the Melim's Service Trophy on Sunday, July 26th. Play was over 36 holes with the second 18 holes to be played on Sunday, August 23rd.

Leading for the 1st 18 holes are as follows:

Godfrey Ahana	85	16	69
James Bariantos	75	6	69
Robert Onaga	78	9	69
Harry Shigemitsu	86	16	70
H. K. Ichida	82	12	70
Wally Shinsato	81	11	70

The Windward Golf Club held its Monthly Ace golf tournament on Sunday, August 9th at the Kahuku Municipal Golf Course with the following results for the day:

George Morita	83	22	61
George Kihei	91	23	68
George Hatico	76	7	69
Renin Werner	Low gross -- 77		

## MOI UNLIMITED

Since the KAPU for Moi is no longer in effect the Izaak Waltonians are again reeling them in with no mercy at the Bamboo Forest. This time, however, the anglers are facing the ocean with a very clear conscience. During the short-lived KAPU season it was quite a strain (ask them) fishing with their backs facing the sea!!! The Fish and Game Wardens' eyesight are back to "normal", now!

When the Moi can no longer endure their hunger strike, it's strike, here, there, everywhere. Action galore. You must see it to believe it; 'nuf said.

Jack: "Do you really like to read blotters?"

Mack: "Sure. They're very absorbing."

## KAHUKU THEATRE FISHING CONTEST

Leaders of the fishing contest sponsored by the Kahuku Theatre are as follows:

Ulua Contest - Walter Fujimoto - 18 lbs.

Oio Contest - Luis Gagarin - 6 lbs. 15 oz.

Moi Contest - Masaji Abe - 4 lbs. 9½ oz.

The contest will close on December 31, 1959 and membership is still open, according to Hiroshi Togo, manager of the theatre.

## S A F E T Y

Our lost time accident score is perfect to date which is an excellent reflection on the good job we are doing in protecting ourselves from serious injury. Looking at our Non-Lost Time accident score however, makes people wonder if we are paying enough attention to the work habits and methods which cause the minor injuries. We have had 81 non-lost time accidents. The total non-lost time accidents for the whole year in 1956 and 1957 were 83 and 94 respectively.

At the rate we have been going, an average of 2.5 accidents per week, we can expect about 47 more non-lost time accidents to happen this year. That would give us an expected total for the year of 128 non-lost time accidents!

Take time to observe and correct any poor working methods or bad work habits and we will be able to cut this 128 total down. Remember also, that if you are sloppy on small safety requirements, you might forget to correct the big ones!

## 4-H NEWS

On July 25th, the Northern Clovers went on a hike to Sacred Falls, led by the Windy Villagers' leader, Mr. Bunichi Tsukamoto. The 12 girls and Mrs. Kahuanui had a wonderful time, despite the long, hot hike in. The cool waterfall was compensation enough, though, and the girls had fun watching the swimmers and chatting, laughing, making new friends. They had lunch there and then left for home after a day which wouldn't be forgotten by them soon.

NEW ARRIVALS

The month of August brought Hurricane Dot, rainy weather, and three new arrivals.

Cindy Kalili, newborn daughter of Mr. and Mrs. Steven Kalili of Hauula, was born on August 2nd.

Mr. and Mrs. Kealoha Kaio of Laie are the proud parents of Gordon Kaio, born August 4th. Congratulations!

Tuesday, August 18th brought forth another girl, Dodgette Wilkins. She is the offspring of Mr. and Mrs. Dogie Wilkins.

DOCTOR CUSTER LEAVES

Doctor Custer, who is leaving at the end of this month, will be sorely missed by the people of Kahuku. The community is sad about his leaving, but, our loss will be someone else's gain.

GIRL SCOUT NEWS

The Senior Girl Scout Troop of Kahuku have planned a 3-day camping trip at Camp Paumalu. The Troop left today at 12 P.M. and will return on Sunday, August 23 at 3 P.M. after a weekend of fun in the mountains.

The adults supervising the Senior Scouts are Mrs. Bella Damasco and Mrs. Jessie Agustin.

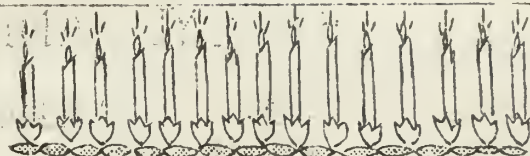

The Intermediate Girl Scout Troop headed by Mrs. Adversalo will also be camping today but at a different place. The group will spend 2 days and 1 night camping in front of the Catholic Church grounds.

## PARENTS CAN HELP KAHUKU SCHOOL

### NEW YEAR'S RESOLUTIONS

by James F. Morgan, Jr.

September 2 was the day the New Year began. On this day most of the children in Kahuku started another Scholastic Year. Summer vacation with its play, work, and/or boredom suddenly dropped into the past to become a rapidly fading memory. In the Scholastic Year ahead the students face new classes, new teachers, new subjects, new challenges and new growth.

The beginning of school doesn't only mean a New Year for the students. It also means a New Year for the parents. No doubt, there's many a sigh of relief as the mothers look forward to peace and quiet around the house.

But the New Year isn't for the parents to rest and store up strength for next summer. This New Year means new responsibilities and challenges for the parents too.

Besides helping the children with homework, parents should bear some of the burden of running the school. In certain activities parents and only parents can help. For instance, the P.T.A. Parent Teachers Association particularly needs the support, ideas and energy of parents.

The first Kahuku P.T.A. meeting of the New Year will be held on Monday, Sept. 21, at 7:30 p.m. in the Cafetorium.

Officers for the coming year are: Mrs. Olive Morrill, President; Dr. J.R. Brown and Mr. Omar Guillaume, Vice-Presidents; Mrs. Lourdes Camit, Secretary; and Mr. Herbert Hirata, Treasurer. With this leadership and the parents help, the P.T.A. can look forward to an active New Year.

Now is the time to take a deep breath after that sigh of relief when school is in session, and resolve to help the school help your child through the P.T.A.

### BARRETT'S NEW TEACHERS

School opened on September 2nd with a faculty of 37, the largest it has ever had, according to Principal G. Howard Barrett.

The year's enrollment is 949 students, a few less than last year's peak enrollment.

A Student Counselor, Mrs. Diane Umipeg and a Remedial Reading teacher, Mrs. Maree Stoddard are additions to the regular class room teaching staff.

The new members of the faculty are:

Mrs. Mabel Ueda	-----	Kindergarten
Miss Anna Ito	-----	Second Grade
Miss Beverly Gaston	-----	Third Grade
Mr. Howard Okimoto	-----	Fourth Grade
Mrs. Alice Higgins	-----	Speech & English
Mr. Shinye Gima	-----	Art
Mr. Robert De Meilo	-----	Band
Miss Beverly Nogami	-----	Girls' Phys. Ed.
Miss Patsymae Eaton	-----	Chemistry
Mr. George Ueda	-----	Math
Miss Margaret Nakamura	-----	Soc. Stud. 12th
Mrs. Maree Stoddard	-----	Remedial Reading

The school buildings are still in the process of being painted, and the entire school is being painted inside and out.

Classes are well started by this time and students and teachers seem to be enjoying their work.

### AFRICAN SNAIL COMES TO SCHOOL

For the first time in the history of our school, we have been invaded by one of those dreaded snails, of the African variety. Although it came alone, it was of a tremendous size, and Mrs. Barrett and other campus dwellers of her sex do not appreciate this invasion.

Mr. Logan, Custodian, brought peace to the campus by the well-known method of dousing the menace with salt, which melted the varmint.

FROM KAHUKU SUPERVISORS' BULLETIN SEPT.

"Our Bi-Weekly Safety Report for the period from August 26 through Sept. 8 had only one accident reported. For a while it looked like we would have a perfect record, but at the last minute one came in. However, this is a great improvement over our past record and shows that we can operate without accidents.

Preventing accidents is part of the Supervisor's job. It requires continuous effort on your part to anticipate where and how accidents might occur and to instruct your men in the proper method of work for their safety."

OFF SEASON WORK

Because we are expecting a long off-season this year, we are applying for a Contractor's license so that we can look for work outside of the Plantation for our men and equipment.

Leaves of absence to look for work outside the Plantation will be granted provided the men can be spared from our own work and subject to certain provisions covering Workmen's Compensation.

For this year only, we are changing our policy on leaves outside the State so that anyone desiring to stay longer than three months will be given his old job back instead of dropping to Grade 1, provided he returns before harvesting starts.

Our tentative date for starting our 1960 Crop will be between the middle of April and the first of May.

CREDIT UNION NEWS

One subject that has been under discussion is that of "loan insurance".

If you are physically able to perform the usual duties of your livelihood at the time you make a credit union loan and you meet the age qualifications, you may receive LOAN PROTECTION against temporary disability, permanent disability, or death.

By paying an annual premium based on the amount of loans outstanding it is possible that each borrower have his loan insured so that in the event of death or disability the loan is repaid by the insurance company.

The following figures compare our operations to date this year with the same period in 1957 which is the corresponding Crop to this one:

	<u>Through Aug. 1957</u>	<u>Aug. 1959</u>
Acres		
Harvested ...	1,509.38	1,385.99

DEATH COMES TO USHIZO SUGAI

The Kahuku Plantation offers condolences to the family of Mr. Ushizo Sugai, Plantation pensioner, who died recently at the age of 72. Funeral services were held at Kahuku Hongwanji Mission.

Mr. Sugai is survived by his wife, four sons and two daughters.

NEW NATURALIZED CITIZEN

At the large naturalization ceremony held recently at Waikiki Shell, Kahuku's Nicolas dela Cruz was one of the 500 new citizens to take the oath of allegiance to the United States of America.

Justice Walter L. Pope of San Francisco presided over this special court session which made these people citizens of this country and of the new state of Hawaii.

"DON'T LEARN SAFETY RULES BY ACCIDENT"

NEWS OF KAHUKU'S SUMMER

Things do happen during the summer, especially if you go away.

Guest editors for Kahukuan, Lila Morgan and Kathleen Yamamoto, did a wonderful job on the paper. Congratulations and many, many thanks.

\*\*\*\*\*

Lindy Ching added five shops on the Laie side of the Super-market from Warehouse space. Two shops are occupied by the already famous "Burger Mill" and the Playroom.

Flo Balios was seen checking merchandise in one air-conditioned section that will open for Gifts and Dry-goods.

A barber (wahine) is expected to take one shop and perhaps a doctor or dentist the other.

\*\*\*\*\*

Dorothy Sakamoto left the islands for a tour of the States and Canada. After completing a guided tour, she continued her "look see". She just missed seeing Queen Elizabeth by one day.

\*\*\*\*\*

Takeo Onaga was a visitor in Kahuku. He is teaching handicapped children in a high school in Los Angeles.

\*\*\*\*\*

Arlene Wong was home during vacation, and has gone back to Oregon State.

\*\*\*\*\*

Karen Sanjume was home for the summer with a guest from Albion, Mich. Both of them will continue school there.

\*\*\*\*\*

New workers at the Super-market are Doris Laguna, Julie Hanvey, and Abraham Miram. Elaine Otake will be going to Los Angeles on Sept. 30. She is to be married to Harold Suzuki of Honolulu.

\*\*\*\*\*

Clifford Kaneshige, son of Mr. and Mrs. Tom Kaneshige, left for school at the University of Oregon on Sept. 10.

\*\*\*\*\*

Yolanda Lucero has gone to Louisiana to college to study to be a policewoman. Her father Juan Lucero works for Kahuku.

\*\*\*\*\*

Ellen Togo will study at UCLA for her Masters in Business Education. Sister May will be a Sophomore at the U. of H.

\*\*\*\*\*

Felix Dohaylonsod was recently married in Japan to a girl he met there. He is a pilot for "Mats".

WEDDINGS OF INTEREST

Patsy Makaiau, of the "Wacs" and Harry Au, a Marine, will be married in California on Sept. 26. Both are from this community.

Ralph Makaiau will go up to "give away" his daughter, and his wife Emma may decide to accompany him as "mother of the bride".

\*\*\*\*\*

Sarah Weimer became the bride of David Custis in Riverdale Md. on August 15.

Mrs. Elma Weimer and her daughters, Elsie and Lenore were all at the wedding. Sarah is the youngest of the Weimer girls, and all are now married.

\*\*\*\*\*

Felipe Cadiz and Juanita Luis of Kahuku were married at St. Roch's Church, on August 29. A reception was held at the Tomacder's residence.

\*\*\*\*\*

Emanuel Goles was married to a Waialua girl last week. Both of these young people are attending the U. of Hawaii.

COLLEGE STUDENTS FROM KAHUKU SCHOOL

These students are attending the Univ. of Hawaii: Kenneth Nakayama, Barbara Henry, Ralph Nishiyama, Earl Anzai, Ruth Tokumoto, Betty Shigemitsu, Karen Yamamoto, Jane Kochi and Carol Sakamoto.

\*\*\*\*\*

These students are at the Church College of Hawaii: Susan Togo, Ruby Au, Robert Fermentez, Henry Kamae, Florence Wakumoto, Rosita Tubal, Friscilla Fujimoto, Faith Okawa, and Thelma Kanda.

\*\*\*\*\*

Students at Cannons are Ruth Valdez, Frances Hirata, and Lillian Nagata.

POST OFFICE NOTES

The following commemorative postage stamps are available at the Kahuku Post-office:

- 7 cent Air Mail Hawaii Statehood Stamp
- 7 cent Balloon Jupiter stamp
- 10 cent Pan American Games stamp
- 4 cent Petroleum Industry stamp
- 4 cent Soil Conservation stamp
- 4 cent Dental Health stamp.

\*\*\*\*\*

International Letter Writing Week is Oct. 4 - 10. Use Air letter sheets that cost only 10¢ each.

KAHUKU HOSPITAL AUXILIARY

The Kahuku Hospital Auxiliary Sale was a great success. \$300 dollars was the lovely profit, and with it some bed lamps will be bought for the hospital.

Much hard work went into making it a success as anyone who went could plainly see. The whole clubhouse was turned into a store. There were more things to sell than ever before, and more people bought.

The food department was fabulous. Mrs. Eader alone made about 40 pies. The women who worked at the sale could hardly help from gorging themselves, and they enjoyed the food so much that others got the idea.

Again it was lots of fun to be a saleswoman...and never a dull moment. \$800 dollars worth was sold, but there must be at least that much left over. This all must be moved to the new Auxiliary building. This is the big question. WHEN????

We are waiting for the plumbing and wiring and more carpentry. It should be any month now. Then YOUR help will be needed.

PEN PRIMACIOS VISIT KAHUKU

Mr. and Mrs. Benjamin Primacio (Pleista Mariano) were back in Kahuku for a few weeks.

Ben is still in the service, and after two years on Guam, they will be assigned to Washington State.

They brought their five months old son, Patrick with them.

GE REFRIGERATOR FOR SALE

CALL M. HAIDA---293402

SUPERVISORS HOLD LAEOR DAY PICNIC

The annual Supervisors' Club picnic was held at Lafe Hukilau Grounds on Labor Day.

Special thanks and appreciation go to Picnic Chairmen James Uale and Tony Canque and the rest of their committee who worked so many long hours.

FRONK CLINIC NEWS

Our good friend Dr. Alan Luning has returned to Kahuku with his wife and family. He has been in the Army for two years at Ft. Ord, California.

There are six Luning children between the ages of 8-2. Dr. Luning and his wife, Jeanette are both from Island families. Those of us who know them are very happy that they have come back.

\*\*\*\*\*

A young man, Mr. Ronald Ramsey, from Southern California, is the new X-Ray Technician for the Clinic.

At present he is training under Dr. Phil Arthur, but soon will be out here to take over this work.

TORMIS BOY HOME FROM HOSPITAL

The young 3½ year old son of Felix and Rufina Tormis fell out of his father's car and fractured his skull. This happened on August 27.

After spending a week in Queen's Hospital, he was transferred to the one out here. Now he is recovered and is back at home.

KAHUKU HONGWANJI GAKUEN OFFICERS

Officers to serve the Kahuku Hongwanji Gakuen during the school year of 1959-1960 are:

Toranosuke Nakamura---President

Soichi Yonemori-----Vice-President

Walter N. Fujimoto----Secretary

Hiroshi Togo-----Treasurer

Hisashi Hirata-----Auditor

This organization corresponds to the P.T.A. group in our Kahuku School.

HULA ANYONE?????

Would you like to take hula lessons? Mrs. Zuttermeister from Kaneohe is willing to come to Kahuku every Tuesday if she can get enough people interested.

She wants both grownups and kids. There could be a class of little ones, another of Intermediates and one for Adults, depending on who signs up.

Please let Mrs. Sanjume, at the Gas Station know if you or your children are interested. Classes would start in Oct.

After all, little girls from Hawaii should all know how to hula. One might be Miss Hawaii someday.

ST. ROCH'S CHURCH NEWS

Over 135 Income-Bearer parishioners have submitted their PLEDGES for the 30 months program. The Pledge Drive Committee wishes to remind the others that have not been approached, to please contact Father Cyril or any member of the Committee as soon as possible.

\*\*\*\*\*

The progress report of the Pledges:  
 Collected for July ..... \$ 581.00  
 Collected for August ..... 644.50  
 Total in Bank ..... 1225.50

\*\*\*\*\*

This is a reminder to parents of boys and girls of Scouting age - that the Cubs, Boy and Girl Scouts movement being sponsored by the St. Roch's Church is open to all boys and girls in the Community.

MORE METHODIST CHURCH NEWS

A dozen young people are meeting for choir practice on Thursday evenings. Mrs. Connie Pickett and Mrs. Helen Pader are in charge. The anthems sung each Sunday are greatly appreciated by the congregation.

\*\*\*\*\*

A Methodist workers school is being held at Kailua Methodist Church on Sept. 14, 21, 28 and Oct. 5. It is for those who would like to know better how to teach the Bible.

\*\*\*\*\*

Jim and Colleen Wiggins, daughter Sandy and son Jamie were visitors in this Community last Sunday.

These well liked young people worked in this Methodist Church a few years ago.

Mr. Wiggins has now finished his Seminary education and is in charge of Methodist Youth work on the island. They live in Kailua.

\*\*\*\*\*

A group of young adults have volunteered to come out from the First Methodist Church of Honolulu to help the local workers on the Sept. 19 workday. Do come and help. Work will start at 8:30 in the morning and continue till lunch time.

WORKDAY THOUGHT FROM "CHANGING TIMES"

"With some girls, the end justifies the jeans."

METHODIST CHURCH NEWSPROGRESS MADE AT THE CHURCH

In the last several weeks things have been buzzing at the Methodist Church. Attendance in both Sunday School and worship service has increased, and a general air of interest has been evident.

An adult Bible Class and a class for Junior boys and girls have been organized with good attendance for both.

The Methodist Youth Fellowship has been reorganized, and each Sunday evening a group of from 15 to 20 young people between the ages of 12 and 23 gather for recreation, worship and planning.

Recently, with the aid of Mrs. Helen Bader, the young people painted the social hall and all the furniture in that building.

Many people have helped in improving the grounds of the church. The old fence has been removed and hedge planted in bare spots. There are big plans in the future but for the present the church is being made more inviting by all this work.

Everyone is invited to the services. Sunday School is at 9 a.m., Worship Service at 10 a.m., and M.Y.F. meets each Sunday at 6:00 p.m.

\*\*\*\*\*

PLANS TO RE-LOCATE CHURCH

Plans are being made, with the aid of the Hawaii Methodist Mission and the Division of National Missions, Methodist Church, to re-locate the church in the near future. As plans now stand, the church will be moved to the lot next to the Fire Station.

Only the sanctuary (main building) will be moved since the annex and social hall are not in condition to be moved. Plans also include the painting and renovating of the building.

In addition to these plans it is hoped that a new building can be built to provide Sunday School rooms, a social hall and office. It is hoped that this new building will be ready for use when the church is re-located. The land to be used is being provided by K.P.Co.

\*\*\*\*\*

WORK DAY PLANNED

Saturday, Sept. 19 has been set as a church workday. Repairs will be made and general cleaning will be done. Come and take part in this project.

# SPORTS

# SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held its final 18 holes of a 36 hole Medal Play Golf Tournament for the Melim's Service Trophy on Sunday, August 23 at the Kahuku golf course with the following results:

George Morita	----	184	44	140
Godfrey Ahana	-----	175	32	143
H.-K. Ichida	-----	168	24	144
Blackie Miota	----	178	34	144
Walt Toyota	-----	168	24	144
Renin Werner	-----	Low Gross		154

\* \* \* \* \*

The Windward Golf Club held its monthly Ace Golf Tournament on Sunday, Sept. 13, at the Kahuku Municipal Golf Course with scores as follows:

Pedon Shinsato	-----	79	17	62
David Kuni	-----	81	13	68
Toshi Iha	-----	90	20	70
Renin Werner	-----	Low Gross		75

## WARNING TO ALL FISH

It is now open season for all fish. The Fishing Contest sponsored by Kahuku Theatre is still on and anyone can enter.

The following are the winners at the present time in each division:

Ulua...	Pastor Pascua.....	25½ lb.
Oio...	Luis Gagarin.....	6 lb.15 oz
Moi ...	Isayas Mendiola ..	5 lb.1½ oz.

The contest will close at the end of the year...

## "MARGARET" SAILS HOME ALONE

Over the Labor Day weekend, Sleepy and Connie Pickett went to Lahaina, by plane for Connie, and "Under Sail" for Sleepy.

Twelve boats sailed to Lahaina to be in a race from Maui to Honolulu. Sleepy was one of a crew of 6 on the Ocean Cruiser "Margaret". The good ship "Margaret" was the only one of the boats to complete the race under sail.

Connie enjoyed a luxurious "loaf".

## PARENTS CAN HELP SCHOOL ATHLETICS

by James F. Morgan, Jr.

The parents can do a great deal for the school by supporting its extra-curricular activities.

Football season is part of the beginning of the New Year, and needs the parents' interest as well as the students'. A good athletic program is necessary for a well rounded school.

It was a very sad day when the Annual Awards Dinner had to be cancelled last year because of the disinterest shown by the parents.

The first football game of the Rural Schedule will be played, here on Oct. 2, between, Waialua and Kahuku. The Kahuku Team did a great job in defeating St. Louis last weekend in the first pre-season game. Kahuku's Team deserves and needs your support.

Tomorrow afternoon, Sept. 19, Kahuku plays Farrington at the Honolulu Stadium. Go in to see this game if you can.

The schedule for this year's games:

Oct. 2	-	Kahuku vs. Waialua
Oct. 9	-	Kailua vs. Kahuku
Oct. 16	-	Waianae vs. Kahuku
Oct. 23	-	Kahuku vs. Leilehua
Nov. 6	-	Kahuku vs. Radford
Nov. 13	-	Waipahu vs. Kahuku

(First team mentioned is home team).

## NEWS FROM THE JUDO CLUB

38 students of the Judo Club were examined for promotion of belt on Sept. 13 at St. Anthony's Judo Club in Kailua.

Two girls and 23 boys passed the examination and will soon be presented in exercises at Kahuku. The date will be announced later.

Second place trophy in 100 lb. and above was won by Frederic Togo. First place trophy in 100 lb. and below was won by Dennis Ishimine.

\* \* \* \* \*

On Sept. 27, our Senior Judo team will be in a tournament at the Central YMCA in Honolulu. These boys are: Wilfred Tsukamoto, John Tejada, David Furu-to, Manuel Barros, Masayuki Sabal, Frederic Togo, Earl Nakamura, John Caneda, Herman Ubando, Ronald Matsuda, Eugene Matsuda, Kendal Matsuda, Alvin Togo and Jaime Caban.

Mr. Galimoo thanks all who helped transport the boys and girls to and from Kailua.

NOTES FROM KAHUKU HOSPITAL

Mr. and Mrs. Julian Rillamas Sr. have a new son, Edwin, born the 23rd of Aug.

\*\*\*\*\*

A new baby boy, Ward, was born on August 24 to Mr. and Mrs. Delmer Flunkett.

\*\*\*\*\*

Another little boy arrived on Aug. 25 and this time he was named Anthony by his parents, Mr. and Mrs. Thomas Pickard Junior. His mother is the former Beatrice Santiago. They live at Kaaawa.

\*\*\*\*\*

On Sept. 6, Mr. and Mrs. Tautua Tanoai became parents to a son George.

\*\*\*\*\*

Also on Sept. 6, little Yvette came into this world and broke the "boy" pattern at the hospital. Her parents are Mr. and Mrs. Marcelino Agcaoili. Her daddy is in the Air Force, but he came home to look at the new daughter.

\*\*\*\*\*

Another little girl was born on the same day. She has been named Bonnie. Her daddy is Thomas Nihipali and her mother is the former Jane Yamamoto.

NEW NURSE FROM PHOENIX

A cute little dark haired girl joined the hospital staff a couple of weeks ago. Her name is Flora Blackwell, and she is from Phoenix, Arizona.

She heard about Kahuku through Mary Kobashi and Jo Ann Erickson, and thought she might like to be here with them.

CHANGES IN AMBULANCE DRIVERS

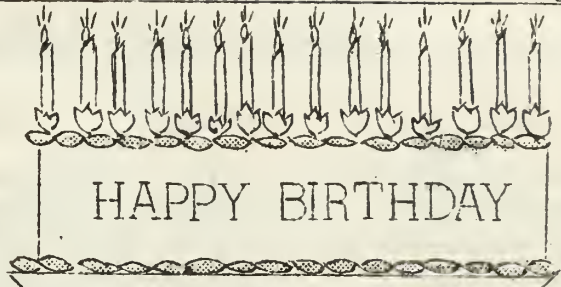

Alfred Prado is the new driver you may have seen driving the ambulance this last week or two. He began working at the hospital a week ago last Monday. He is a Kahuku boy.

\*\*\*\*\*

James Caban has left the hospital job and is now working in town on a construction job.

\*\*\*\*\*

Filomino Ramos is leaving this hospital to take a job with the City and County. He will be working at Maluhia Hospital as Nurses' Aid. This is an advancement for him and a lucky break for Maluhia, but we hate to lose him.

SEPTEMBER 19 THROUGH OCTOBER 16

- 19 - Monica Lagua, Wilma Pukahi.

BELLA DAMASCO HAS LEFT CLINIC

It does not seem the same around the hospital. Bella Damasco is no longer there.

Poor Bella has had some tough moments battling poor health for several years. A trip to the Philippines helped temporarily, but it did not cure our good friend's ailments.

Now Bella is no longer working around the clinic and things just do not seem the same.

There are many people around this Community who have benefitted by Bella's kindness and efficiency, and we thank her for the many times she has helped us when we were sick and miserable.

Do take good care of yourself, Bella. Take a good rest. You deserve the best of everything.

## YOUNG FARMERS OF KAHUKU

## F.F.A. DANCE

Sixteen Young Farmers have an organization at Kahuku under the advisor-ship of Donald Murakoshi.

At present these young men have taken on the project of repairing the bleachers on the Kahuku School Athletic Field.

Bunichi Tsukamoto is the President of this organization.

Tonight is the night of the dance to be given by the boys of the Future Farmers of America, Kahuku Chapter.

Students of Kahuku High School are invited to attend this party which will be held in the school cafeteria.

These boys are a very active group in both work and social projects.

## BITS FROM "TABLE TALK" AND "CHANGING TIMES"

If a guest comes in without a smile, give him one of yours.

In days of yore, heaven protected the working girl. Nowadays, it takes a union, a wage-hour law, unemployment compensation, social security, health insurance and a pension plan.

No. 318

## 16,500 TONS OF SUGAR ESTIMATED PROBABLE LOSS \$200,000

by J.F. Morgan, Jr.

In another week the 1959 Crop will be through and the off season will begin. With harvesting scheduled to start again in the middle of April, the off season will be about five and a half months long.

Naturally one of the questions that comes to everyone's mind is "What will the work opportunity be during this long off season?" As yet no plan has been formulated which will restrict the amount of work offered by the Plantation. What the work opportunity will be will depend on the amount of productive work we have to do, the number of employees taking leaves of absence, and the weather.

The 1959 Crop will be a little more than 16,500 tons of sugar, which compares poorly with the 20,000 tons of sugar that should be expected from a normal crop from these same fields. The difference is directly due to the strike and the neglect that the fields suffered at that time. The reduced production means that Kahuku will show a substantial loss amounting to somewhere around \$200,000. This loss will be the second highest that the Plantation has ever experienced.

Also as a direct result of the strike which caused a late start of our grinding last year, the 1960 Crop is expected to be below normal. With these two bad years facing the Company, whatever work is done must be carefully evaluated.

In order to save money, leaves of absence have been offered to employees seeking temporary jobs off the plantation. Employees are being allowed to extend their leaves of absence out of the state for longer than three months without loss of grade. And every opportunity

(continued on page 2)

## HARVESTING "PAU" NEXT WEEK EMPLOYEES PLAN VACATION TOURS

When harvesting ends on a sugar plantation, the mill stops grinding, there are fewer jobs to be done. For awhile there is the buzz of repair work as the mill, trucks and roads are put in order for another harvesting season.

Since the off season will be unusually long this year, it will not be easy to put everyone to work.

Travel will occupy the time for some of the employees. Sailing on the S.S. President Wilson, November 24, will be a party of fourteen on their way to the Philippines.

Two of this party will not return to Hawaii. One is Mr. Lazaro Baniqued, a pensioner. The other is Mr. Buenaventura Fernandez, non-pensioner, who has worked here for 32 years.

The following will spend a glorious vacation in the Philippines and return just before HARVESTING begins: Mr. and Mrs. Pedro Miguel, Mr. Augustine Miram, Mr. and Mrs. Jose Padilla and daughter Gloria, and the Messrs. Francisco Agra, Felipe Ramos Miguel, Francisco Daquioag, Isidro Duldulao, Gervacio Silvestre, and Felipe Agustin. Also Nicolas Cumlat.

Another Plantation employee has already gone on a vacation to Japan, where he expects to visit until his return in April. He is Bunichi Tsukamoto.

Santiago Ramos has also gone away. He and his wife have gone to the Philippines because of the death of his mother and the illness of his father. This is not a happy reason for a trip, and we extend our sympathy to them at this time.

## GHOSTS AND GOBLINS IN ORBIT

That old spooky parade will again be with us for Halloween. Plans have not been completed, but a parade is sure.

### NO LOST TIME ACCIDENTS FOR KAHUKU SINCE NOVEMBER 13, 1957

"There are only three sugar plantations in the state that have had no lost time accidents during 1959. They are Hamakua Mill Company, Kilauea Sugar Plantation Company and Waialua Agricultural Company", says the September 16 issue of Hamakua Mill Pond from Pauuilo, Hawaii.

Now we don't like to dispute what another Industrial Editor writes, but we do want the straight facts on such an important matter. And the facts from our office show that up to October 13, of 1959, there have been no lost time accidents for Kahuku Plantation for the year.

This is a fine record, so obey every Safety Rule, use your wits, and cross your fingers in order that we may again have an accident-free year.

### THEY RAISE OUR QUOTA--"OUCH!"

Last year Kahuku averaged \$8.86 per employee for the Community Chest. Due to a late start this year, present indications are that we will fall a little below last year's average.

Our quota this year was raised from \$3500 to \$4900. At this writing it appears we will be lucky to reach the quota for last year.

### NOTICES OF MEETINGS

A speaker from the Police Department will address the group who meet for the Supervisors' Meeting on October 19, at 7:00 p.m., at the Club House. Election of officers will be held also.

Mr. Pickett says that women may come, but I'm not sure they want us. Persuade your husband to take you, if you can.

-----

The Kahuku Community Council Meeting will be held on October 26, at 7:30 p.m.

(continued from Page 1)

tunity is being taken to contract outside jobs on normal plantation time.

Only a concerted effort on the part of all employees toward improving the efficiency and productivity of our operations can pull us through the crisis of these coming years. A profitable company means job security.

The following figures compare our operations to date this year with the same period in 1957 which is the corresponding Crop to this one:

### SOCIAL SECURITY ADVICE

"One of the goals of the Social Security Administration is to pay benefits as promptly as possible to those persons entitled to payments", says Kenichi Suehiro of the Social Security Office.

To do this, it is necessary for the person claiming benefits to make inquiry for payments at his local Social Security office. A worker should inquire before he retires if he knows he will be retiring on a certain date.

Generally, evidence will be required to prove the age of the retired person and the age of his wife. Also, evidence of the worker's earnings in the year that ended before he plans to retire is necessary. This may be a copy of the Federal income tax return for self-employed persons or the W-2 forms for wage earners.

"Inquire Before You Retire".

MORGANS TAKE HALEAKALA CRATER TRIP

Bud, Lila, Paul and Philip Morgan hiked into Haleakala Crater during the last week of August.

With the Morgans were the Roy Vitou-seks and their two sons, and Jack Porteus of Maui with his wife and two daughters.

The National Park Service maintains three cabins within the crater, Kapalaoa, Paliku and Holua. Each has palatable water, a wood-burning cookstove, firewood, kerosene lamps, cooking and eating utensils, twelve bunks, mattresses, and blankets.

Use of these cabins on a priority basis is granted free of charge. Write or telephone Hawaii National Park, Haleakala Section, P.O. Box 456, Kahului, Maui, Hawaii. Give an outline of your proposed trip, number in the party, exact calendar dates, and names of specific cabins which you wish to use each night.

The Morgan party hiked about six miles the first day to Kapalaoa cabin, four miles the second day to Paliku, seven miles the third day to Holua, and hiked out of the crater on the fourth day.

Food and clothing were the only items not furnished by Park Service. Each hiker carried a pack of necessary articles.

The air was cool even during the middle of the day, and the trail was very well marked. It is an excellent way to enjoy a vacation with very little expense.

The Morgans recommend that some of you try this interesting trip.

WANT TO BUY AN OLD MODEL CAR, GOOD TRANSPORTATION FOR \$50 CASH? THEN CONTACT JOSEPH SMITH AT LA-293072.

A.A. CHANGS GET SURPRISE TRIP

When the Chang's daughter-in-law, Mrs. Howard Chang, won a contest, her prize was a tour of the Orient for two. Since her husband could not leave his job, she took Mrs. Chang Sr. with her.

Papa Chang's children thought he had better take the trip too, so they got passage for him a week later.

The trip will take them to Japan, the former home of Howard's wife, to Hong-Kong, Bangkok, Thailand, and if there are other places I'll try to tell you of them when the Changs come home.

"THEY SAY..."

Yes, your credit union officers know what "they say."

"They say" you can't borrow more if you already have a loan. "They say" you have to have a co-signer for every loan.

"They say" you have to give 60 days notice to draw out funds.

"They say" a lot of things that are not so, like those we've just mentioned. Not because they like to be wrong. They just don't know the facts.

We do have the facts. Come to your credit union officers for them, and find out what wonderful services your credit union can really give you.

Do come and see us, won't you?

PEN PALS ARE INTERESTING PEOPLE

When Dorothy Sakamoto of Kahuku's Bishop Bank was on the mainland this summer, she visited a friend she had not seen before. Through pen pal letters since grade school days, they had become good friends.

Judy Canque had a guest from Oregon visiting her this summer. They had only met before through letters.

Judy recently received a letter from a new pen pal who lives in France. She needed help; his letter was in French.

Linda Brown may be the only Kahukuan with a pen pal in Nigeria. The letter she received was in English and she shared it with her English class at school.

Letters from many foreign countries were sent to Kahuku School recently by The DPI. Several of our students have written to these would-be friends of our citizens of the new state of Hawaii.

## AROUND THE WORLD THE GILBERT WAY

Two beautifully carved conch shell lamps, the loveliest chess set ever, canoe dancers made into a bracelet, and memories to be cherished always are results of Jack and Mary Gilbert's recent trip around the world.

The S.S. Orsova through the South Pacific to New Zealand, then on to Ceylon, Aden, Suez, an extra trip by bus through Switzerland, trains, boat on the Rhine, the S.S. Orsova again after London, calypso in Trinidad, Panama Canal, Vancouver, and home.

Perhaps the most spectacular part of the trip was by bus, train, cog train to the Jungfrau in Switzerland's Mountains. Winding up the mountains, down, backtracking, they went all through the beautiful lake country of the Swiss.

Into Germany and down the Rhine by boat was a delightful all day trip, seeing the Lorelei and the historic old castles, as the Gilberts relaxed at a table with a bottle of wine before them.

In Heidelberg they saw the largest wine cask in the world. A wooden dwarf guards it now, as a living dwarf did many years ago. This dwarf, according to their guide, had cared for this cask, and for 50 years had drunk 5 gallons of wine a day. But one day some one gave him a coca-cola, and he died.

A guide here told the Gilberts how happy he was to hear that Hawaii was the 50th state. "Heidelberg", he said, "will probably be the 51st. state, since the U.S. Army Hdqts. for Europe has brought so many U.S. soldiers here."

One last story, and you can visit the Gilberts for more. The Swiss cheese is given its round shape so it can be rolled down the mountains. The holes are imported from the U.S. and the cheese is made around them. The cheese is eaten, leaving the holes, which are exported to Italy for their spaghetti.

## MORGANS GIVE PARTY FOR LUNINGS

A very lovely party was given by the Morgans to welcome back Dr. and Mrs. Luning. It was given in their new home on the hill on Wednesday evening, Sept. 30.

A delicious dinner of fried chicken was served buffet style, after every one had greeted the Lunings and chatted with their friends and neighbors.

## DID YOU KNOW THAT

Fely Valmoja is now at the National FFA Convention in Kansas City, as one of the FFA representatives of the new state of Hawaii.

Mrs. Abe has opened a Barber Shop in one of the little new shops at the Super Market. Go in for a haircut.

Dr. Custer is having partitions put in the last of these shops to be taken over. He will open a private office there as soon as the place is ready.

Alfredo Prado was married last week to a lovely girl from Waialua.

Some one stole three pairs of grass clippers and a barbecue set from the new home of the Picketts; and some one stole gasoline from Dr. Custer's car.

## HELP THE BLIND WHO MADE BROOMS

The Lions' annual Broom Sale project has been scheduled for the weekend of November 7th.

Lion Mac Ponciano and his committee will sell you brooms for a worthy cause; to help the blind.

There are over 800 blind persons in the State of Hawaii today. More will lose their sight as a result of disease, injury, and neglect. Half of all blindness is needless and preventable.

Cheerfully buy a broom from the Lions.

## 4-H NEWS

The Northern Clovers held a re-election of officers, due to the many new, recent additional members to the club.

The new officers are:

President ..... Ellen Yonemori  
Vice-Pres. .... Ann Suzuki  
Secretary ..... Barbara Matsuura  
Treasurer ..... Pat Kasaoka  
Game Leader .... Courtney Smith  
Reporter ..... Kathleen Yamamoto

An informal meeting was held on Sept. 29, and the 4-H Camp business was discussed. Members attending this camp, which is to be held on the 16, 17, and 18 of October, are: Barbara Matsuura, Amy Abe, Linda Matsuda, Vickie Kashiwamura, Kathy Murakoshi, Ellen Yonemori, Naomi Clarke, Pat Kasaoka, and Gail Nakamura.

 Total in Bank: \$1,615.50

RELATIVE TO MATSUURA  
MAID TO PRINCESS LIKELIKE

An interesting story was found in an old newspaper clipping, by Barbara Matsuura, concerning the cousin of her maternal grandfather.

Barbara, a K.H.S. Sophomore is the daughter of Mr. and Mrs. Kiyoshi Matsuura. Checking with relatives, she learned that King Kalakaua had once given two Hawaiian quarters to this cousin; one was gone, but the other was Barbara's if she wanted it. She did, and now is its proud owner. The story follows.

Mrs. Riyo Aoki, an orphan from the age of seven, lived in Japan. At 24, she was married to the man she loved but his parents had not been pleased with the orphan, and the wedding was annulled.

Alone and unhappy, she joined the first group of Japanese immigrant workers to Hawaii, and after a rough 17-day trip arrived in Honolulu.

She was assigned to work in the cane-fields at Hilo Plantation. It was hard work for a woman, so she returned to Honolulu and found employment as a maid in the Waikiki home of Princess Likelike, sister of King Kalakaua and Liliuokalani, and wife of Archibald S. Cleghorn.

She was treated kindly by the princess and later became nursemaid to the Cleghorn's daughter, Princess Kaiulani.

When Princess Likelike died in 1887, Mrs. Aoki married Seichi Kakizawa who worked for Samuel Damon at Moanalua. They had one daughter.

In 1902, an epidemic hit Honolulu and Seichi died, leaving his wife to sup-

port herself and daughter.

The daughter became the wife of Gen-ichi Okubo, but died before her mother did. Mrs. Kakizawa lived to be 97 years old.

OPERATION YOUTH FOR PTA MEETING

Monday night, October 19, the PTA Program committee and the Community Council have planned a meeting Operation Youth, on the problem of Juvenile Delinquency.

Mr. John Beukema and two men from Oahu Prison will be the speakers. Mr. Beukema is Chief of Training and Treatment at the prison. After they have told of how they believe delinquency should be handled, there will be a question and answer period.

It is hoped that the PTA can carry on with this problem at the November meeting with a panel discussion by parents and teachers.

Everyone interested, and all of you should be, is invited to attend this meeting in the Cafetorium at 7:30 p.m.

DPI INVITES YOU

Businessmen and women throughout the state are invited to visit schools on Education-Business Day, Friday, Nov. 6.

The event is sponsored annually by the Department of Public Instruction and affiliated Chambers of Commerce.

THINGS YOU MIGHT LIKE TO KNOW

Mrs. Ralph Makaiau did go to the mainland with Ralph for daughter Patsy's wedding to Harry Au. The wedding was lovely and everyone had a delightful time. Both of the young folks are remaining in the Service.

-----  
 Robert Banloy, son of Mr. and Mrs. Phillip Calilao of Sunset, did not return to the mainland in September for schooling. He is enrolled at Kamuela on the Big Island.

-----  
 Betty Jane Acantilado is in her last year of nursing at Orange County General Hospital in Los Angeles, California.

-----  
 Margarita Mendiola is teaching this year at Highland Jr. High near Pearl Harbor. This is her first year of teaching and she loves it.

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held its first 18 holes of medal play golf tournament for the President Shigemitsu's trophy on Sunday, Sept. 27 at the Kahuku Municipal Golf Course with leading scores to date:

James Bariantos	71	6	65
George Kihei	89	23	66
Blackie Miota	83	17	66
George Morita	85	17	68

The second 18 holes will be held on Sunday, Oct. 25, starting at 8:30 a.m.

The Windward Golf Club held its monthly pace golf tournament on Sunday, Oct. 11, at the Kahuku Golf Course with the following results for the day:

Andy Ikehara	77	11	66
Renin Werner	71	4	67
George Kihei	88	21	67
Gerald Tubal ... Low gross -	73		

The Windward Golf Club will hold its qualifying round for the Club Championship on Sunday, Oct. 25. H.K. Ichida is the defending champion. A consolation flight will also be held for the non-qualifiers.

## RAIDERS INVADE WAIANAE TONIGHT

Kahuku's Red Raiders go to Waianae tonight for their game. So far they have won all of their ROIA games. Back our Red Raider team.

## JAYVEES PLAY LAST GAME TOMORROW

Kahuku Jayvees will play Castle Jayvees on Weimer Field tomorrow at 2:00. These boys are very important for our future Varsity teams and deserve your backing. Come out tomorrow and support them.

Coach Yashima says that admission is: Adults 50¢. Children 25¢.

"NUN'S STORY" WILL BE SHOWN AT KAHUKU THEATRE ON SUNDAY, OCTOBER 25 AND ON 29.

## KAHUKU SCHOOL HOMECOMING NOV. 6

This year's Home coming game will be held on November 6, against the Radford High Rams. This will be our last home game this year. Game time is 7:30 p.m.

The Home coming dinner will be from 5:30 - 7:00. All alumni members and friends can once again get together to remember and talk over the "good old days". Everyone is invited.

Tickets for the dinner will be \$1.25 for adults and 75¢ for children. Game tickets will be \$1.25 for the reserved section, and \$1.00 for general admission.

General chairman for this affair is Allen Yokomoto. He will be ably assisted by faculty members and students.

## FISHING CONTEST

George Akina Jr. has forged ahead of Luis Gagarin, and leads in the Oio division with a 9-lb. 1½-oz. fish.

Pastor Pascua still leads in the Ulua division, and Isayas Mendiola in the Moi division.

## LANIHULI JUDO CLUB

The Lanihuli Sr. Judo team participated in the Fullard Leo Tournament at the Central YMCA in Honolulu on Sept. 27. The competition was keen, but the boys from Kahuku brought home two trophies: Heavyweight Division; Ronald Matsuda, second place; Jimmy Caban, third place.

There will be another tournament at the Central YMCA on Nov. 1, the Okazaki Memorial Tournament. The Sr. team will also take part in this.

The Graduation and Exhibition will be held on Nov. 8 at 1:30 p.m. at the Kahuku Clubhouse. Parents, friends, the whole community is invited to see the 23 boys and girls receive their belts. An exhibition on what they have learned will also be given.

DON'T MISS THIS  
FOR SURE

MORE HAPPY BIRTHDAYS

Four little boys and one little girl were born at Kāhuku Hospital to bring joy to their parents.

Mr. and Mrs. Pepe Gautavia of Laie had a son born on Sept. 17. He has been named Matsonia.

Darren, a son, was born to Mr. and Mrs. Falefau Pili of Laie, on Sept. 17.

A baby girl, Lu Ellen Patrice, was born to Mr. and Mrs. Robert Villamor of Kahuku, on Sept. 20. Her mother was the former Betty Tubal.

A son, Terry Lee, was born to Mr. and Mrs. Loren Curtis of Hauula, on Sept. 27.

Joseph Jr. was born on Oct. 2 to Mr. and Mrs. Joseph Kanehele of Laie. His mother was the former Yolanthi Thompson of Laie.

Another baby girl was born, but not in this hospital, to Mr. and Mrs. Ernest Koreyasu of Kaaawa. Her mother has been Kahuku School's Secretary for many years.

FULL HOUSE NOW--AMBULANCE DRIVERS

To take care of full time ambulance service for this district, there are now four drivers.

Herman Ubando is the one with longest service. Alfred Prado was written up in the Sept. Kahukuan.

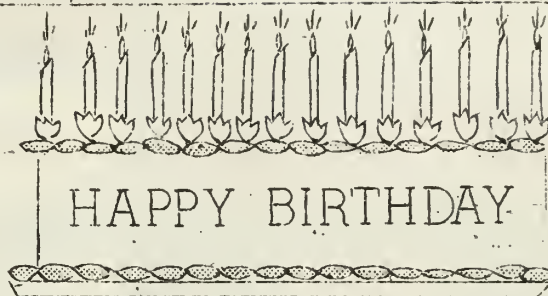

Daniel Alvarez of Hauula is now one of the drivers and the other new one is Ronald Ramsey, who is attending the college at Laie and working night shift.

ONE MORE BIRTHDAY

Mrs. J. O. Young, mother of Mr. Donald Young celebrated her 91st. birthday on Saturday, October 10.

Although Mrs. Young is a patient at Maunalani Convalescent Home, she had a party in her room. She wore a lovely orchid corsage, a gift from the hospital staff.

Birthday cake and ice-cream were the refreshments, and her guests were her daughter, Miss Cara Young, the Donald Youngs, and Mrs. Carol Gibson. It was quite a gay party for a 91st. birthday.

OCTOBER 17 THROUGH NOVEMBER 20

- 17 - Corene Kaneyuki, Rowena Tubal.
- 18 - Eddie Valmoja, Clarence Yadao.
- 19 - Virginia Ramos, Miriam Fujimoto.
- 20 - Allyson Labra.
- 21 - Heminigildo Lagua.
- 23 - Glenn Lucero, Frank Joseph Miranda.
- 25 - Philip Atherton Morgan.
- 28 - Allen Otake, Thomasina Drummondo.
- 29 - Danella Ann Bumanglag.
- 1 - Glenn Hirata.
- 3 - Robert Villamor, David Cartwright.
- 4 - Rosita Secuya, Grant Kaneyuki.
- 5 - Carlotta Lucero.
- 7 - Noreen Valdéz.
- 9 - Dalmar Macanas, Constanica Baligad, Crystal Ardis Estrella.
- 10 - Byron Drummondo.
- 11 - Alfred Yadao.
- 12 - Vivian Evangelista.
- 13 - Amy Abe, Diana Hatico, Marianne Tejada.
- 14 - Teresa Latay.
- 15 - Mary Jane Compoc, Irene May Ligsay, Benjamin Faustino, Kathleen Ann Murakoshi.
- 16 - Deborah Cabaal.
- 19 - Shirlyn Hatico, Diana Ngayan, Philip William Primacio.
- 20 - Lorene Suzuki, Dale Matsuda, Calvin Nakamura.

NEWS FROM KAHUKU HOSPITAL

First Aid classes are now being conducted for members of the hospital staff and others who are interested by Dr. Brown. These classes meet from 11 a.m. to 1 p.m. on Tuesdays and Thursdays, unless surgery takes precedence.

If you are interested and would like to join this group, call the hospital and inquire about it. They might let you in on these sessions.

Last month I wrote about the little new nurse and miscued on her name. I'm sorry. She is Miss Flora Black.

MAIL CHRISTMAS PARCELS FOR ARMED FORCES OVERSEAS BY AIR DEC. 10, BY BOAT NOV. 1-20

## LET'S STOP FILTH THROUGH THE MAILS

The Post Office Department urges the public to assist in its campaign against mailers of obscenity into American homes.

This is how you can help:

1. If obscene material arrives in your mail box, save all material, including the envelopes and en-

closures.

2. Report the matter immediately to the local postmaster, and turn the material over to him, either in person or by mail.
3. Actively support your Post Office Department and community officials in their efforts to help bring this racket to an end.

## HAWAIIAN SUGAR TECHNOLOGISTS MEET IN HONOLULU THIS WEEK

by James F. Morgan, Jr.

During this past week, some of the Supervisors and Department Heads of the Plantation have been attending the Annual Sugar Technologists' Meetings in Honolulu. At these meetings members of the H.S.T. listen to talks and discussions by representatives of our Sugar Industry and guests who are recognized as leaders in their fields.

Since the H.S.T. members from all of the other plantations in the State are also at the meetings, each person attending has an excellent chance to meet and talk over his problems with men in the same type of work. There has always been a great deal of benefit resulting from sharing ideas and experiences which in many instances have inspired new developments and better methods of operation.

The Hawaiian Sugar Industry has had a long history of this kind of cooperation. The Experiment Station of the H.S.P.A., around which much of these present meetings will be centered, is a prime example of this pulling together. California and Hawaiian Sugar Refinery is another.

Members of the Industry cooperate and help one another since we are not competing with each other, but are pooling our sugar in an effort to fulfill the quota allotted to Hawaii by the Department of Agriculture.

Kahuku Plantation's portion of the Total Hawaiian Quota has been 19,600 tons. Our final production of 16,610 tons is an example of the improvement that is necessary if we are going to insure our future, both from the standpoint of profit and the maintenance of our position as a supplier of sugar to

(continued on Page 2)

## ARE YOU READY? RED AND WHITE!!! "C-H-A-M-P-S" -- YEA, CHAMPS!!!!

Kahuku Red Raiders wrapped up the 1959 Rural Oahu Interscholastic Association championship by trouncing Waipahu 14 to Zero, last Friday, November 13, at Waipahu. Our boys were sharp and "hungry".

Tonight on Carleton E. Weimer Field, these two teams will meet again in an exhibition game, at 7:30 p.m.

Come out and give them your support.

Silva's Red Raiders had led the Rural League with a perfect score, while Waipahu's Marauders had a 19-19 tie with Kailua to spoil her score.

### ROIA STANDING

	<u>Wins</u>	<u>Losses</u>	<u>Ties</u>
KAHUKU	7	0	0
Waipahu	5	1	1
Leilehua	4	2	1
Kailua	4	2	1
Castle	2	4	1
Waialua	2	5	0
Radford	1	6	0
Waianae	0	7	0

### PANEL ON JUVENILE DELINQUENCY

As a follow-up of the talk on Juvenile Delinquency by the young men from Oahu Prison, at the October P.T.A. meeting, a panel of parents, teachers, and a police officer was conducted for the November meeting.

Dr. Billie Hollingshead was moderator and her panel members were: Sgt. Brickman, Mrs. Umipeg, Rev. Jack Smith, Mrs. Trevenan, and Mr. Baranabe.

Causes, Description of Delinquents, and Treatment and Prevention were the aspects discussed in a lively manner.

One interesting point brought out by Sgt. Brickman was that the greatest crime rate on Juveniles is 15 years of age.

SUGAR TECHNOLOGISTS' MEETINGS

The following persons from the plantation will be attending the H.S.T. meetings this year, at least part of the time:

C.D. Christophersen	Kiyoshi Matsuura
D.G. Conklin	Thomas Nakayama
R. Makaiau	Louis Pereira
K.C. Ross	M.R. Pickett
L.H. Hebert	Marcelo Ponciano
S.R. Woolley	Mike Otake
V.B. Blomfield	Augustin Miram
Walter Fujimoto	Soichi Yonemori
Shinichi Matsuda	

SUPERVISORS BANQUET AT WO FAT'S

A chop suey dinner will be the annual celebration for the supervisors and the lady-friends on November 27.

New officers for the year are:

President ----- Ah Tong Leong  
 1st Vice-Pres. - Natsuo Kasaoka  
 2nd Vice-Pres. - Robert Okawa  
 Recording Sec. - Harry Shigemitsu  
 Corres. Sec. --- Bernard Corpus  
 Treasurer ----- Chisato Sakamoto

(continued from Page 1)

the rest of the United States.

With the help of new ideas and improved methods which will grow out of the H.S.T. meetings, I am sure that we will be able to meet and surpass our present quota. There are many factors involved in raising a good crop economically and of course not the least of these, since we are an agricultural business, is the weather. However, the most important factor is people, and with the people that we have at Kahuku, and with the development and application of their ideas, I can't help but feel optimistic, provided that there are no drastic interruptions to our operations like the one we experienced last year.

INTERESTING COMPARISON OF LAST 4 CROPS:

HOSPITAL AUXILIARY NEWS

The annual meeting of the Kahuku Hospital Auxiliary was held on the 26th of October at the Morgan's. About 50 women were there to hear Mrs. Bader's report on progress through the year, and to see Mrs. Conklin take over the gavel for the coming year.

The new officers and committee chairmen are:

President . . . . .	Eda Conklin
Vice-President . . . . .	Helen Bader
Secretary-Treasurer . . . . .	Betty Hebert
Ass't. Sec.-Treas. . . . .	Anona Woolley
Volunteer Services . . . . .	Lila Morgan
New Building Chairmen . . . . .	Emma Makaiau
	and Edna Gregory
Membership Chairman . . . . .	Jean Luning

The new building is nearly completed inside. The carpentry is done; the wiring is done; the plumbing is under way.

The Auxiliary thanks these men for doing the wiring on their own time, free of charge: Masaji Suzuki, Satoru Wakamoto, Masaichi Watanabe, Minoru Ishimine, and Eigoro Onaga.

The yard work is being done by a student from the Church College, Mr. Cordell Smith. We need more Japanese grass and if you have some, let Mrs. Morgan know and she will come and get it.

The Auxiliary hopes to open its doors soon for business. The hours will follow Clinic hours: Monday, Wednesday and Friday from 9 to 11. If you are willing to volunteer to help a few hours a week, please see Mrs. Makaiau.

"PAU HARVEST" PARTY

The home of the Morgans was the setting for a very pleasant gathering of the Supervisors and their wives on the evening of November 10.

Hawaiian music on the patio set the pace for a festive evening of impromptu hulas, interesting discussions, gay chatter and laughter. The table loaded with good things to eat was not neglected.

vesting and made several runs. This new truck will replace an older gasoline unit which will be put on pulling the low bed tractor.

The original three units have completed six seasons of operation.

PROTECTION FOR OUR COMMUNITY

On our main highway in Kahuku is a house and garage that we know as our Fire Station. The bright red fire truck is visible from the road, and inside the house live three men who take turns at watching out for our safety.

ROLAND CHAR is the handsome young man I interviewed. He stays there on duty for 24 hours at a time, 72 hours a week. While his wife and children keep "the home fires burning", he watches to put out any of our fires.

Every other day he cooks his solitary meals, cleans his house, cares for the yard, and keeps an eagle eye out for our safety. Every other week he has a day off and the relief man takes over.

According to an article in the Star-Bulletin of November 13, he may be joined in 1962 by a Policeman. Rural Police Stations are being planned with a sub-station in the "strategically located precinct of Kahuku", on "existing Fire Department property, where feasible."

CLARENCE AU, another family man from Hauula, takes his turn at a 24-hour duty for 72 hours each week. Clarence has been on this job since October of 1957.

The third young man on this job is TEDDY YOUNG who is relief man for the Fire Stations of Kaaawa, Hauula and Kahuku.

If there is a fire, 15 volunteers are informed of it over a telephone hook-up of phone number "5050". The little red engine truck starts out and the volunteers follow in their own cars or plantation trucks.

Number One Hero to most first grade children is the Fireman. The little ones of Mrs. Ross's and Miss Holiday's first grades have already made a visit to this exciting place this year.

The buzzing mosquitoes have found this Fire Station too. Mr. Umipeg, teacher at Kahuku School has an idea for protection from this menace. His idea was tried by the editor and I pass this information on to whom it may concern.

There is a mosquito repellent called "Off" which is on sale at Kahuku Super-Market in a spray can for the sum of \$1.05. It works like a charm, and this is a testimonial, not a paid Ad.

"Try praising your wife, even if it does frighten her at first."

TO ALL EMPLOYEES

Are you up to date on your Withhold-Exemptions? If your present certificate is correct, let it stand. If, however, it is in error, either because your exemptions have changed, or for other reasons, get a new certificate (Form W-4) from your employer. If the change affects this year's tax, give him the certificate immediately. If the change affects next year's tax, give him the certificate by December 1 and tell him it is to be used next year.

Usually your exemptions change when you get married or divorced, when a dependent is born or dies, or when you begin or stop supporting a dependent.

Don't claim exemptions that the law does not allow. However, if you wish to reduce or omit exemption claims for the purpose of increasing your withholding to an amount nearer your correct income tax, you may do so, or you may enter into an agreement with your employer to have additional amounts withheld. This is particularly advisable for employees having two or more employers.

For further information see H. Hirata at the Plantation Office.

ABOUT YOUR CREDIT UNION

You can trust your credit union as you can trust your family. In a way, your credit union IS a family affair.

The credit union has your best interests at heart. That's what it was organized to do--to have your best interests at heart.

The credit union is yours. You own it. Through the people you elect, and by your vote at annual meetings, you help to control it.

Your credit union will never push you into debt, will never double-talk you.

Trust your credit union at least as much as it trusts you.

Dolores Ubando, Rosalina Bumanglag, and Marcelo Ponciano will attend the 4th Annual Seminar of Hawaii Credit Union League at the Meeting House at the Princess Kaiulani on November 20 and 21.

DEAN CONKLIN, Patriarch in years of service, not in physique, will complete his 42nd year of employment for Kahuku Plantation on December 11. Congratulations, Dean.

CHANGS RETURN FROM ORIENT

Mr. and Mrs. A.A. Chang are at home again after a perfectly wonderful trip through the Far East.

When their son Roger's wife won a two person trip to the Orient, she invited Mrs. Chang to go with her. The Chang children thought it would be nice for their dad to go too, so they bought passage for him.

There were so many places visited, it would be impossible to write of all they saw. They were in Japan, Hong Kong, the Philippines, Singapore, Bangkok, Laos, and I expect there were other places too.

This was a tour, so they were on the move quite steadily. It was a strain at times to keep up the pace they said, but they didn't want to miss anything.

When they were in Japan, they met the parents of the younger Mrs. Chang. They were not able to go to their home and on the tour, but the Junior Mrs. Chang did go to her home when the tour ended, instead of coming on to Hawaii with the rest of the party.

Mr. Chang said that things were lovely and terrible. He enjoyed the scenery but hated the poverty he saw in so many places. The beggars in the streets had to be ignored or they would have mobbed the tourists.

The temples were enjoyed, and shopping, of course, by Mrs. Chang. Men are in charge of the dressmaking shops, and they hustled things up if you needed to have things done quickly.

They left for home on a Sunday, and because of the international date line they arrived home in time to spend Sunday with their children.

VOICE OF DEMOCRACY CONTEST

Russell Roberts Jr. of Sunset Beach won the "Voice of Democracy" contest at Kahuku School on November 13. Sharon Makaiau came in second. Claire Wong and Thomas Niimi were given special mention.

A recording of Russel's speech has been sent to Honolulu to be entered in the State contest. The State winner is to be given a trip to Washington D.C. and a scholarship prize.

FOR SALE: A LEFT HANDED FIELDER'S GLOVE. CALL MRS. TAKEO SATO AT 293824.  
CALL AFTER 4:30

ON DUTY AT HOSPITAL AND CLINIC

Mrs. Maude Kamalani has given up her work at the hospital, and has moved to Honolulu to live.

Mrs. Betty Villamor is again working with the hospital staff.

Mrs. Dulinda Moniz is the newest aide at the hospital. She and her husband have been living at Pupukea for several months.

CONNIE PICKETT AND JEAN SUEHIRO are recent employees of Kahuku's Frank Clinic. Both are in the Business Office, but at present Jean is spending part of her day checking in patients.

BERNARD CORPUS FAMILY MAKES NEWS

Betty Mae, wife of Bernard Corpus Jr. left for Germany with her four children, on November 3. Bernard Jr. is stationed there. This family was in Germany once before, in fact Bernard 3rd was born in that country.

Leilani, wife of Peter Kekua, is now working at Queen's Hospital in the X-ray department.

Anita "Cookie" Manalo Domingues also is working at Queen's in the Business Office.

DR. CUSTER'S HOUSEWARMING TOMORROW

The Titcomb house at Waialea is the new home of Dr. Custer. Tomorrow will be the night of his housewarming.

One of the new shops at the Super-Market has been fixed up as a doctor's office and Dr. Custer keeps office hours there. Mrs. Felician Cartwright is his office nurse.

Mr. and Mrs. Harold Palimoo of the Hospital staff invited members of the hospital staff and clinic to a luau given as a Housewarming, and in honor of the adoption of their new son Harold Jr. who is one year and 11 months old, and the pride of his mother and daddy.

It is indeed a month for the birth of little girls at Kahuku Hospital.

After writing the birth list for this period, another girl was born. She has not yet been named but is the daughter of Mr. and Mrs. Herbert Hattori.

THE METHODIST CHURCH SAYS:

Kahuku Methodist Church will have a Service of Thanksgiving on Wednesday, November 25 at 7:30 p.m. Persons attending are urged to bring a gift of food, good used clothing, or cash. These gift tokens will be given to some family in the community. Everyone is invited.

On Halloween night the MYF went Trick or Treat for CROP. In spite of the pouring rain, the young people collected approximately \$20.00. This money will be used to send surplus food to countries where there is widespread hunger.

CHRISTIAN RURAL OVERSEAS PROGRAM is sponsored by 35 Protestant denominations.

After the Trick or Treat, the young people returned to the church for games and refreshments. The MYF thanks all of you who contributed to this worthy cause.

The MYF will go to Waimea Falls on Saturday, November 28 for swimming and a picnic. They will leave the church at 9.

The date for the Christmas program of the Methodist Church has been set for December 20.

Attendance at the worship services has grown considerably in the past few months. Others are invited to attend. The hours of service are:

Sunday School . . . . . 9:00 A.M.  
Worship Service . . . . . 10:00 A.M.  
MYF . . . . . 6:00 P.M.

TRAVELING SCIENCE LIBRARY  
AT KAHUKU SCHOOL

Our National Government sends books on Science and Math to high schools of the nation. Kahuku School has just received the second set of 50 books.

Sixty-four borrowings of 40 books out of the first set of 50 were reported by Mrs. Okawa, the librarian. She estimated that 32 teachers and students had borrowed at least one book.

Theory books on Math were the most difficult books. The most popular ones were on Archaeology, Astronomy, Aeronautics, Botany, Zoology, and Chemistry.

KAHUKU JAPANESE ATHLETIC ASS'N.  
President . . . . . Jiro Wakumoto  
Vice-President (seems to be a mystery)  
Secretary-Treas. . . . Kiyoshi Matsuura

JOIN THE 1960 CHRISTMAS CLUB

More than 200 Kahukuans have insured a Merry Christmas for themselves this year because they joined the Christmas Club last year.

The Bishop Bank is enrolling members for the new 1960 club. Plan now to save from 50¢ to \$20.00 a week and when November 1960 comes, you'll have a nice check from the Bank for your holiday spending.

"Bankers' Hours" are from 8:00 a.m. to 2:00 p.m. daily, Monday through Thursday; 8:00 a.m. to 6:00 p.m. on Fridays; closed Saturdays.

Get acquainted with the many services offered for your convenience: Checking Accounts, Savings Accounts, Money Orders, Travelers Checks, Personal and Automobile loans.

IT'S LATER THAN YOU THINK

Everything is farther than it used to be. It's twice as far to the station, for instance, and they have added a hill. I've given up running for a bus; it goes faster than it used to.

Seems to me they are making stairs steeper than they used to make them in the old days. And have you noticed the small print they are using? Newspapers are getting farther away when I hold them, and I have to squint to make out the news. No sense in asking to have them read aloud. Everyone is talking in a lower voice.

Even people are changing. They are so much younger than they used to be when I was their age. On the other hand people my age are so much older than I am. I ran into an old classmate the other night, and he had aged so he didn't recognize me. I got to thinking about the poor old fellow while I was shaving this morning. While doing so, I glanced at my own reflection in the mirror. Confound it! They don't even use the same kind of glass in mirrors anymore. (HSPA Newsletter)

ELEMENTARY JOURNALISTS

A BABY NEWSPAPER was born last month in the 6th grade class of Mr. David Unapeg. Their second edition will be off the Press by Thanksgiving vacation. It is the work of your children, so be sure to ask them to bring home a copy for you.

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held its second 18 holes for the President Shigemitsu trophy on Sunday, October 25, with the scores as follows:

Blackie Miota	169	34	135
James Barientos	149	12	137
George Morita	171	34	137
George Hatico	Low Gross -- 158		

The Club held its monthly ace golf tournament on Sunday, November 8, with the results as follows:

Wm. Namahoe	78	13	65
James Hara	81	15	66
James Hayashi	76	7	69
Kam Lum	85	16	69
Renin Werner	73	4	69
Gerald Tubal	Low Gross -- 76		

The Windward Golf Club will hold a Turkey golf tournament on Sunday, November 22, at the Kahuku Golf Course with starting times at 8:30 a.m.

The following are the results of Club championship matches, which are now in progress.

Results of quarter finals matches played on Sunday, November 15:

### Championship Flight

Renin Werner over Blackie Miota	7 & 6
Shorty Llanos over Dave Kuni	6 & 5
Kam Lum over Gerald Tubal	2 & 1
James Hara over Wm. Namahoe	3 & 2

### Consolation Flight

Ray Woolley over Wally Shinsato	1 up
Robert Villamor over Andy Ikehara	2 & 1
Monte Garner over Simeon Domingo	4 & 3
James Hayashi over Robert Onaga	1 up

SEMI-FINALS matches will be played on Sunday, November 22.

## TEACHER ASKS FOR TRANSFER

Mrs. Alice Higgins, who became a bit fed up with some of our Juvenile delinquents, is now teaching the sixth grade at Pearl Harbor.

## JUDO STILL GOING STRONG

On Sunday, November 8, twenty-three boys and girls were presented with their "belts" following an exhibition.

The hand arts, strangleholds, and throwing arts were demonstrated by the members of the club.

The boys of the Karate Class also participated.

Last but not least on the program were the girls, who demonstrated how to handle wolves, and how to protect themselves.

The audience thoroughly enjoyed this program.

## NEW AMERICAN CITIZEN IN KAHUKU SCHOOL

Natividad, daughter of Mr. and Mrs. Tranquilino Camit, and a student at Kahuku High, became an American citizen on October 22. Federal Judge Chase A. Clark presided at the naturalization ceremony.

Woodrow Wilson Unit 10 of the American Legion Auxiliary presented miniature flags and scrolls to the new Americans.

THE NORTHERN CLOVERS met on Oct. 28 to discuss their money-making project. They will sponsor a benefit movie which is to be held on December 7. Sheryl Sato was elected chairman of a Christmas party for December 15.

Vickie Kashiwamura and Pat Kasaoka gave a demonstration on how to make a pin cushion; and Ellen Yonemori, Amy Abe and Barbara Matsuura gave one on how to make Italian Spaghetti.

Another meeting was held on Nov. 19, for further discussion of old business, and a demonstration by Dinah Smith, Elsie Yamauchi and Jean Tsukamoto. They made a delicious apple crisp.

HALLOWEEN was a night to remember----spooks, trick or treat, and of course the FHA Festival. It was a gala affair, and all who attended will long remember it.

Sewing ability was displayed by the lovely garments modelled by their makers.

Entertainment was provided by Herbert Ancog, Jonathan Kealoha, Alicia Alapa and her group, and Rowena Tubal and her group.

Goodies baked by the FHA girls were sold, but best of all was the dance.

TO HAVE AND TO HOLD

A little boy, Whitney was born on the 10th of October to Mr. and Mrs. Misiovala Mativa of Laie. The mother is the former Mable Makaiau.

The only other boy for this report is Phillip Theodore Cadiz, who was born on October 19 to Mr. and Mrs. Felipe Cadiz of Kahuku Plantation.

Rosemary Lynn was born on October 21 to Mr. and Mrs. Charles Aubrey. She is the grandchild of the Nombres family.

Mr. and Mrs. Harry M. Lake became the parents of a girl on November 5, but we did not learn her name. They live in Laie.

Doris, Shirley and Sandra Shiroma welcomed a much wished for addition to their family on October 26. It is a little girl and she has been named Renee Akiko.

Mary Leilani arrived on October 31, to live with Mr. and Mrs. Roger Robinson of Haleiwa.

Janeel was born on November 4 to Mr. and Mrs. Kenneth Slack of Laie. He is an instructor at the Church College.

Mr. and Mrs. Northrup Lopez, who live at Kahuku Airbase, became the parents of Lucy, on November 4.

Sally Nadine was born to Mr. and Mrs. Carlos Martinez of Laie on November 5.

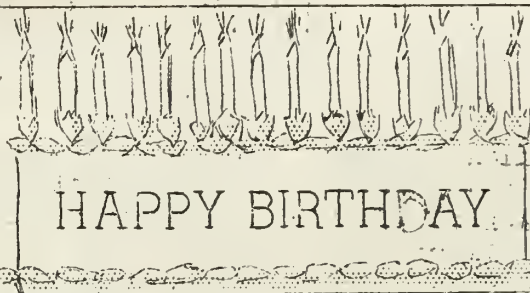

FRONK CLINIC PERSONNEL

Pat Campbell will soon leave the Clinic Lab and be back on her way to Canada. She will be at home for Christmas this year.

Florence Kahawail has left Kahuku but is still with Fronk Clinic. She is in their office in Honolulu.

Dr. Brown attended the Convention for Doctors on Maui last week.

Mae Corpus is borrowed from the Hospital when the clinic needs her work as X-ray technician.

NOVEMBER 21 THROUGH DECEMBER 18:

- 21 - Wilfred Tsukamoto, Christopher Lopez, James Felipe, Cynthia Labra.
- 23 - Melinda Rillamas, Dennis Togo.
- 24 - Patricia Kasaoka.
- 26 - Margaret Primacio, Don Matsuura.
- 27 - Kevin Abe.
- 29 - Ernesto Ngayan.
- 30 - John Rillamas, John Lucero.
- 1 - Linda Marumoto.
- 2 - Frances Saito, Donald Cadina.
- 3 - Mary Agustin, Romeo Ramos, Howard Perry.
- 4 - Andrea Caneda, Benedicta Ngayan, Rudy Vendicla.
- 5 - John Tejada, Jasmine Ishimine, Dorene Sueno Suzuki.
- 7 - Jonathan Maghany, Alberto Vendicla.
- 12 - Lorrin Ishimine, Wallace Ishimine.
- 13 - Steve Watanabe, Gary Funasaki.
- 14 - Marilyn Camit, Nester Molina, Peter Morgan.
- 15 - Stephen Primacio, Michael Murakoshi.
- 16 - John Kasaoka, Mariveon Fanene.
- 17 - Bert Yoshio Tsukamoto.

HOSPITAL CLINIC SOCIAL EVENTSHUBENAK MENDES NUPTIALS

Miss Betty Hubenak was married to Mr. Richard Mendes at St. Roch's Church on Saturday morning, November 14.

Betty's mother arrived for the wedding. Frank Miranda gave the bride away. Attendants for the bride and groom were Mr. and Mrs. Sarmiento. Mrs. Sarmiento is the groom's sister Dorothy.

The young couple will leave by "Jet" for California on November 20.

Mae and Bernard Corpus opened their doors for a large group of friends who attended a Surprise Shower for Betty and Richard on October 18.

A Surprise Baby Shower was given for Mrs. Nora Fukuyama by Doris Ishimine on November 5. There were twelve guests to honor Mrs. Fukuyama.

"HAVE A MERRY CHRISTMAS" SAYS POSTMASTERDO YOUR CHRISTMAS MAILING EARLY

To make doubly sure of your parcels being delivered with no contents missing every mailer should enclose a slip with address and list of contents. The address may tear off or become illegible, and, sometimes, several packages may be broken through accidents, thereby causing contents to get mixed. The enclosed slip will enable the P.O. to reassemble, repack, readdress, and forward such damaged package with a minimum of delay.

Don't wait till the last minute, BUT- Surface parcels mailed not later than the dates shown below will normally reach their destination before Christmas.

Date	Vessel	Destination
Nov. 24	Pres. Wilson	The Orient
Nov. 27	Pres. Cleveland	Eastern States
Dec. 2	Lurline	South & S. Cal.
Dec. 2	Orcades	Fuji & New Zealand
Dec. 3	Kaimana	Midwest & West
Dec. 7	Pacific Transport	N. Calif.
Dec. 8	Hawaiian Builder	Los Angeles
Dec. 10	Lanakila	San Francisco
Dec. 14	Lurline	San Francisco
Dec. 15	Mariposa	San Francisco

PLEASE CHECK YOUR MAIL DAILY DURING THE HOLIDAY SEASON. WE NEED SPACE.

ALSO PLEASE CLOSE YOUR MAIL BOX.

VOLUME XV

DECEMBER 18, 1959

No. 320

TO THE EMPLOYEES OF KAHUKU PLANTATION COMPANY AND THEIR FAMILIES:

I know of no better way to wish you A MERRY CHRISTMAS than by repeating the first Christmas greetings ever sent:

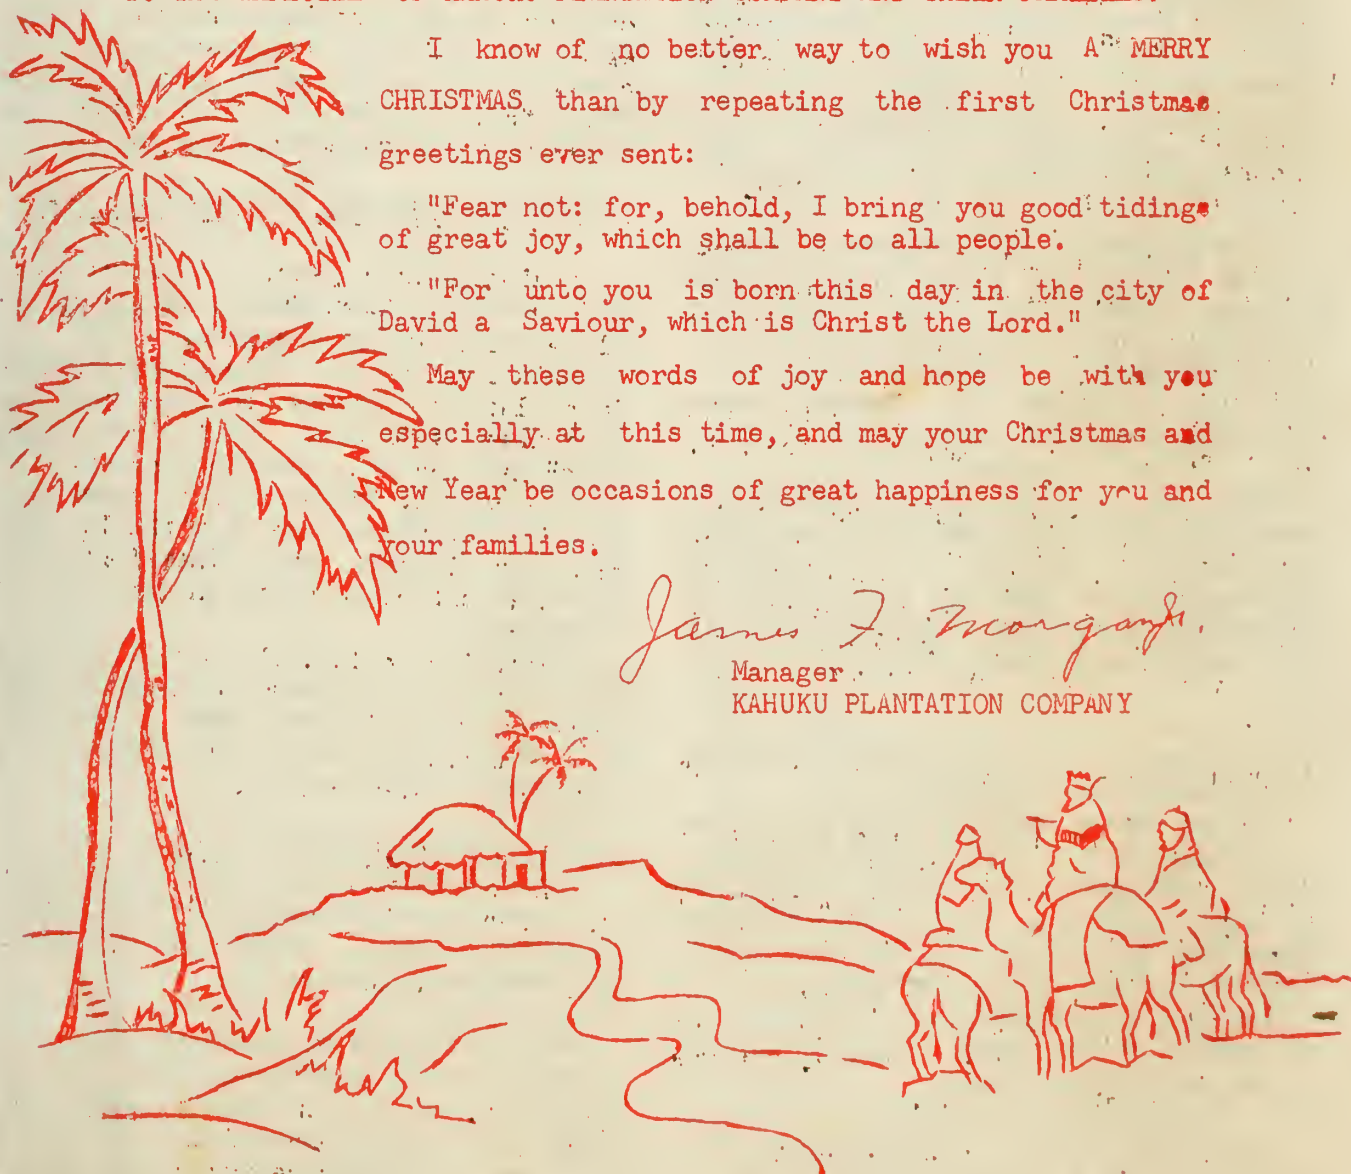

"Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people."

"For unto you is born this day in the city of David a Saviour, which is Christ the Lord."

May these words of joy and hope be with you especially at this time, and may your Christmas and New Year be occasions of great happiness for you and your families.

*James F. Morgan*

Manager  
KAHUKU PLANTATION COMPANY

KAHUKU PLANTATION DURING OFF SEASON

From now until the end of the year, things will be rather slow in the work department of Kahuku Plantation.

90% of the employees are on vacation, Some have taken off season jobs and some have gone off to foreign places to enjoy a change of scenery.

-----  
Mr. Morgan, our manager, was in Honolulu attending the HSPA Managers' meeting for a few days. Then he attended classes in Accounting sponsored by the American Managers' Association.

Mr. Clarence Christophersen was also in town attending classes sponsored by the same group. He was studying "Cost Reduction" classes.

-----  
A Chinese dinner at Wo Fat's was enjoyed by members of the Supervisors Club and their wives during the Thanksgiving weekend. This is an annual affair and always proves to be a happy occasion.

Dan Kahawaii, Ralph Makaiiau and other members and guests entertained themselves and others with lusty singing.

-----  
Jose Canianes, with 38 years of service at Kahuku, and George Versola, with 35 years, lead in years of service for this anniversary recognition period.

Addie Leong is listed as having been here for 17 years. She scarcely looks any older than that number of years now.

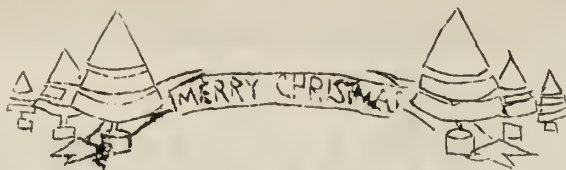

-----  
The need for more cane land has resulted in doing away with the area formerly planted in Lilikoi. Since Hawaii's sugar quota has gone up, the plantation thinks it will be more profitable to use all available acreage for cane production.

Christmas is a time of parties and as usual Kahuku is celebrating.

Kahuku School faculty enjoyed a Chinese dinner at the Blomfield's home last night. Because of the coming wedding of Mr. Silva and Miss Nogami, and because there are so many young members of the faculty, it was a very gay party.

The Morgans entertained a group of friends at dinner last Tuesday. It was a most enjoyable evening.

Yuki Irei sends "Greetings for the Holiday Season to Kahuku community".

LOST TIME SAVED BY QUICK THINKING

Our Safety Record nearly fell by the wayside Friday when Masanori Kaneyuki had Aqua Ammonia pour into his face while repairing one of the Aqua Ammonia trailers. Only the quick thinking and fast action of Masao Suzuki in guiding him to the faucet and squirting water into his face and eyes saved Kaneyuki from suffering serious or permanent injury.

A safety record such as the Plantation employees have been able to achieve is not satisfying in itself. The satisfaction comes from knowing that we have been able to do our work properly without any of us becoming permanently damaged or suffering prolonged agony. It comes from knowing that no one is missing from the Holiday festivities because of carelessness on the job.

SOCIAL SECURITY TAX INCREASE JAN. 1960

Beginning next year, 3% will be deducted from the first \$4,800 earned by employees for Social Security.

This increase in tax rate was written into law by Congress in mid-1958. The increased deduction means less "take home" pay for all Kahuku employees.

The company is required to match dollar for dollar the amount withheld from the individual's pay. Therefore, the total amount of this tax in 1960 goes up 6 per cent.

According to law, the Social Security tax rate will continue to increase every three years until 1969, when withholding and company contribution will total 9 per cent of the payroll.

MERRY CHRISTMAS FROM THE P.O.

The Postmaster announces that during the period of December 15 to 26, first class mail will be moved by air within the Hawaiian Islands.

The good folks at Tanaka's Store say, "Merry Christmas and Happy New Year to you all". Go out and see the lovely display of decorations and gifts that they have for our pleasure and convenience.

THE HOSPITAL STAFF, FRANK CLINIC, AND AUXILIARY ALL SAY "MERRY CHRISTMAS" TO ALL

### HEART TROUBLE

by J. Ronald Brown, M.D.

(Dr. Ivy told me months ago that he thought I should start a program of medical education for the plantation families, and any others interested. This is the first article. I shall try to have one each month. In January, we will start having a monthly movie on health, each to be followed by a discussion period.)

OUR BIGGEST single health problem today is heart disease, which causes more deaths than any other type of disease. Actually, we should say health diseases, for several different diseases affect the heart.

THE MOST important is the kind caused by high blood pressure. The cause of high blood pressure is not known, except for a few special cases. The latest evidence seems to show that the cause is eating too much salt for many years. If true, this explains why the Japanese, who are light, intelligent eaters, and live modestly and simply, have so much high blood pressure, because they eat so much shoyu, which has lots of salt.

The next kind is caused by arteriosclerosis, or "hardening of the arteries". Almost all elderly people have some of this. The cause seems to be eating too much "saturated fat" for years. This word "saturated" is a chemical term, referring to a kind of fat which occurs in solid fats and coconut oil. One of the worst things that can be done is for a factory to take an unsaturated oil, of the Wesson Oil type, and put hydrogen in it, to turn it into a solid, saturated fat, like shortening. If any arteriosclerosis is present, smoking cigarettes makes the heart disease worse and increases the number of deaths.

#### OTHER HEART DISEASES:

Congenital heart disease means the kind one is born with. Sometimes it does not start causing trouble until a person is fully grown, and sometimes never causes trouble. The only cure is surgery, and at the present time, only

a few of these can be cured by surgery. However, much research is being done with heart-lung machines (the first heart-lung operation in Hawaii was done last month), and I am sure that in a few years many more cases can be cured by an operation. For now, careful supervision by a doctor is important.

RHEUMATIC FEVER is the fourth important kind of heart disease. This kind occurs much oftener in cold climates. Not so many years ago, most doctors in Hawaii said rheumatic fever never happens here, so they never bothered to test for it. We now have several proven cases in Kahuku. Many cases of rheumatic fever could be prevented by proper treatment of bad sore throats. There is no "cure" for rheumatic fever, but cortisones control the symptoms, and, between attacks, penicillin can prevent the return of the disease. The damage done by past rheumatic fever attacks can be cured by surgery.

The other kinds of heart disease are very uncommon here.

THE BASIC RULES for prevention of heart disease, and for living with it when it occurs, are as follows:

1. Keep healthy, eat a good diet, and get plenty of rest.
2. Go to a doctor with any bad sore throat.
3. Get frequent health examinations. After 40, get a complete examination and a blood pressure check at least once a year.
4. Always avoid eating very much salt, shoyu or solid fat.
5. Avoid overeating and overweight. If overweight, reduce.
6. If heart disease has once caused trouble, most people should never eat any salt, soda, shoyu or solid fat.
7. If you know you have any serious disease, especially high blood pressure, go to your doctor as often as he says, and in between whenever you have any pilikia.
8. Don't smoke.

### CHRISTMAS PARTY KAHUKU SUPER MARKET STYLE

Lindy Ching invites kids aged 12 & under to meet Santa Claus at the rear parking lot of the store on Sunday, December 20 from 11:00 to 3:00.

Old Santa himself will come to Kahuku Super-Market's Christmas party, Sunday, and YOU are invited too.

"Wouldn't miss that party for sure," said Santa, when interviewed last week. "I do hope all the kids from Sunset to Kaaawa will be there, 'cause I've got something for them all."

Tell your moms and dads to bring you down to Kahuku Store after church on Sunday, will you? They can look around and buy their groceries while the party is going on. Maybe they'll find that doll or puzzle or chemistry set or ball or tractor you've been wishing they'd get you for Christmas.

This party is for all you "younguns" twelve years and younger. Manager Lindy said he'd have tickets to give you when you get there that can be traded for ice-cream, soda water or cookies. It sounds like a wonderful party, so don't miss it.

### HOSPITAL AUXILIARY SENDS GREETINGS

The Auxiliary again wants to thank the community for its wonderful support in the past year. To all of you who have given your time so generously, we hope in the next year to give something in return. Merry Christmas to you all.

### GUESTS AT DR. BROWN'S HOUSE

The children of Dr. and Mrs. Brown are very happy because their grandparents arrived last Sunday to spend Christmas with them.

Dr. Brown's mother was in the islands last Christmas and enjoyed it so much, she decided to come again.

Dr. Brown's parents will spend part of the time in Kahuku and part in Laie with their daughter, Mrs. Stoddard, who teaches Remedial Reading at our Kahuku School.

### KAHUKU SCHOOL SAYS "MERRY CHRISTMAS"

Happy children of Kahuku Elementary School joined their older brothers and sisters in presenting a delightful evening of Christmas "Story and Song", Wednesday evening.

Miss Holladay was the inspiration for the stories and songs of the younger group, and the high school band and chorus were under the direction of Mr. DeMello. The Elementary students portrayed a grandmother telling the children of Christmas. One especially beautiful song done by the chorus was "The Gloria" from the Twelfth Mass by Mozart.

The Christmas tree furnished by the Plantation was beautifully decorated by students of the high school. A Christmas treat was given to the small children by joint donations from the Kahuku Plantation and the Union.

This traditional school Christmas Greeting to our community is a delightful way of beginning the round of programs and parties of the Christmas tide.

Mrs. Yokomoto was the general chairman of the program.

### DAMASCO-REMITICADO WEDDING

Lillian, daughter of Mr. and Mrs. Valeriano Damasco was married to Mr. Rehino Remiticado on November 28, at Our Lady of Sorrows Church at Wahiawa.

For her Matron of Honor, Lillian chose her aunt, Mrs. Vicente Tobias, and Betty Jane Damasco and Sally Tabura were her bridesmaids.

The groom had Melvin Leong as his best man, and George Shimamura and Billy Rudas as ushers.

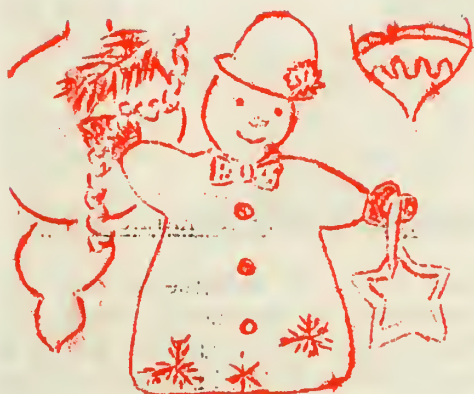

Ellie Damasco, sister of the bride came from California for the wedding. She arrived in time for Thanksgiving and left on December 3. She is working for Allied Collection Agency in Oakland.

### HOLROYDES MAKE SHORT VISIT IN KAHUKU

Mr. and Mrs. Holroyde were in Kahuku for a short visit on December 4. They met with a few friends at Leong's house. They seem to be very happy in their home on Kauai.

Alan and Paula will both be home for the Christmas holidays. Paula is attending Annie Wright Seminary in Tacoma this year.

# Merry Christmas

## FROM THE ELEMENTARY

### HERE IS XMAS

Christmas is here  
With laughter and cheer  
Christmas is a joyful day  
So make it a real holiday

Sandra  
4th Grade

### CHRISTMAS

Christmas is here  
We have to cheer;  
To greet Santa  
Who comes every year.

The weather is cold  
But we are glad  
Surely to know  
That we're not sad.

Kathleen  
4th Grade

### THE ORNAMENTS

Each ornament is meant to hide,  
A special message tucked inside  
So play a game of "Hide and Seek"  
Open one each day, all week.

Michael 4th Grade

### THE DAY IN DECEMBER

Christmas comes in December,  
When we are merry and gay,  
It's a time to remember  
This happy and wonderful day!

Arlene Takaki  
4th Grade

### CHRISTMAS

Santa Claus went into the house  
As quiet as he could go,  
He went softly to the Christmas Tree  
for what I didn't know.

He went back up the chimney  
As fast as fast can be  
I didn't even see him go  
'Cause he was too fast for me.

Christmas morning finally came  
I was so excited, I got up at three  
I was up before my parents,  
'Cause I remembered the Christmas Tree

I had open all my presents  
Before up came the sun;  
No one was even watching,  
So, boy, did I have fun.

Christopher Urmeneta  
5th Grade-Room 10

### CHRISTMAS TIME

Little fairy snowflakes  
Dancing in the flue;  
Oh! Mr. Santa Claus,  
What is keeping you?

Twilight and firelight  
Shadows come and go  
Merry chimes of sleighbells  
Twinkling through the snow.

Mother's knitting stockings,  
Pussy's got the ball.  
Don't you think that Christmas  
Is pleasantest of all?

ALOHA EXPRESSED FOR OUR HOSPITAL

Dear Friends: I want to tell you that I enjoyed my short stay at our hospital at Kahuku last week.

Your handling my case was just splendid and the cooperation from your nursing staff was certainly good.

I am hoping that many of our local people will take advantage of our local facilities and efficient services instead of going elsewhere for medical aid and assistance.

Sincerely yours,  
(s) William I. Kananui

This letter was received and appreciated by the hospital staff, who asked me to print a portion of it.

Two patients stopped the editor as she passed through the hospital corridor hunting news for the Kahukuan. They told me to tell everyone that Kahuku Hospital and nurses "are the greatest".

One of these patients was a Kahuku resident and one was from a neighboring community, but both agreed that they were well cared for and felt we were all lucky to have such a good hospital.

Mr. George Young had expected to tell you Merry Christmas in his own words by way of the Kahukuan. However he is not feeling very well, so I am conveying his Good Wishes for a Merry Christmas to you.

Mr. and Mrs. James Ednie are living in the little pre-fab house across from the Postoffice for the next three months. He is an H.S.P.A. Trainee. They are a very nice young couple and you all will enjoy knowing them. Drop in and say "Hello" sometime.

Jane Matsuda, daughter of Mr. and Mrs. Shinichi Matsuda, is at home and will spend a year with her parents before returning to the coast, perhaps to Denver, to teach school.

David Wakumoto is spending Christmas in Kahuku with his family, after an absence of five years.

Patsy Makai'au Au and Harry Au have come home for Christmas. They were just married in October, so this visit was a surprise to both families.

We would like to extend a special season's greeting to two very happy faculty members, Mr. Harold Silva and Miss Betty Nogami, who will become Mr. and Mrs. Harold Silva today.

Mr. Silva has been with us for four years as our football coach and has been teaching Social Studies for three years and science for one year. This is Miss Nogami's first year here. She is the Girls' Physical Education teacher.

The best man for the ceremony will be Mr. Howard Okamoto and the Maid of Honor will be Miss Nakamura.

Congratulations to the new  
Mr. and Mrs. Silva!

4-H CLUB NEWS---WINDY VILLAGERS

A group of younger boys has recently joined the Windy Villagers' 4-H Club. Their projects are Fishing, Gardening, and Poultry.

The officers of this group are:

President .... Garret Owan  
Vice-Pres. ... Roderic Irei  
Secretary .... Henry Fujimoto  
Treasurer .... John Kasaoka  
Junior Leaders: Calvin and Wilfred Tsukamoto, Alvin and Fredric Togo, and Richard Wakumoto.

Bunichi Tsukamoto is Club Leader but while he is on vacation, Jiro Wakumoto is in charge. Keichi Mihata is County Agent and works with this group.

ALIEN ADDRESS REPORT

The Immigration and Nationality Act of 1952, requires each alien who is in the United States on January 1, 1960, to report his current address to the Commissioner of Immigration and Naturalization within the period January 1 through January 31, 1960.

The Kahuku Post Office will participate in this program to the extent of distributing the address report card, Form 1-53, to the aliens, collecting the cards from the aliens, and forwarding the completed cards to designated offices of the Immigration and Naturalization Service.

### KAHUKU METHODIST CHURCH NEWS

The annual Christmas program will be presented on Sunday evening, December 20 at 6:30 p.m. The program will feature a Christmas play given by members of the Intermediate-Senior class.

Following the play there will be a Nativity Scene presented by the children of the church, and music by the choir.

After this part of the program, every one will gather in the social hall and treats will be given to the children and youths of the church. The program is under the direction of Mrs. Donald Young. All members of the community are invited.

-----

Young couples and young adults who are single are invited to go caroling on Monday, December 21 at 7:00 p.m. Carols will be sung in Kahuku and the surrounding communities. For parents of small children, baby sitter service will be provided at the church.

After carolers return to the church, refreshments will be served and there will be games. No age limit is set for those who would attend and take part.

-----

The MYF of Kahuku will go Caroling on Wednesday, December 23 at 7:00 p.m. All young people of the community are invited to take part in this joyous observance of Christmas. Refreshments and recreation at the church will follow.

-----

A service of Carols and Candles will be held at the church on December 24, at 7:00 p.m. This service will consist of Christmas hymns, prayer, and readings from the Holy Bible. The service is for all people who would like to attend.

-----

Christmas music will be broadcast by the Methodist Church. The local labor union is lending their loud speaker system for this purpose. The music will consist of carols and other Christmas music.

### NEWS FROM ST. ROCH'S CHURCH

The annual Christmas program will be held at the parish hall on Sunday, December 20, at 7:00 p.m.

The Girl Scouts under the direction of Mrs. Agustin will give a play entitled "Shepherds in Bethlehem".

#### REPORT ON ST. ROCH'S PLEDGE DRIVE:

For the month of October ...	\$ 387.50
For the month of November ..	\$ 502.00
Total in Bank since July ...	\$2,505.00

-----

At the monthly Breakfast-Meeting of the Confraternity of Christian Mothers, held at the parish hall, the new officers elected for 1960 are as follows:

President .....	Rufina Tormis
Vice-President ....	Sally Tejada
Secretary .....	Lourdes Camit
Treasurer .....	Julia Pascual

### NEWS OF THE NAGAI FAMILY

Father Alan Nagai, S.S.C.C. will officiate at the marriage of Mrs. Nagai's grandniece on Dec. 27, at the Star of the Sea Church in Honolulu. Christine Nagai will be one of the bride's attendants.

-----

Sister Regina Michael, O.S.F., the former Midori Nagai, is teaching school in Riverside, New Jersey.

The Nagai's daughter, Dolores, is in Texas with two sons and her husband who is now an instructor in Missile School.

-----

Anthony Nagai; his wife and two small daughters live in Honolulu.

### LIGSAY DAUGHTER MARRIED

Mr. and Mrs. Domingo Ligsay announce the marriage of their daughter, Jane, to Mr. Clement Dababos on November 7, at Saint John's Church in Honolulu.

Jane and her husband were in Kahuku last weekend.

# SPORTS SHORTS

## WINDWARD GOLF CLUB NEWS

The Windward Golf Club held its Turkey tournament on Sunday, Nov. 22, at the Kahuku Golf Course with the following players receiving turkeys:

Solomon Adams	74	11	63
Dor Collado	88	22	66
Kam Lum	82	16	66
James Hayashi	73	7	66
Wallace Okada	83	16	67

The finals of the club championship matches was held on Saturday, Nov. 28 with Renin Werner defeating Kam Lum 4 and 2. In the Consolation flight, Ray Woolley defeated James Hayashi with 1 up.

The Windward Golf Club held its annual banquet on Saturday evening, Dec. 5, at Yamada's Tea Garden, with the installation of the Club officers for 1960.

Guest speaker for the night was Mrs. Violet Goo, president of the Hawaii Public Links Golf Association.

These are the officers chosen for 1960:

President	Godfrey Ahana
Vice-President	Andy Ikehara
Secretary	Solomon Adams
Treasurer	George Hatico
Auditor	George Kihei
Delegato	Harry Shigemitsu
Advisor	Ernie Werner

The Windward Golf Club held its Turkey tournament on Sunday at the Kahuku Golf Course with winners as follows:

Felix Llanos	72-7	65	14-lb.	Turkey
George Hatico	75-7	68	12-lb.	Turkey
Gerald Tubal	73-4	69	10-lb.	Turkey
Shorty Llanos	79-10	69	10-lb.	Turkey
Dor Collado	90-21	69	10-lb.	Turkey

## NEW JUDO CLASSES AT CHURCH COLLEGE

Forty-two new members, college students and children of the college staff, have begun Judo classes under Harold Palimoc at Laie Church College.

## KAHUKU SHOWS PROMISE ON BASKETBALL TOUR

by Ted Compoc

The fighting Raiders showed a lot of hustle against Kohala, Konawaena, and Molokai, when they invaded their islands last week. Although they won only one out of the three games, the team's playing proved to many spectators that this year's team, although green, cannot be taken lightly. They lost to Kohala by one point in a very hard fought game, the final score of that game read Kohala 40 - Kahuku 39.

The following night, Kahuku out-hustled a much taller Konawaena team, and emerged on top after an overtime period 45-44.

Molokai, a big and experienced team, trounced the Raiders on the last game of the tour. The score read 47-27. Although Kahuku was on the far end of the score, the game did not break the Raiders' excellent morale and spirit.

Keawe Rillamas, Kahuku ace, who was mentioned on last year's all-state team, will lead the team this season. His high-scoring efforts in the games proves he is an excellent shooter and rebounder.

Sidekick, Ray Kalili, proved his versatility is not only on the gridiron but also on the basketball court. He also was a high scorer.

## Basketball Schedule

Dec. 18	Kahuku vs Kaimuki	at Kahuku
Dec. 22	Kahuku vs Business Stars - Town	
Dec. 26-31	Punahou Invitational Tourney	
Jan. 5	Kahuku vs Alums	at Kahuku
Jan. 8	Kahuku vs St. Ann	at Kahuku
Jan. 18	Kahuku vs Castle	at Kahuku
Jan. 19	Kahuku vs Waipahu	at Waipahu

## KAHUKU-JAPANESE ATHLETIC CLUB

by Thomas Niimi

The K.J.A.C. baseball team began its 1960 season on the right foot on Dec. 6, by beating Wahiawa 6-5. This game was won in the 10th inning when Alvin Togo scored on a bad throw by the opposing team.

On Dec. 13, Kahuku played its second game. Unfortunately the Haleiwa Meishos beat them 14-13. Kahuku did play a good game though. In the 5th inning our team was behind 6 points but finally narrowed it down to 1 point.

Next week Kahuku plays Waiialua at Waiialua.

MORE HAPPY BIRTHDAYS

On November 23, Mr. and Mrs. Faualuga Siufanua of Sunset Beach became the parents of a little boy they call Junior.

Another little Junior arrived on the 24th of November for Mr. and Mrs. Torise Ma'ae of Hauula.

A little daughter named Carolyn was born to Mr. and Mrs. Robert Owan. Bob is the owner of the little grocery store in Kahuku Main Camp. The Owan family expect to have a happy Christmas and they said to wish everyone in the community the Heartiest of Good Wishes.

The James Kirks of Punaluu had a son born to them on December 4th. He has been named James.

Another Punaluu couple to become parents is Mr. and Mrs. Daniel Forde. The baby is a girl and has been named Leimomi. She was born on December 9.

This next baby was not born in Kahuku Hospital, but lives in Sacramento, Calif. Her mother and father are Mary Ann and Pedro Navejar. The child is a boy and the proud grandfather, Marcellino Pacheco says they have named him Michael Anthony. He was born on October 10 and weighed 5 lbs. 7 oz.

One more child must be added to this edition of Kahukuan. He is the son of Daral and Violet Conklin, and his paternal grandparents are Eda and Dean Conklin. Poor little dear, though his relatives all love him very much and he was born on December 2, he has not been named yet. If he could answer it would have to be to the pet name of "Henry".

CHRISTMAS PARTY AT MURAKOSHIS

The annual Christmas party to be given by the nurses of Fronk Clinic and Kahuku Hospital will be on December 19, at the home of Mr. and Mrs. Donald Murakoshi.

This party is always a gala affair and it is being looked forward to again this year. Christmas decorations, delicious food and singing by the entire group has proved most enjoyable each year.

HAPPY BIRTHDAY

DECEMBER 19 THROUGH JANUARY 15

- 23 - Walter Raboy, Carol Watanabe.
- 27 - Mark Suzuki, Patty Ponciano.
- 28 - Hedy Jean Valdez, Frances Balanay.
- 29 - Clarita Pascual.
- 30 - Sabina Lopez.
- 31 - Winifred Lucero.
- 1 - Gerardo Faustino, Alejandro Cabaal, Gary Kasaoka.
- 3 - Edward Cañomay, Darrel Santiago.
- 5 - Caroline Taniã, Anthony Caneda, Norma Linda Camit.
- 6 - Edward Macanas, Richard Llanes.
- 7 - Geraldine Kahawaii.
- 9 - Katherine Toyota, Galan Fujimoto.
- 11 - Richard Silva Barros.
- 13 - Leroy Maghanoy, Helen Sanjume.
- 14 - Gail Takamura, Delia Camit.

PAT IS GONE - DOREEN IS HERE

Pat Campbell left for her home in Canada on Saturday night, December 12. The Clinic and Hospital staff members went to town for one last party with her on Saturday afternoon.

A dinner party was given in her honor last Thursday night at Dolan's Steak House in Waikiki.

Pat's place in the Clinic laboratory has been filled by Miss Doreen Townsend of Calgary, Alberta, Canada. We hope Miss Townsend will enjoy her stay in our community.

Jose Torino	Boiling Hse.	L.G. Centrifugal Operator	26	15

A CHRISTMAS GREETING  
from the Editor's House

Sometimes we get so busy  
In the rush of Christmas things,  
We forget to stop and listen  
As the angel choir sings.

But the story of the Saviour  
And the manger where he lay,  
Is the reason for all happiness  
That comes with Christmas day.

So let's think about the Christ Child;  
How He came to dwell with men;  
How He did kind things for others  
Over and over again.

We should try to be more like Him;  
Take time for a kind deed or two.  
I'm sure it would bring great happiness.  
Let's try it: I will, will you?
